THE EUGENE GUARD CALENDAR. MARCH. A calendar grid for the month of March with days of the week and dates.

WEDNESDAY -- MARCH 13. THE PROTECTIVE TARIFF.

Discussing foreshadowed changes in British tariff laws at the annual meeting of the Associated Chambers of Commerce of the United Kingdom, Tuesday, Lord Avebury, presiding officer, defined the probable position of England: "As far as Great Britain is concerned, she will enter into negotiations, not wishing to hamper or curtail her commerce with her neighbors, but rather to promote it, being convinced that commerce benefits both buyers and sellers."

There is a lot of good sense in that sentiment. The permanency and greatness of modern nations depend upon commerce. And there can be no permanent trade between communities without a "give and take." The nation that would act the dog in the manger will be cut and discriminated against at every turn. We may claim that Europe must have our raw materials, yet the world is wide and where they get no trade in return Europe naturally turns to the development of other countries for sources of supply.

Then our agriculturists will get worst hurt. While his foreign market is curtailed the home manufacturer, protected by a tariff that excludes foreign competition, and banded into trusts that stifle healthy home competition, charge the farmer such prices as they know he is able to pay. That is how he gets the worst of it.

MODERN IMPROVEMENT OF AN ANCIENT RIVER.

British capital is building an immense stone dam across the river Nile at the First Cataract, a little over a mile in length, to be exact six thousand feet. From the engineering point of view the stupendous nature of the undertaking will be realized from the effect it will have of creating practically a lake 144 miles long, impounding more than 1,000,000,000 tons of water. At some periods of the year, it is said, 900,000 tons a minute will gush through the sluices. The dam will raise the river about sixty-six feet above its usual previous level. It is broad enough for a carriage road to run along its top. When the river is in flood its waters will gush through the massive sluice gates. In the autumn months the sluice gates will be closed until the reservoir thus formed is full and ready to be distributed by channels over the agricultural land on each side. When the water is most wanted, (in August and April), for the crops of corn, sugar, cotton and rice the supply in the lower river will be increased from the reservoir, and thus a fairly even supply of water

will be afforded throughout the year. Locks will be built in the dam to allow free navigation.

The Salem Journal has a reporter in its employ who will have no competition should he enter a contest for the champion liar of the state. He describes the driving of a band of ewes and lambs through Salem and adds: "Some of the lambs were small and could hardly get along. Others jumped on the dams and took a ride occasionally to rest." The lambs were very considerate in not riding all the time.

A New Jersey chemical manufacturing plant is building a record smashing chimney. When completed it will be 360 feet high. It will require 400,000 brick and cost \$50,000. At that height it is thought noxious gases from chemicals will be so scattered as to prove no detriment to public health.

Indiana parents went away from their home yesterday leaving their three children aged one, three and five years in the house. During their absence fire destroyed the house and burned the children to death. Such parents deserve no offspring.

Portland Japanese barbers are up against the Barber Commission. The Japs shave for five cents and the white barbers resent the cut in price. They want the Japs debarred.

Senator John L. Morgan, chairman of the committee on international canals, says the United States will proceed with the construction of the Nicaragua canal with or without England's consent.

After Baby Comes. In the days following the baby's birth there is often a long uphill struggle to recover strength, and the nurse busies herself in the preparation of jellies and broths for the invalid.

When Dr. Pierce's Favorite Prescription is used as a preparative for motherhood the baby's advent is practically painless, there is abundant strength to nurse and nourish the child, and a rapid recovery from the shock and strain inseparable from maternity.

"I was pleased that Dr. Pierce answered my letter," writes Mrs. C. W. Young, of 21 South Market Street (Lee Park), Wilkes-Barre, Penna. "When I had those mishaps I began to think I would never have children. My back used to almost break and I would get sick at my stomach and have such headaches I did not know what to do; they used to set me apart from my friends and I used to dread to get up. I felt so bad, then I began taking Dr. Pierce's Favorite Prescription. When baby was expected I took it all the time I was that way. I felt fine all the time and I never got those dizzy spells now. I hardly ever have a nervous headache any more. I have a perfect romp of a boy; he is the light of our home. I am now twenty years old and my baby is almost eight months old. I now feel well, and weigh 150 pounds, and the baby 25 pounds. We feel very grateful for the good you medicine did for us. We are both healthy. Thanks to Dr. Pierce's medicine."

Dr. Pierce's Pleasant Pellets keep the bowels healthy.

It Saved His Leg. P. A. Danforth, of LaGrange, suffered intensely or six months with a frightful running sore on his leg, but writes that Bucklen's Arnica Salve wholly cured it in ten days. For ulcers, wounds, burns, boils, pain or piles it is the best salve in the world. Cure guaranteed. Only 25c. Sold by W. L. De Lano, druggist.

Notice. Notice is hereby given, that the county commissioners will receive sealed bids for the furnishing and delivering of 50 cords of good body fir wood, four feet long, for 10 cords of good grub oak, four feet long and not less than three inches at the small end, all of said wood to be delivered at the court house in Eugene, Lane county, Oregon, not later than the 15th day of August, 1901, all bids to be filed with the county clerk on or before the 15th day of March, 1901, at 1 o'clock p. m.

The court reserves the right to reject any and all bids, by order of the court, this the 15th day of January, 1901. E. U. LER, County Clerk.

Bismarck's Iron Nerve. Was the result of his splendid health. Indomitable will and tremendous energy are not found where stomach, liver, kidneys and bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c at W. L. De Lano's drug store.

CASTORIA. The Kind You Have Always Bought. Signature of Dr. H. H. Plummer. Mr. Old Rignell rode a Snell clear to back again to Barker Gun Works. It seems that Mr. Snell was made to sell bicycles. Mr. Snell did sell 30,000 Snell bicycles in 1900. He hurt the trust, they nearly bust, but people swell, ride the Snell and feel well. Barker Gun Works.

A "Market" St Patrick's Day, March 16.

The ladies of the Grand Army will hold a "market" Saturday, March 16, at George F. Crow's office, Ninth street, for the purpose of raising funds for charity work. Good bread, cakes, cooked meats, chicken, baked beans, salads, pickles and many other things that will not fail to tempt the appetite of the most delicate.

Market opens at 9 o'clock in the forenoon and will continue all day. Please come and patronize this noble work and help us along. MISS STRELLA DIMOND, Chairman of Committee Ladies of G. A. R.

More Joint Smashing in Oregon.

The Parkersburg, Coos county, correspondent of the Coquille City Herald writes under date of Feb 25th: "Followers of Mrs. Norton yesterday made a raid on a joint in this place, smashing the fixtures and completely demolishing the building. A few of Parkersburg's young bloods had lately been in the habit of meeting at a certain house to engage in a quiet game of poker. Late yesterday evening a number of women armed with hatchets and handspikes raided the place with the above results."

Dexter Items. March 9, 1901.

Spring weather. Farming is in full blast. Mr. Wm Griffith is very ill with grippe.

James Parvin made a business trip to Eugene last Monday. The recent high waters have left us destitute of a ferry site, such things should be looked after.

Mrs. Wm Preston of Eugene has been visiting friends and relatives in this vicinity. James Parker visited the city last Monday.

Mrs. J. F. Taylor and little son Harry of Cottage Grove visited relatives here the first of the week.

Mr. H. G. Vincent has returned from Nebraska where he has spent several months. He was accompanied by his grandson Master Earl Maxwell who will remain here during the summer.

SCOTT'S EMULSION of cod-liver oil is the means of life, and enjoyment of life to thousands: men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food, when you hate it, and can't digest it?

Scott's Emulsion of cod-liver oil is the food that makes you forget your stomach.

If you have not tried it, send for free sample. It is agreeable to all climates. SCOTT & BOWNE, Chemists, 409-411 Pearl Street, New York. See and get all druggists.

CRYING!

What for? If you ask her she will tell you she doesn't know. She just feels nervous, that's all. A man is apt to have very little sympathy with this condition in his wife. He can't see any earthly reason why she should cry. She has plenty to eat, plenty to wear, and he does everything for her, he thinks, to make her happy, and in spite of that she sits down and cries softly to herself, apparently without any cause or reason. But there is a cause, and that cause is some disorder or disease of the delicate womanly organism. Unhealthy drains have taken away the vital force. Inflammation is fretting the nerves of the whole body. If women did but understand the intimate relation of the general health to the local health of the delicate womanly organs, they would realize that the quick way to establish the general health is to cure the local disorders. Dr. Pierce's Favorite Prescription drives the drains that enfeeble women, heals inflammation and irritation and cures female weakness. It is a medicine that can absolutely be relied upon to make weak women strong and sick women well. It contains no alcohol, and is entirely free from opium, cocaine and all other narcotics.

Women suffering from disease in chronic form are invited to consult Dr. Pierce, by letter, free of charge. Dr. Pierce, assisted by his staff of nearly a score of physicians, has in a little over three years treated and cured more than half a million sick and ailing women. All correspondence is strictly private and absolutely confidential. Address Dr. R. W. Pierce, 665 Main Street, Buffalo, N. Y.

COULD SOBERLY WALK. "About five years ago I had very poor health," writes Mrs. A. M. White, of Holton, Johnson Co., Missouri. "After doctoring four years with our town doctors they gave me up; said they had done all they could for me. I had confined to my bed half the time; the other half could hardly drag around. I had such pains in my back and abdomen I could not stand on my feet for more than a few minutes. My feet were cold and burning, and my periods came too often. The doctors said it was chloric of life, so, as I had heard of Dr. Pierce's medicine, my husband got me a bottle of it in some way, so I wrote to you and followed your advice. I commenced taking 'Pleasant Pellets' as 'Golden Medical Discovery' and the 'Pleasant Pellets' as I was so constituted all the time and pills would weaken me so that I would have to get bed. To the great surprise of everybody I got well, and when I met my friends they would say, 'never think you would be here now,' but I can say it was your medicine which made me the best in the world. Have had no use for doctors since I took your medicine."

Dr. Pierce's Pleasant Pellets are an effective medicine for the bowels and liver. They do not react upon the system.
