McQueen, on Granite street. The body will be taken to Junction City, Lane county, the home of the deceased, for interment on this afternoon's train.

Ex-Governor Campbell, of Ohio, who was prominent in the opposition to Bryan in 1896, says the democrats are making gains every day. "The man who predicts the result of the election," he said, "discounts the possibility of unexpected things happening within the three weeks between now and the election. The democrats are now making steady gains. They are gaining strength every day in New York, in Ohio, in Indiana; in fact, all over the country."

GOOD MINSTRELS HERE.

The Beach & Bowers' Troupe Delight Two Houses at the Grand.

Butte Miner: The introductory performance of the Beach & Bowers' minstrels at the Grand yesterday afternoon and night were a pleasant surprise. Although the press had been rather favorable to them, there was some disposition here to take them on probation; and the audience at the matinee was, though fairly large, by no means equal to the crowded house of the evening. The matinee show had established the Beach & Bowers' minstrels in favor in Butte, and the evening attendance was the harvest of the good showing in the afternoon.

Throughout the entertainment is smooth. It is good everywhere, yet there are features that are exceptionally fine. There is no halt in the performance; it really gives one the idea of it being "well bred." The best club swinging that has been seen here for a long time is that by Lon Kneizer; Den Gordon's bicycle riding could hardly be better, and it is very quaint. The Kenno-La Barre trio comedy acrobatic act is decidedly clever. The Van Brothers are very good in their musical specialty. There is no halt in the performance and encores are not responded to.

UNION COMMITTEE.

City Council.

A special meeting of the council was held last evening. Present—Mayor Harris and Councilmen Osburn, Preston, White, Peter and Roney. Councilman Preston, at the request of the mayor, stated the purpose of the meeting was to discuss the matter of repairs on the center of Willamette street.

After a general expression of opinion by councilmen, Councilman Roney moved that street committee be directed to finish the work on Willamette street with screened gravel, the screen to be not larger than 1 1/2 inch mesh. Carried.

Councilman Roney moved that the street committee be directed to rake off the large gravel on Willamette street. Carried.

Councilman Osburn moved that the restriction as to the price of gravel be removed. Carried.

Adjourned.

"This Do Settle It."

Mayor T. W. Harris, of Eugene, writes as follows to the republican state committee:

"I feel sure that Lane county will give McKinley a good majority. Our people have never known prosperity so general as that they are now enjoying. There is, however, a most remarkable apathy on the part of the people generally. This I interpret favorably, for it seems to me that it is the result of general employment and contentment. The majority of the democrats who voted with us four years ago will do so again next month."

Bismarck's Iron Nerve

Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at W. L. DeLano's drug store.

DISAGREE.—The city council last night ordered the street committee to complete the work on the Willamette street improvement by continuing the hauling of round gravel, but limiting the size to 1 1/2 inches. We understand that Councilman White chairman of the street committee, does not intend carrying out the demand or request. He thinks the men who own the property on Willamette street should have a say in this matter, and who are nearly unanimously against such a course, should be indignant.

Roseburg Plaindealer, Rep: "The three Glisatrap brothers, who publish the Eugene Daily Register, voted for Bryan in 1896 but are now out with the announcement that the improved conditions has put our business on its feet and we have concluded that the best way to keep it so is to have McKinley re-elected."

Must Have Cork Helmets.

Army officers were considerably surprised at reading dispatches of the sufferings of the American troops in China, from the heat on account of their hats. It was the belief that the regiments sent to China had been equipped with cork helmets and that their campaign hats had been discarded. The heat of the sun is dangerous, but over-heating of the digestive organs is more so. To overcome irritation and other stomach troubles there is nothing to equal Hostetter's Stomach Bitters. No matter how long you have suffered from constipation, indigestion, dyspepsia, liver and kidney troubles, the Bitters will cure you. It also creates a hearty appetite and is an excellent tonic for the nerves. Try it.

THE RECITAL.

The recital given at Frank's hall last evening under the auspices of the Ladies Musical Club was well attended and evidenced the popularity of the performers. Mr W. Gifford Nash, piano, and Miss Rita Hansen, voice, Mrs W. L. DeLano, the able accompanist, gave valuable aid to the program.

The program was arranged to include the work of various composers. The earliest being Handel, 1685-1759, and the latest, Johann Strauss, 1825-1893, Schubert, Schumann, Chopin, Liszt, Beethoven, Bach and others were also in the list.

The program was one of the best ever given here, and was received with appreciation.

PIONEER AND SOLDIERS.

Monument for Charnel Mulligan—Fountain for Second Oregon Dead.

At the time of the dedication of the Lane county court house resolutions were passed recommending that the county court erect a suitable monument over the grave of Charnel Mulligan, who, with Eugene Skinner donated land for the county square. The board acted in compliance with the resolution and the monument ordered was received today by W. W. Martin.

The emblem is of Vermont granite, having a base of the same material, all of which will be mounted on a substantial foundation of native stone. After the appropriate lettering has been done the monument will be placed in position over the grave of the departed pioneer in the I. O. O. F. cemetery near Springfield.

Mr Martin has practically closed arrangements for the erection of a memorial fountain to the Second Oregon Lane county dead, in the city park, which worthy move was inaugurated and has been carried to a successful end by the W. R. P. L. This drinking fountain will be nearly seven feet wide at the base having two square marble pillars on either side and rising above the marble receptacle which will receive the flow of water from a faucet above. Suspended above the pillars on artistic metal work will be placed a light.

On the sides of the pillars will be engraved the names of the Lane county boys who died in the Philippines.

Notice to Taxpayers.

EUGENE, Oregon, Oct. 16, 1900. It has been the custom and requirement of the law for the sheriff of the county to serve tax warrants for delinquent taxes on the property of the delinquent taxpayer—but owing to the passage of a new law such notices hereafter will not be served or posted on delinquent property, but a certificate of levy will be filed with the county clerk, and then the customary notice of sale of property for delinquent taxes will be published in one of the county papers. The levy will be made Nov 1, 1900, and advertising commences immediately thereafter. Taxpayers in order to save expense of levy and advertising should pay their taxes at once.
