many will probably like to see this
fiber, which will be at the GUARD
office for a few days.

Substitute for Coal.

London is trying to produce a sub-
stitute for household coal. Common
peat, chemically prepared, is the pro-
posed "new coal." Whether it will
replace the faithful old fuel remains to
be seen. Time will weigh it in the
balance and if found wanting, relegate
it to the graveyard of failure, where so
many imitations of Hostetter's Stomach
Bitters, the greatest dyspepsia cure,
may be found. This has been the
only genuine cure for half a century.
Every sufferer should try it for consti-
pation, indigestion, dyspepsia, liver or
kidney troubles, if he would be cured.
Be sure to get the genuine with our
private revenue stamp over the neck
of the bottle. There is nothing so
good for fever, malaria and ague, or to
counteract rheumatism.

SOCIAL.

CHAFING DISH PARTY.

Friday evening Miss Grace Plummer
invited a number of her U O friends to
meet with her in her pleasant rooms at
the home of Mrs Adams on F arteenth
and Alder streets. Although the girls
were in haste to bring their sewing,
few stitches were taken, for the en-
tertainment furnished by the charm-
ing hostess allowed little time for work.

A delicious chafing dish luncheon
was daintily served by Miss Plummer.
At a late hour the guests departed,
declaring that never before had they
had so delightful a time. Those pre-
sent were: Misses Lulu Holmes, Lizzie
Hackney, Edith, Susie and Margaret
Bannard, Marie Bradley, Winnie
Miller and Grace Wold.

FOOTBALL.

The Week With Kaarsberg and
His Men.

The week of football at the U O has
been one of constant work. Coach
Kaarsberg is becoming familiar with
the material of the school, and will
soon have the candidates virtually
classified.

That there will be a hot contest for
a number of positions makes the work
all the more enthusiastic. Among
those developing into something like
variety form are four candidates for
quarter-back, two for full-back, and at
least four for half-back. Of the line
aspirants are four hard workers for
guards, the same number for tackles
and as many for ends. Wagner is
secure for center.

The injury to Edwards' knee the
fore part of the week makes it not im-
probable that a new man will be seen
at quarter. It is to be hoped not. His
ready work was one of the features of
last year's strong team. And besides
it takes time to train a quarter.

The game with Multnomah Novem-
ber 3 at Portland will open the season,
and from advance reports from the
metropolis this club will put up a team
this year better, stronger and speedier
than any which has before represented
the club. The club and 'variety have
long had the best teams in the state,
and their contents are by common con-
sent those for state supremacy.

Laurean Society.

The first regular meeting of the
Laurean Literary Society of the Uni-
versity was held last evening in the
hall in Professor Schmidt's recitation
room. After the regular routine busi-
ness, their being no program for the
evening, the society spent the time
very profitably listening to extem-
poraneous addresses given by several of
the members.

Mr Campbell related in an interest-
ing manner some experiences of his
surveying party during the summer.
Mr Jakway spoke at length on the
issues of the pending campaign.
Other speakers were Billy and Mc-
Arthur.

The library of the corporation of the
Laurean and Euxasian has been
moved to the dormitory and added to

Royal
BAKING POWDER

-Absolutely Pure-

For the third of a century the
standard for strength and purity. It
makes the hot bread, hot biscuit,
cake and other pastry light, sweet
and excellent in every quality.

No other baking powder is
"just as good as Royal," either in
strength, purity or wholesomeness.

Many low priced, imitation baking powders are
upon the market. These are made with alum,
and care should be taken to avoid them, as alum
is a poison, never to be taken in the food.

The Humphrey Memorial
M. E. Church Organ at Eugene,
Sold by F. A. Rankin.

F. A. Rankin, of this city, representative
of the Kimball Company, Chicago, the
Elliott Piano House, Portland, distributing
agents, has received the following commen-
datory letter from the music committee of the
Humphrey Memorial M. E. church, in which
he recently placed one of the famous Kimball
Tubular Pneumatic Pipe Organs.

"The committee were unanimous in its
expression of satisfaction with the instrument,
being particularly pleased with the voicing,
the exquisite purity of tone, and the power
and numerous combinations possible for an
organ of its size. The artistic exterior of the
organ also came in for its share of praise. On-
gratulating you for being able to furnish us
with such a beautiful and complete organ, and
ensuring you that if the committee were think-
ing of buying a larger one, it would always be
a Kimball Tubular."

IRVING M. GLEN,

Ladies Musical Club.

The Ladies' Musical Club announces
a pianoforte recital to be given under
its auspices by Mr. W Gifford Nash,
assisted by Miss Marguerite Hansen,
contralto. This recital will be held in
Frank's Hall, on Monday evening,
October 15th.

The program has been arranged to
illustrate the evolution of piano litera-
ture from the classical period in the
early Eighteenth century, the ro-
mantic reaction in Schubert, Schu-
mann and Chopin, up to and including
the compositions of living pianoforte
workers.

Care has been taken to make the
numbers interesting and popular as
well as representative, and the occa-
sion will be a systematic and artistic
exposition of the work of great com-
posers.

This is the first appearance of Miss
Hansen in concert for the year and she
will be heard to advantage in two fine
groups of songs.

Tickets 25 cents. For sale by the
club members and at Swartzchild's.
