Hoyt's "A Stranger in New York."

To "A Stranger in New York," the best comedy work of that popular playwright, Charles Hoyt, belongs the distinction of playing to larger and more enthusiastic audiences last season than any of the Hoyt attractions. Its engagement of 30 weeks in New York, first at the Garrick, then at Hoyt's theatre was phenomenally successful, displaying as it did the "standing room only" sign at every performance. Of all the plays Mr. Hoyt has presented to the stage in the past, none has proven a greater drawing card, or made a more favorable impression, than this masterpiece, which, so far as humor is concerned, has never been duplicated on the stage. Competent critics has it as offering the widest scope for the display of versatility, and it is replete with bright lines, clever people and up-to-date features. The songs are of the catchy order, the dialogue clean and penetrating, while the story kinetoscope picture of everyday life in the great metropolis.

The scenes are laid in New York in what is known as the "tenderloin" district. The first act shows the ladies' parlor in the Hoffman House, and the last act represents a room in the tower of the Madison Square Garden, New York, on the night of the famous French ball. This scene has been most favorably commented on as a wonderfully clever piece of stage device, showing as it does, the three working elevators. The "Stranger" comes to the Park Monday evening November 12.

Seats on sale Nov. 8.

LANE COUNTY.

The Republicans Claim They Have
Carried It by 300 to 350.

The republicans claim they have carried Lane county by from 300 to 350 plurality. Only incomplete returns have been received. In a day or so the official count will be made when we will print it in full. The democrats concede the county to the republicans by from 200 to 250.

A Hindoo Hoodoo.

Of all the absurd absurdities ever conceived for the purpose of a comedy John Fowler certainly made a ten strike with "A Hindoo Hoodoo." A theosophist sends the souls of a young business man and a doctor into space, and in returning them to earth gets them in the wrong bodies, and thereby hangs the tale of confusion worse than confounded.

Geo. Larsen, as Will Riek, the young business man, is the best comedian to come to Eugene for more than a year, and he had a capable lot of funmakers with him. There wasn't a "bad actor" in the bunch.

Election returns were read from the stage between acts.

"Do Not Grasp the Shadow
and Lose the Substance."

Many people are but shadows of their former selves; due to neglect of health. Look out for the blood, the fountain of life, the actual substance; keep that pure by regular use of Hood's Sarsaparilla and robust health will be the result. Dyspepsia, weakness, and other worries will be things of the past and life will be worth living.

Liberty's Lightning Rods.

The Statue of Liberty, in New York harbor, was recently struck by lightning and emerged unharmed. One bolt struck the upraised arm and another hit it on the forehead. The statue is protected by the finest system of lightning rods ever made. Lightning is no more dangerous than disease, and yet many people will protect their homes, while exposing their bodies to this deadly enemy. The best protector in the world is Hostetter's Stomach Bitters. It will cleanse the system, invigorate the nerves and enrich the blood. It does this by strengthening the digestion. Good health depends solely upon the proper performance of this important function. Weakness here results in constipation, indigestion, dyspepsia or biliousness. See that our private revenue stamp covers the neck of the bottle.

Southern California.

Notable among the pleasures afforded by the Shasta Route is the winter trip to Southern California and Arizona. Renewed acquaintance with this section will ever develop fresh points of interest and added sources of enjoyment, under its sunny skies, in the variety of its industries, in its prolific vegetation and among its numberless resorts of mountain, shore, valley and plain.

The two daily Shasta trains from Portland to California have been recently equipped with the most approved pattern of standard and tourist sleeping cars, but the low rates of fare will still continue in effect.

Illustrated guides to the winter resorts of California and Arizona may be had on application to
