MAPLE LEAVES NUISANCE.

Is there a city law against the burning of leaves on streets? If not there should be one. No man has a right to smoke his neighbors, and so passing teams while attempting to burn a lot of damp leaves. And far less work would convey them to some spot on his premises where they would rot and make splendid mulch for trees and plants. Then, too, the ashes from the burnt piles get scattered by the four winds of heaven to the discomfort of passers-by.

The season of the maple leaves nuisance is at hand. Property owners with little work can take them up and put them away out of sight. They should not wait for the leaves to cover their walks an inch or less before they consider it the proper time to remove them. Rake up the leaves occasionally as they fall, and pedestrians will, with one accord, acclaim you blessed. If not they will mercilessly consign you to the hot place.

TOO TRUE.

Roseburg Review: "The Oregonian is now devoted almost entirely to politics, having from four to six pages daily of vituperative and abusive campaign matter. After abusing McKinley and his policy for four years it flops over and becomes his most radical supporter. If he should be re-elected, the day following election the Oregonian will renew its criticism and abuse. It has two objects undoubtedly in pursuing such a course. One is that it secures a larger independent following by being a mug-wump character between campaigns, and the other that it can in this way compel the Republican management to buy its support when it is needed. There is method in the Oregonian's madness."

AN OLD STORY PUT TO USE.

This is the time, just previous to a presidential election, that you see items floating through the press that some man has money to loan, but will await the result of the presidential election. Of course no one believes such stuff, and it is hard to realize how sensible editors, like the many who conduct Republican newspapers, will allow such matter to appear in their columns. Mr. Bryan's election would not put a stop to the production and use of wheat, hops, wool, eggs, po-

tatoes, etc., on which the value of lands depend. And the man with money would loan on ample security as cheerfully were Mr. Bryan president, as he does under the presidency of Mr. McKinley, or in the event of his election.

Editorial from Portland Oregonian, May 4, 1898: "Already we are in one of the gravest perils of war—the clamor for territorial aggrandizement. The fever of conquest once in the blood is hard to allay. We have no further rightful use for the Philippines than as a base of present operations and a hostage pending final settlement. A coaling station let us retain there, but our professions in this war debar us from retention of even Cuba, which is more naturally within our scope than the Philippines. If the war is prolonged we shall certainly see rapid growth for vehement demand for acquisition of territory we should not take. It may be strong enough to turn the scale of a presidential election."

Portland Telegram, Rep: It won't hurt Bryan any for Hanna to go about the country abusing him. Even if all that Hanna says about Bryan be true, it would sound better if it came from some man who did not criminally buy a seat in the senate.

A physician has advised vice-presidential candidate Roosevelt not to talk too much, as he is injuring his throat by long speeches. Can it be that President McKinley is furnishing "Teddy" a physician?

The trusts controlling food products are capitalized for \$967,000,000. A dozen monopolies make up the aggregate of nearly a billion dollars in stock. They all pay big dividends.

"If I were sick and wanted to get well, I'd find out how some one else got well who had the same sort of sickness as mine."

If your sickness is like hers, Mrs. Jacobs' story will interest you. "I was very sick indeed," writes Mrs. Jacobs, of Fresno, Cal. "I had a cough, and my family doctor said I had consumption. I thought I must die for I felt so awful. Had a bad cough, spit blood, was very short of breath, and pains in my chest and right lung, and also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, and now I can do a small washing, and I feel like a new person. I believe that the Lord and your medicines have saved my life. I was sick over two years. I took a bottle of the 'Golden Medical Discovery,' and four vials of Dr. Pierce's 'Pellies.'"

Are you sick? Are your lungs "weak"? Have you obstinate lingering cough, with bleeding lungs, weakness and emaciation? Thousands in just your case have been cured by the use of DR. PIERCE'S GOLDEN MEDICAL DISCOVERY. It always helps. It almost always cures. Sick persons are invited to consult Dr. Pierce by letter absolutely without fee or charge. All correspondence is strictly private. Write and get a specialist's opinion on your case, free. Address Dr. R. V. Pierce, Buffalo, N. Y.

Notice to All Interested.

I have been informed several times that certain parties are "working" the people in this vicinity and are claiming to be members of the State Optical Society. I wish to inform the public that no house to house optician or anyone working fairs, carnivals, etc., are eligible to membership in the society. If they were ever members, the fact that they become peddlers cancels their membership.

The object of the society is to elevate the profession and protect the people from this class of fakirs.

It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. C. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy, and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by W. L. DeLano.

Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D. Williams, of Manchester, Mich., tells how such a slave was made free. He says: "My wife has been so helpless for five years that she could not turn over in bed alone. After using two bottles of Electric Bitters, she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, melancholy, headache, backache, fainting and dizzy spells. This miracle working medicine is a godsend to weak, sickly, run down people. Every bottle guaranteed. Only 50 cents. Sold by W. L. DeLano, druggist.

Prevented a Tragedy. Timely information given Mrs. George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cold had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Trial bottles free at W. L. DeLano's drug store.

Pure Home Made Brandy

Pure double distilled brandy contains neither fusel oil or prussic acid, nor any other poison except what is contained in the fruit. Neither is it necessary to rectify the same before it is fit for use, as hundreds of men, and dozens of old distillers who now live in Oregon can testify. Distilled liquors are always clear in color, not red, until age gives them a yellowish cast. I will sell you pure double-distilled brandy, apple or pear brandy made near Eugene Oregon for \$2.50 a gallon, or 75 cents a quart.
