## ENGLISH AND AMERICAN LOCO MOTIVES.

The superintendent of the motive power of the New York Central Railroad says the complaint about the inefficiency of American built locomotives by the British is due to the fact that they are constructed to meet the requirements of the track, tunnels and other peculiarities of English railroad construction, therefore are not the true American type.

The superintendent says, also, that English roads nurse their locomotives and keep them to an old age, while the practice of this country is to drive them to full capacity until they show marked weakness, then replace with new machines.

It is not surprising to read the opinions of the cabinet officers that President McKinley deserves a crown of glory—or to about the same effect—for announcing that he will not be a candidate for a third term. While no one may impugn the President's patriotism it is not improbable that General Grant's experience with the third-term petard had a very conspicuous place in the President's recollecitous. Like Grant he might not be able to secure the renomination.

The sheriff of Multnomah county had ten deputies out the first ten days of this month collecting bicycle licenses. The result was very disappointing to those who hoped to see a substantial increase to the bicycle-paths fund. The deputies collected $242 in licenses during that time, but their salaries reached $250. It was time to discharge the deputies when they failed to collect enough for their salaries.

The Engineer Corps of the United States army will explode 7200 pounds of dynamite in the Narrows of New York harbor, shortly. The dynamite was used as a defense of the harbor during the Spanish war, being connected with the shore by electric wires. After the war closed it was taken up, and as the government has failed to find a bidder it is proposed to make one grand display.

West Point authorities have issued a manifesto defining the rules as to hazing, threatening all sorts of punishment to the cadets who engage in the pleasant pastime of making life miserable for, and mutilating new cadets. Very likely that will be the last heard of the regulations until some notorious haze reminds the authorities of the rule.

A Washington county gopher-hunter met his death the other day from the accidental discharge of the gun with which he had killed the rodents for years.

The Fourth Regiment, Oregon National Guard, will find a pleasant rendezvous at Bangs' Park. It is an ideal spot for an encampment—fine shade and opens, pure water, clay soil, and convenient to railroad transportation and city supplies.

A Montana stockbuyer is in Corvallis after yearling cattle. A cattle authority of our adjoining county is of the opinion that they can be bought for $16 a head. Last year the price ruled about the twenty-dollar mark.

A freak white coyote was killed near Lakeview the other day. He had the advantage of the herders when around the sheep as he could not be easily distinguished from the woolly charges.

The semi-centennial session of the Oregon grand lodge of Masons, now in session at Portland, is a reminder that this Northwest is not so young as some would have us believe.

William C Whitney has offered $75,000 for the leased colt that won him the Derby the other day. But Whitney can pay that amount easier than most men could pay seventy-five dollars.

Nicaragua money is at a considerable discount. New York bills of exchange are quoted at 210, making their money worth only 45 cents to the dollar of our coinage.

## Saves Two From Death.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs W K Haviland of Armonk, N Y, "but, when all other remedies had failed we saved her life with Dr King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr King's New Discovery as to no other medicine on earth. Infallible for coughs and colds. 50c and $1 bottles guaranteed by W L DeLano. Trial bottles free.

## NOTICE.

Notice is hereby given that the undersigned S. B. Eakin, one of the executors of the estate and last will and testament of John Tait, deceased, has filed his resignation as such executor with the County Court of Lane county, Oregon, on this 8th day of June, 1901, and that on Monday, the 15th day of July, 1901, at the hour of one o'clock in the afternoon of said day at the County Court room of the said Court, the said undersigned will make application to the Hon. H. R. Kincaid, Judge of said Court, for permission to resign as such Executor and for the acceptance of said resignation.

Dated this 8th day of June, 1901.

S. B. EAKIN, Executor.

Dr. Pierce's Favorite Prescription and perseverance in its use will work wonders for the most hopeless woman. If Mrs. Newton, whose letter is given below, had not persisted in its use, she might never have known the happiness of perfect health. Perhaps the reason for her persistence was because she used "Favorite Prescription" as a "last resort." Physicians had failed. If "Favorite Prescription" could not help there was nothing to hope for. It did help. It always helps and almost always cures. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. It imparts strength and elasticity to the organs of maternity and makes the baby's advent practically painless.

"When I consulted you in April, 1899, I was in poor health," writes Mrs. E. H. Newton, of Vanburen, Aroostook Co., Maine. "Had been sick all winter, and, to add to my trouble, was on the road to maternity, which the doctor said would end my days. I was almost discouraged; did not expect any help, but thought the end was only a matter of time, and—oh! my two poor, little, motherless children.

"It was in this condition that I began the use of your valuable medicine. On receipt of your letter of April 6th my husband purchased six bottles of 'Favorite Prescription' and 'Golden Medical Discovery,' and I used it as you directed. When you wrote me words of encouragement on April 27th I had received no benefit from the medicine, but determined as a last resort to give it a fair trial. I am now taking the thirteenth and last bottle. I have a lovely baby girl three weeks old, that weighed 11½ pounds at birth. My baby and I are enjoying perfect health, thanks to your wonderful medicine, to which I believe I owe my life."

## Bids Wanted.

June 4, 1901.

Notice is hereby given that bids will be received by the board of directors of School District No 4, Lane county, Oregon, until 3 o'clock p m Friday June 21, 1901, for putting in a system of water closets and connections in the new Patterson School building now under construction; in accordance with plans and specifications of Chas Burggraf, architect, now on file with the chairman of said board.

The board reserves the right to reject any or all bids. A certified check for $100 must accompany each bid.

S B EAKIN, Chairman of Board.
GEO F CRAW, Clerk.

## Eighth Grade Examination.

The eighth grade examination for the public schools of Lane county will be held June 19, 20 and 21, 1901. Pupils of the public schools can take this examination in their schools or in the office of the county superintendent. Teachers will please notify me immediately of the number of lists of questions required. There will be no examination in November hereafter.

This examination is for districts of the second and third class only.

## BABY'S BUSINESS

A healthy baby is comfortable; and that is enough for a baby. His business in life is to grow.

Aside from acute diseases, his food is the cause of most of his troubles. But Scott's emulsion of cod-liver oil delivers him from it.

He isn't sick; only a little hitch, somewhere, in his machine for turning food into growth.

It is a great thing to do, for a baby, to help him over a hitch with mere food—the emulsion is food that has the tact to get there.

The tact to get there is medicine.

Send you a little to try, if you like.
