Bad Coughs

If you have taken just a little
cold, perhaps vinegar and molasses
or a little honey will stop your
little cough. Even then there's
a "perhaps" about it. Better
get Ayer's Cherry Pectoral while
you are about it. It cures the
easy ones, and the hardest of the
hard ones, too. There is nothing
so bad for a cough as coughing.

Three sizes: 25c, enough for an ordinary
cold; 50c, just right for asthma, bronchitis,
hoarseness, whooping cough, hard cold;
\$1.00, most economical for chronic cases.

FOOTBALL HEROES.

Admirers Paid Court to Universi-
ty Boys at Hotel Portland
Lobby.

Portland Telegram, Nov. 29.
"The University of Oregon contin-
gent arrived last night and the foot-
ball team was registered at the Hotel
Portland. This morning there was a
reception in the hotel lobby for the 60
students who came down with the
team last evening, and the others who
dropped in this morning all had to pay
their respects to their heroes, who sat
in a circle, enthroned, as it were, by
their own light. They were truly the
admirers of all admirers, for who is so
great a hero as the football man in his
proper season.

"The Multnomah players met their
opponents and exchanged compliments
with them, and talked about games
which were played in days gone by.
Occasionally some player would be
drawn aside and some comrade would
whisper a few words of advice to him,
telling him just what to do this after-
noon. But, on the whole, they showed
an air of freedom and carelessness
which marks the man who has finish-
ed his practice and is all through with
the worry. The last practice of the
Eugene boys was held before they
started for Portland, and up to this
afternoon they have been enjoying
themselves as only college students
can."

1891-1900.—This day thirty-nine
years ago the Willamette river was a
raging torrent. There were few bare
spots of land in Eugene. Skiffs were
rowed through Willamette street.

Hundreds of sawlogs broke from the
boom near the Eugene flouring mills
and were carried through the town on
the line of the sewer just south of the
Underwood residence block, many of
them finding lodgment in the Stewart
field adjoining Eugene on the west. It
was a wet town that first December
day.

A Thinking Machine.

A famous inventor declares he has
devised a machine that will abolish
warfare. This machine is a boat that
will run without men on board, and can
be controlled for any distance without
wires. It will obey orders from land
or it will act on its own judgment, ac-
cording to the necessities of the situa-
tion. It will carry an unlimited
quantity of explosives, which can be
aimed with unerring accuracy. Pro-
gress has achieved wonders during
this century. The fact that it can find
no substitute for Hostetter's Stomach
Bitters, proves the inestimable value
of the Bitters. So long as constipa-
tion, indigestion, dyspepsia, liver and kid-
ney troubles continue to afflict mankind,
long will the Bitters stand as the
sure cure for them.

Notice.

All bills outstanding against the
University should be presented to the
registrar on or before Dec 19,
