Albany Democrat: One of the finest pieces of work ever gotten out in Oregon is the Junior's Annual of the U O just issued. It is not only a fine thing from an artistic standpoint, but it is creditable from a literary view. Unlike many annuals it is reasonable and does not "slop over." Yet it contains plenty of humor. It speaks well for the University.

The three silver cups presented by J O Watts, the jeweler, to Roy Heater, Clyde Payne and Chas Wagner, the three men of the University of Oregon track team who made the most points in the three big athletic meets this year, are on exhibition in Mr Watts' show window. They have just come from Portland where they were appropriately engraved. The engraving is a pretty piece of work.

PROF. RESSLER APPOINTED.

Vice President of National Educational Association for Oregon.

President Green of the National Educational Association, has appointed Prof E D Ressler, of this city, vice president for Oregon of the association to succeed Prof E B McElroy, deceased.

This is a splendid appointment. Prof Ressler is in every way fitted to fill the position creditably. The association meets at Detroit in July and Prof Ressler will attend the meeting.

A CORRECTION.—The other day the GUARD published a statement as to Tom Gilliam's logging operations on the Mohawk that was not correct. Our correspondent writes us that four hundred acres instead of two hundred and eighty, will be logged off, and that the tract will furnish between twelve and thirteen million feet.

THE CELEBRATION

Two Days' Festivities Are Planned.

SHAM BATTLE A FEATURE.

The Fourth of July celebration committee held another meeting in E R Skipworth's office last night to further arrange the details of Eugene's big celebration. Committees from various civic organizations of the city assured the general committee that they were in accord with the movements of the committee and that they could be depended upon to take an active part in the celebration. Otto Gilstrap and Chris Kauffman were appointed to arrange for the "plug ugly" parade.

It has been decided by those in charge to have a two-days celebration, which will be one of the grandest ever held in the valley. On the third there will be horse-racing, blue rock pigeon shooting, baseball games, and following out the GUARD'S suggestion, the committee is arranging for a sham battle to occur in the forenoon, to be participated in by the Fourth Regiment, O N G, which will break camp that day, after a week's encampment at Bangs' Park. In the evening of the third there will be a grand ball in the Armory.

On the Fourth there will be the most elaborate parade ever held in the city, literary exercises in the Park, horse races, the "plug ugly" parade, etc, and in the evening fire works and another dance in the Armory. The famous Fourth Regiment band and other musical organizations to be engaged later will furnish music.

With the one-fare rate to be made by the S P R R large crowds from other towns along the railroad will attend our celebration besides the usual big turnout from the rural districts of the county.

Still More Counterfeiting.

The Secret Service has unearthed another band of counterfeiters and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them of being spurious. Things of great value are always selected by counterfeiters for imitation, notably the celebrated Hostetter's Stomach Bitters, which has many imitators but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters set things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeits when buying.

GROUND BROKEN.—The ground for the new University building was broken this forenoon and a number of teams are now at work excavating for a basement. The foundation will be of concrete, the brick work commencing upon this material. The brick is being hauled to the ground from the depot, originally coming by the railroad from Oakland, Oregon. Mr H Breithaupt of Portland, is acting as superintendent.

INJURED SOMEWHAT.—The hail Tuesday afternoon did a slight amount of damage to T D Linton's hops. Some of the hops were knocked off.

TO TRADE.—Horses to trade for Eugene property. Enquire at this office.

PROMINENT LECTURER.

Marie C. Brehm at the Methodist Church Tomorrow Evening.

Marie C Brehm, superintendent of the Franchise department of the National W C T U will lecture in the M E church Friday evening, June 14. The Union Signal says of her:

"Miss Marie C Brehm of Chicago, National Superintendent of Franchise, made a flying visit to California, visiting only a few counties but leaving in her wake an aroused and awakened sentiment. Miss Brehm is pronounced by all who heard her a marvel of grace, dignity and power. Her manner and appearance on the rostrum is as faultless as pleasing. She holds her audience from the first with a magic of soul and force reaching beyond the sentiment of humor and pathos, beyond the weight of facts and the power of logic, in all of which she is master wielding a Damascus blade. She closed her visit in San Jose after addressing the educational institutions of the county, embracing the Pacific and Stanford universities, and the State Normal, filling the Baptist tabernacle, one of the largest churches in the city to overflowing, many being turned away."
