TRUSTS RAISE PRICES.

The tin plate trust raised the price on tin from \$3 a box on January 6, 1899, to \$3.25 on December 30, 1899.

The cement trust raised the price of Rosendale from 75 cents on January 6, to 95 cents on December 29. They raised the price during the same period on Portland cement from \$1.95 to \$2.25.

The nail trust increased the price of nails from \$1.10 on January 4, 1899, to \$2.59 on January 3, 1900. The same trust increased the price of wire nails from \$1.35 to \$3.20 during the same period.

The coal trust increased the price of anthracite coal from \$3.75 on January 4, 1899, to \$4.20 on January 3, 1900.

The glass trust increased the price of glass from \$2.57 on January 4, 1899, to \$2.89 on January 3, 1900.

The rubber trust increased the price of rubber from 94 cents on January 4, 1899, to \$1.45 on January 3, 1900.

The price of boots and shoes, controlled by the leather trusts, show an increase during the year 1899 on men's grain shoes from 97 cents to \$1.12; on Cremona splits from 95 cents to \$1.10, and a like increase on all grades of boots and shoes.

The prices of cotton goods increased 50 per cent. White sheeting on January 11, sold at \$15.90, and on December 20 at \$23.

All lines of building material, iron, steel, woolen goods, cotton goods, leather, and other lines controlled by industrial trusts, although showing a great increase in price during the years 1897 and 1898, showed even a greater increase during the year 1899.

The only prices to fall were those of farm products. The year book of the department of Agriculture for 1899, which has already been issued, shows that the farm products and the farm animals in 1899, although vastly increased in quantity since 1890, had fallen off in value to the extent of \$706,989,971. This only counts as farm products corn, wheat, oats, barley, rye, buckwheat, potatoes, hay and cotton. If the farm products of 1899 had brought the same prices as did the same products in 1890, they would have brought more than they did by the sum of \$2,609,487,584.

The Oregonian may not be aware of the fact, but it wastes a very large amount of what ought to be valuable space on C. E. Wood and Zera Snow, so-called National

cal magnifying glass of wonderful proportions to find any such party. They cast but 977 votes in Oregon in the presidential election of 1896, many of those no doubt by mistake of electors through confusion of party names. No votes were wasted on the McKinley campaign adjunct by electors of any intelligence. Such voted for McKinley or Bryan.

In 1846 a small band of white settlers in Marion county held a convention at Champoe, French Prairie, to vote as to whether the young settlement should give adherence to England or the United States. Two of the survivors of that first public meeting in the history of the state survive, Hon F. X. Matthieu and Joseph La Bronte, both residents of Butteville, Marion county. Mrs. Matthieu is also a survivor. Fifty-four years is comparatively a short time, as time goes, but a long time in the first history of a state.

John P. Irish, who has been allowed to hold a fat office under the McKinley administration for the services rendered as a "gold standard Democrat" to the Republicans in 1896, has taken the stump in favor of McKinley. He still has the cheek to pose as a gold Democrat.

Three times events that not many years ago would have been considered wonderful pass with little, if any notice. As an instance forty thousand tons of rock were loosened by a twelve and one-half ton blast of powder down on the Columbia river the other day.

Walking to Work

Is the only way in which the business woman, employed in store or office, can get open air exercise.

It is any wonder that she often grows pale and thin and develops a tendency to "weak lungs." Whenever there is pain in breathing, soreness of the chest, obstinate cough, bleeding from the lungs or any other symptoms of disease of the respiratory organs, begin the use of Doctor Pierce's Golden Medical Discovery and continue the use until cured. Ninety-eight in every hundred who have used "Golden Medical Discovery" for "lung trouble," have been perfectly and permanently cured.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Fall River, Massachusetts, "and our family doctor advised me to use 'Golden Medical Discovery.' I thought I must die, but I felt so much better after a few days' use of it. I had pains in my chest and right lung, to bed dyspnea. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, now I can do a small washing. I feel like a new person."

Dr. Pierce's Pellets cure heart-burn.

A Thousand Tongues

Could not express the rapture of Annie E. Springer of 1126 Howard street, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the universe." So will everyone who tries Dr. King's New Discovery for any trouble of the throat, chest or lungs. Price 50c and \$1.00. Trial bottle free at W. L. DeLano's drug store; every bottle guaranteed.

Notice.

The firm heretofore known as B. D. Paine & Co., consisting of B. D. Paine and D. A. Paine, has this day been dissolved by mutual consent. D. A. Paine retiring. The business will be continued under the firm name of B. D. Paine & Co., with Geo. W. Handaker as junior member. Thanking the public for the very liberal patronage bestowed in the past, the new firm will endeavor by fair dealing, reasonable prices and the very best goods in their line to merit a continuance of the same.

GUNS THAT KILL.

A Eugene Firm Has Received a Lot from Belgium.

We have just received direct from Belgium a big stock of double-barreled shotguns. These guns were ordered last February. We bought them direct. Knocked all the middle men out. We will sell them cheap. Come and see them; see if they are not the greatest bargains you ever saw, or ever heard of. In fact it is amazing how we can sell these fine guns so cheap. One man killed 65 dicker squirrels out of 73 shots with one of these guns, another killed a pheasant at 75 yards with number 8 shot. Another killed a big black bear with number 4 shot. We hear good reports from all over the country about our guns. You may just as well as not have one.

Look at these prices and consider that they are double-barreled breech loading guns, the far-killing kind: \$10.50, \$12.50, \$13.50, \$14.50, \$16.00 and \$17.00 and on up. Single barrel guns \$6.75, \$7.50 and \$9.00. We have also just received from eastern manufacturers a fine stock of Marlin and Winchester rifles and shotguns.

All our rifles are sighted correct. One man shot at a deer three times in two seconds, three quarters of a mile, and hit it each time. You get good guns of us and you get them cheap. Biggest stock in the Northwest.

RUNNING UP A BIG BILL.

"A doctor" from wouldn't be easy, when you are at sea with colds at this season of the year, if you would buy a bottle of our pure and noble medicine, Crys Noble Whiskey in your house and then take it in the form of toddy, or as your taste dictates, at bedtime or any other out time. There is nothing like it for colds, La Grippe or similar ailments.

W. M. Renshaw

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." None should fail to try them. Only 50c; guaranteed at W. L. DeLano's drug store.

Pure Home Made Brandy

Pure double distilled brandy contains neither fusil oil or prussic acid, nor any other poison except what is contained in the fruit. Neither is it necessary to rectify the same before it is fit for use, as hundreds of men, and dozens of old distillers who now live in Oregon can testify. Distilled liquors are always clear in color, not red, until age gives them a yellowish cast.

I will sell you pure double-distilled prune, apple or pear brandy made near Eugene Oregon for \$2.50 a gallon, or 75 cents a quart.
