Albany Democrat: The San Fran-
cisco Examiner places the order of the
football teams of the coast as follows:
Stanford, California, Oregon, Kellogg,
Nevada and San Jose. The multi-

San Jose for keeps, and would make
it tropical for California. The
Oregons have a better record for the
season than California.

What's the Matter With the
Doctah?

No one is interfering with his little
10-cent trade, but he hides behind a
stump, (there are too many men who
are willing to act the stump), and
shoots his little blanks that thought-
ful people have learned to size up by
the calibre of the man.

REAL ESTATE DEAL.

Capitalists From the East Pur-
chase Six Acres on Madison
Street.

Attorney Chas Klesenger has made
all arrangements for the final consum-
mation of a deal between S D McGuire,
the well known gardener of this city,
and capitalists from the East, wherein
the former transfers to the latter six
acres, containing a dozen or more lots,
on Madison street, just north of the
railroad and west of Spencer's butte,
for the sum of \$950.

We understand it is the intention of
the purchasers of these lots to erect a
number of dwelling houses thereon in
the spring. This will be quite an im-
provement for that portion of the
city.

These lots are a bargain at the
price named. Fuller particulars of the
deal will be published later.

Grateful to the Woodmen.

While lying on her death bed in
Haywards, California, on the 18th of
last August, Mrs Mary F O'Neill dic-
tated the following letter to the officers
and members of Cypress Camp of that
city:

"Now that I am about to depart this
life to join my beloved husband, who
was one of your most loyal members, I
cannot refrain myself from saying to
you somewhat of the gratitude I have
felt for your extreme kindness to him
prior to his death; for your great con-
sideration and sympathy for me dur-
ing my intense sorrow after he had
passed away; and for the many
thoughtful courtesies and helpful acts
and words you have extended to me
during my long illness.

"If I did not tell you of the great
joy it gave me to listen to the sweet
and loving ceremony which your lodge
held over the grave of my dear hus-
band at the time of the unveiling of
your monument in his memory. The
kindly interest which Woodmen of
the World takes in their members and
their members' families, should gain
for you a lasting foothold in the world
and it is my wish that you may con-
tinue long in the land and that you
may grow and prosper."

This order would probably be the
best one for you to join. It gives lots
for little. You should inquire about it
and learn.

The Fall of Brooklyn Bridge.

The Brooklyn bridge is being weak-
ened by electrolysis. Its four great
cables are live wires through which
wildcat currents are constantly flow-
ing. These are escaping to the ground
through the anchorages, which they
are eating away at an estimated rate
of nine tons a year. The conclusion is
that the electrolytic effect must be
overcome at once or the bridge may
some day fall into the river, or it may
have to be closed. Health is often
undermined in a like manner—by the
neglect of trivial matters. Constipa-
tion, indigestion, dyspepsia, bilious-
ness or nervousness should be checked
at once. Hostetter's Stomach Bitters
will do it. No other medicine is as
good for all disorders of the stomach.
Don't fail to give it a trial.

SCOTT'S EMULSION

of cod-liver oil is the means of
life and enjoyment of life to
thousands: men women and
children.

When appetite fails, it re-
stores it. When food is a
burden, it lifts the burden.

When you lose flesh, it
brings the plumpness of health.

When work is hard and
duty is heavy, it makes life
bright.

It is the thin edge of the
wedge; the thick end is food.
But what is the use of food,
when you hate it, and can't di-
gest it?

Scott's emulsion of cod-
liver oil is the food that makes
you forget your stomach.

We'll send you a little to try, if you like.

"Uncle Josh Spruceby."

The old favorite "Uncle Josh Spruce-
by" will be at The Parker next Tues-
day evening. This popular play is
now in its tenth successful season. The
charm of the play is in its rustic sim-
plicity. The scenes are taken from
Vermont rural life, and the character
of "Uncle Josh" as the honest old
farmer is true to life. The story is
told in a manner that is irresistible.
Mr Lewis has staged the piece in
splendid shape, and it affords ample
opportunity for displaying the start-
ling mechanical effects which are in-
troduced. Thirty-five people are in
the company. A big parade and band
concert is given daily at noon by the
splendid concert band which is carried
by the company.
