THE CZAR'S PERIL.

Another plot to assassinate the Czar. It keeps the Nihilists busy to keep the Russian police busy discovering plots. The Czar walks on dangerous ground. A bomb may terminate his existence any day.

The law preventing the possession and use of arms among the people is strictly enforced in Russia, else it would not be safe for the Czar to appear in the streets at all. A sharpshooter could easily pick him off, even when being hurriedly driven through the streets. As it is the streets are cleared of all persons when the Czar's cortege rapidly passes through, troops filling the streets about the carriage. It certainly is not a pleasant life. The fate of his father, torn to pieces by a wicked bomb, must be ever before the ruler of all the Russias.

NEW ROAD LAWS.

Two bills relating to the collection of road taxes, which have been signed by the governor and are now law, are house bills 108 and 205.

The former law requires the county to levy a road tax of not more than 10 mills on the dollar, based on the previous year's assessment. The fund thus created is to be expended under the direction of a county roadmaster, who has supervision of the supervisors.

Upon the petition of 12 freeholders of any road district, approved by the rosdmaster, for the improvement of any road, the county court shall consider the petition, and, if approved, shall ask for sealed bids for the performance of the work and furnishing of the material needed, and let the contract to the best bidder, provided, however, that the court may reject any and all bids. The court is also authorized to purchase rock-crushers out of the road fund. The tax provided for in this act is in lieu of taxes heretofore made collectible under other acts.

House bill 205 requires the collection of a road poll tax of $3 from every male inhabitant over 21 and under 50 years of age, unless by law exempt. The tax must be paid either in labor or cash, but the county court may require that it be paid in cash. If any person refuses to pay the tax a suit may be brought in the justice court to collect the same, and the wages of delinquent may be levied upon to collect any judgment recovered. The tax must be expended upon the roads of the district in which collected. The act contains an emergency clause, and goes into effect immediately. The tax becomes due on March 1, and may be collected between March 1 and December 31 of each year.

FOR CONSTITUTIONAL AMENDMENTS.

Under the action of the recent legislature the people of Oregon at the next state election will vote for or against constitutional amendments for the following purposes:

For initiative and referendum.

Abrogating negro clause in state constitution.

For abolition of the office of state printer.

Changing time of holding the general election from June to November.

Providing for the location of educational and other institutions elsewhere than in the city of Salem.

It might be well to cut these out and make a study of them during the coming year so as to be able to vote intelligently on them at the June election in 1902.

SETTLED A GHOST.

It has been fully demonstrated that ghosts have a wholesome regard for powder and shot. A letter from Butte, Montana, gives us information that the wealthy residence portion of the city had a ghost, and that women and children, and not a few men, believed in the reality of the visitant. Of course there was much talk and many frightened people.

That ghost, though, walks no more by the pale light of the moon. A skeptical citizen took a shot at his ghostship with a load of fine shot. It is not known if the ghost reported to a surgeon to have the shot picked out. The man who did the shooting is a good shot and claims his aim was so well taken that the ghost will take his meals standing for a time.

Topsy-turvy.

That's a favorite attitude of the small boy. And in this again "the child is the father of the man." The man does not essay to walk through life on his hands, but he creates for himself a kingdom of topsy-turvydom. He turns night into day. He eats regardless of time and physical necessities. He makes a pleasure of his business and a business of his pleasure. In fact, he effectually reverses the order of natural living. The result is physical disability generally introduced by "weak" stomach. The food he eats does not nourish him because the stomach and its associated organs are not able to extract the nourishment from the food. Hence, the body is under nourished and disease develops in one form or another.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases which originate in a diseased condition of the stomach and its allied organs. Hence, it cures "weak" lungs, "weak" heart, "weak" nerves and other forms of so-called weakness.

"I had been troubled with catarrh of the stomach and heart trouble," writes Mr. W. D. Merchant, of Tylersburg, Clarion Co., Penn'a. "Had doctored for some time without relief, then I began to take Dr. Pierce's Golden Medical Discovery. I took seven bottles. Before I began to take it I weighed 119 pounds, and now I weigh 176. I am working steadily and feel like a well man. I send you many thanks."

Dr. Pierce's Pleasant Pellets cure constipation.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me, when the doctor said she could not live till morning," writes Mrs S H Lincoln, who attended her that fearful night. All thought she must soon die from pneumonia, but she begged for Dr King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and $1. Trial bottles free at W L Delano's drug store.

Human Hand Carrot.

Roseburg Review.

A few days ago while gathering vegetables from his garden, at his home about five miles south of Roseburg, Mr B F Doss unearthed a carrot which in size and shape is a wonderful resemblance of the human hand. The four fingers and thumb are complete and all properly placed and of about the usual size and length and all are slightly curved, showing the front and back of the hand. The top of the vegetable tapers at the proper place for the wrist, and in fact no detail lacking for a remarkable resemblance to a complete right hand.

SLOW-GOING ALBANY.—The Albany Democrat thus expresses the views of old slow-going Albany: The business men of Eugene are raising funds to send a man to Portland to steer new comers toward Lane county. These people who come out here without any minds of their own, and without any idea of where they are going are not apt to be very desirable acquisitions to a country. As a matter of fact, though, not very many are steered this way.

Brownsville Times: It will be interesting to some of our readers no doubt to know that the Poorman in the Calapooia district was originally located just two days before the Lucky Boy in the Blue River district. The discovery of this mine was made in the spring of 1887 by Messrs N B Standish, Jode Moore and G A Dyson, who also discovered and located the Lucky Boy.

FOR OLD AGE

To the old, as to babies, the even balance of health is more important than anything else in the world. The possible health, in age, is not high and strong; it is only even.

There is no end, but death, to the trouble that comes of its loss.

It ought to be watched like a baby's.

Their future is short; but oh how it turns on comfort! on whether the wrinkles are wrinkles of pain or of long serene enjoyment!

Scott's emulsion of cod-liver oil—for very old and very young in different ways—is the food to secure this even condition of health.
