Money Awarded to Hodson.

The Oregonian of Monday says the motion of J M Hodson that \$1200 in the possession of George Dixon, when arrested, be paid to him was granted by Judge George. Mr Hodson had paid \$2125 for the property belonging to the late Henry Wilson, to which Dixon had forged the deed, and only \$1200 of the amount was recovered. This closes one of the most daring real estate swindles ever perpetrated in Portland.

#### THEIR VOTES.

A Corbett Paper Praises McQueen and Hemenway.

Salem Journal Feb 21.  
The addition of two of the Lane county members to the Corbett column was a gratifying surprise to the republicans in party. They have been voting for Luther Hermann as the expressed desire of their constituents.

Both these gentlemen have been home and find that the republicans of Lane county are bitterly opposed to this legislative adjournment without a senator and are also agreed with Mr Corbett as a conservative republican, are really in sympathy with his position on the Nicaragua canal, on the treatment of our new territories, and opposition to ship subsidies. In obedience to these sentiments these gentlemen have acted in a courageous manner yielding to the wishes of their constituents and changing from Hermann.

PAY OF SENATORS.—The senate committee on per diem and mileage of members gives Senators Booth and Kuykendall each forty days attendance and 140 miles mileage, a total compensation of \$141 each.

VERY LOW.—Mrs Joel Ware, who is in Good Samaritan hospital, at Portland, is still very low and her recovery is despaired of. At noon she was holding her own.
