TWO VIEWS OF A FASHIONABLE HORSE SHOW.

The early fall is the time when society takes great interest in horses. At Lenox, Tuxedo, Morristown and other fashionable country resorts outdoor exhibitions of this nature have been or will soon be held.

BELGIAN HARE BOOM BURSTED.

A Greater Nuisance Than the English Sparrows.

Alexander B. Mitting, of San Diego, is thus quoted by the New York Times: "Just after I came East there was printed in the 'Heard About Town' about the danger to agriculturists of the Belgian hare food. The note of warning seemed almost prophetic to me when I opened my mail this morning. A letter from my son tells me that the supervisors of our county have just passed an ordinance compelling owners of Belgian hares to keep them so closely confined, and fixing a penalty for turning them loose of not less than \$20 or more than \$100. This all came about from the announcement of a woman living near me, that she would turn her hutch of about 30' of the animals loose. As we are a great fruit raising section, the losing of a lot of Belgian hares would spell ruin for our fruit ranches. Belgian hares are so common out our way that people will no longer eat them, and I know of one Los Angeles breeder who will give anyone all the hares he can take away. Yet he paid \$1,500 for an imported buck, and \$1,000 for three does, which were the foundation stock of his hatch. Now he is doing all he can to exterminate what has come to be an unmitigated nuisance in his vicinity, as some of the young got loose and are doing all sorts of damage to fruit trees. The Belgian hare is a greater nuisance than the English sparrow. You people of the East and Middle West will so find it in a couple of years unless steps are taken to prevent the hares from running wild in the woods and fields about your cities."

May Have Eaten Dog.

Recently a Honolulu newspaper had a queer story about the Mysie Shriners from the States who had an excursion over there. The distressing suspicion arose that meat that was served at a banquet was of doubtful variety. The meat supply was short and at the last moment the caterer "fell down" on the meat assignment.

For some reason the paper of the Islands' capital now asserts that the meat was dog-steak. It was supposed to be mutton, and now the Californians who went on that trip are worrying whether it was cat or dog, and if it hurt them much to eat it when they were not thinking about it.

"I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy and find it to be a great medicine," says Mr. E. S. Phillips, of Poteau, Ark. "It cured me of bloody flux. I cannot speak too highly of it." This remedy always wins the good opinion, if not praise, of those who use it. The quick cures which it effects even in the most severe cases make it a favorite everywhere. For sale by W. L. DE LANO Drug Store.

For Malaria, Chills and Fever

THE BEST PRESCRIPTION IS

Grove's Tasteless Chill Tonic.

The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the **Original** and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
