Already people are arriving in Eugene to get settled before the University and public schools open next month. Such a famine of good tenable houses has never before been known in the history of Eugene, a fact which alone speaks well for local progressiveness.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F J Cheney & Co, Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

GRILL ROOM AND CAFE.

Mr. Geo. H. Smith, Caterer, Will Open Short Order Restaurant Friday Night.

Since taking charge of The Banquet confectionery and oyster parlors, Mr Geo H Smith has created for that always popular place, an enviable name and ever-increasing patronage, showing that the people of Eugene are not slow to appreciate up to-date methods.

A visit to the place this morning by a GUARD reporter found Mr Smith and assistants busy with alterations of boxes and grill room. Eugene has long needed a thoroughly first-class short order restaurant and cafe, and this Mr Smith will provide. The opening will be Friday night, August 24.

"I have secured a first-class cook," said Mr Smith, "and will serve tender steaks, cold meats, ham and eggs, oysters, clams, crawfish, lobsters, all kinds of salads and relishes, and will provide service equal to that of the best cafes of Portland or San Francisco. Nothing will be lacking for the edification and comfort of my patrons, and from the encouragement already given me I anticipate success commensurate with the undertaking."

The opening of the cafe Friday night will be a brilliant affair, and Mr Smith extends an invitation to all.

Other Sufferers.

The crop failure in the lower Umpqua valley is so pronounced this year that grain will have to be imported, says A E Ozoul, of Scottsburg, in the Roseburg Review. The principal farmers above Scottsburg altogether have not more than 3000 bushels of wheat, and what they have is unfit for market.

On Smith river, near the coast, the cutworms ate up the pastures and this will handicap the hitherto profitable creamery business in Gardiner. However, most of the farmers are well fixed, and will be able to stand the loss of a year's crop. Fishing and lumbering will continue to give employment and circulate money.

Wnere Pearl Comes From.

The pearl fisheries of the Red Sea extend the whole length of that water. About three hundred boats are employed by the Arab tribes, manned by crews of from five to twelve men, each provided with a number of small canoes. There are two fishing seasons of the year, and this treasure is said to be oftimes as elusive as a far more precious treasure—Health for which so many search uselessly. The sures guide to health is Hostetter's Stomach Bitters, an invaluable remedy for stomach disorders, recommended by the best physicians for the past fifty years. It should be taken for constipation, indigestion, dyspepsia, liver trouble, kidney weakness or any disorders resulting from impure blood or an overworked stomach.

A LARGE ATTENDANCE.—Thomas W Hammond, of Ashland, formerly a student of the University of Oregon, and recently appointed a cadet at West Point, writes that fifteen students will attend the U of O from Ashland this year. Another student from Umatilla county writes that 30 students will attend from that county, leaving Pendleton in a body. Correspondence indicates that the attendance at this institution will be greater than ever before. The number will tax our people to provide for them suitably.

FOR SALE CHEAP.—A good second hand Smith-Premier typewriter in good condition.

HELD FOR CIRCUIT COURT.

Walter J. Shelley Bound Over in the Sum of $250.

Justice C A Wintermeier this afternoon concluded his review of evidence and finding of fact in the preliminary examination of Walter J Shelley, held yesterday, and bound the young man over to appear before the next session of the circuit court in the sum of $250, which was furnished by J M Shelley, his father, and H A Vincent.

The case is well remembered. Two weeks ago while Shelley, then night clerk of the Hotel Eugene, was going to the depot at 3 o'clock in the morning to find out the time of trains, he claimed to have been held up opposite the Minnesota House and robbed of $90, one $20 bill and seven $10 bills, which had been entrusted to him by a patron of the house. He at once notified the officers, and Policeman Croner went with him back along the line finding a torn envelope a block off the street containing two $10 bills. Shelley has advanced the theory that the man who gave him the money, and others put up the job to relieve him and then collect the amount from the hotel, at all times maintaining his own innocence. Hollenbeck Bros refused to pay the amount over to the patron as they had given absolute instructions to Shelley to receive no money from patrons for safe keeping.

Suspicion, all of a circumstantial nature, pointed to Shelley, as being the man guilty, and he has been carefully watched since, and was placed under arrest yesterday, charged with larceny by bailee. All his purchases and expenditures have been closely watched, and the kinds of money passed out inquired into, and upon circumstantial evidence he was detained.

Shelley was with the Second Oregon in the Philippines, but was sent home disabled, having become blind from the effects of measles. Major Ellis operated on him, and since, he has virtually gained full control of his optics. The young man is well connected and considerable interest has been taken in the case.
