Roseburg Review: Clarence Gazley,  
the prune buyer, is in Eugene today,  
having just returned from a trip  
through the prune belt of California.  
He reports large crops in that state, but  
small in size, and is of the opinion that  
the large sizes grown in this section  
will be in good demand.

A negro in Salem was given the wide  
alternative of paying a fine of \$40,  
serving in the jail twenty days or  
leaving the town at once. He left.  
The idea is very good. It is as neces-  
sary to get bad citizens out as it is to  
get a rotten apple out of a barrel of  
apples.

for aid will be made to the legislature.

ers are generally at work now on

well had a fine field of 130 acres of

bushels or about 3½ bushels to the acre.

## DR. DARRIN AT WORK.

The Celebrated Specialist from  
Portland at the Hoffman  
House Annex, Eugene—  
Room 37, August 20  
to October 1.

[Note—Go up side stairway on Wil-  
lamette street.]

Dr Darrin, the celebrated specialist,  
has arrived in this place and has offices  
at the Hoffman House annex where  
the doctor will administer treatment  
to the afflicted. Dr Darrin needs no  
recommendation, for the wonderful  
cures effected by him throughout the  
state during his many years of practice  
in Portland speak for themselves and  
are living testimonials of his superior  
skill and success in the cure and treat-  
ment of the most stubborn and aggra-  
vated cases, and chronic diseases. We  
have known the doctor personally for  
years in Portland, and have come face  
to face with many of his patients after  
being successfully treated by him. In  
our business relations we have always  
found him to be strictly reliable and a  
gentleman of prompt and practical  
business methods. His treatment by  
electricity and medicine has become so  
popular with the afflicted that his pa-  
tients do not seek in vain for relief  
from the ills that flesh is heir to, which  
is positive proof of the superiority of  
his electrical treatment over all other  
methods of cure.

## TRAIN MEN HARD WORKED.

The Brownsville Times Thinks a  
Passenger Train a Necessity.

It is rumored that when the Mo-  
hawk branch is completed the South-  
ern Pacific will put on a regular pas-  
senger and a freight train. This is  
exactly what the people of this section  
of the valley want, and the Southern  
Pacific can do nothing more pleasing.  
Tracklaying is now completed on the  
Mojave line to Isabelle, and it will  
not take the force of 40 men long to  
lay the remaining four miles of track  
between that place and Wendling. It  
is expected that trains will be running  
into Wendling by the second week in  
September, and soon after that the  
change in trains will take place. A  
regular daily passenger train is very  
much needed as the present train crew  
are worked too hard, the train seldom  
being on time owing to the large  
amount of traffic which will be great-  
ly increased by lumber shipments  
from the big mills at Wendling.

## Where Pearl Comes From.

The pearl fisheries of the Red Sea  
extend the whole length of that water.  
About three hundred boats are em-  
ployed by the Arab tribes, manned by  
crews of from five to twelve men, each  
provided with a number of small  
cannoes. There are two fishing seasons  
of the year, and this treasure is said to  
be oftentimes as elusive as a far more  
precious treasure—Health for which so  
many search uselessly. The sure  
guide to health is Hostetter's Stomach  
Bitters, an invaluable remedy for  
stomach disorders, recommended by  
the best physicians for the past  
fifty years. It should be taken for  
constipation, indigestion, dyspepsia,  
liver trouble, kidney weakness or any  
disorders resulting from impure blood  
or an overworked stomach.

SMITHSON MONEY HERE.—The money  
to pay off the judgment of Jennie  
Smithson vs the Southern Pacific Com-  
pany, was received by the attorneys  
for the plaintiff, H W Thompson and  
A C Woodcock, this afternoon by  
Wells Fargo & Co's express, and the  
same has been cancelled on the records  
of the court house. The total amount  
received was \$12,224.30. Of this \$10,  
000 was the original verdict of the jury  
and the \$2,224.30 was interest and  
costs. Thus ends one of the leading  
damage cases ever tried in the Lane  
county circuit court.

SHIPMENT COMPLETED.—F N Segar  
has shipped four cars of green Italian  
prunes to the East, and last evening  
shut down work. He had demand for  
more at the price paid, \$15 per ton, but  
could not procure the fruit.

RUNAWAY.—A team belonging to  
Mark Wilt, of Fall Creek, became  
frightened this afternoon, near Seventh  
and High streets and ran away. Mr  
Wilt was thrown from his wagon and  
bruised up somewhat.

## ORDER OF ELKS.

A Brief Newspaper Article On  
This Order.

The Order of Elks under whose  
auspices the Portland street fair will  
be conducted, is an order whose aims  
and objects are but little known to  
outsiders. The Sunday Oregonian of  
August 5th, contains some information  
as to the order. In the following:

'Elks are devoted to charity, justice,  
brotherly love and fidelity.' These  
they not only profess but practice.  
There is the charity of both heart and  
hand—the kind that lets not the left  
hand know the doings of the right—  
the 'charity' that vaulteth not itself  
and is not puffed up. The Elks idea of  
'justice' is that which freely admits  
his own shortcomings and acknowl-  
edges the merits of others. His  
'brotherly love' teaches good fellow-  
ship. It is of the practical, mainly  
sort that lives up to these sentiments.

The first lodge was instituted in New  
York City, February 10, 1898, and  
started out with a membership of 15.  
The organization is exclusively  
American. In 1874 a lodge was found-  
ed at San Francisco, California, with a  
membership of about 200. The present  
number of lodges is over 900 and the  
total membership exceeds 100,000. But  
one lodge can be instituted in any city,  
and the bona fide population of the  
city must be 500.

The street fair at Portland under the  
management of the Elks, promises to  
be a grand success, as was other public  
entertainments in that city, in which  
the Elks took a prominent part—one  
of which the "Society Circus," several  
years ago. There are many new and  
attractive features to be introduced at  
the carnival to be held in Portland, be-  
ginning September 4th and continuing  
until the 15th.
