HOW COMES COAL-OIL?

At the United States Geological Survey the recent discoveries of oil in Texas, Wyoming and California are regarded with complaisance not only because they will add millions to the visible wealth of the country, but because they furnish additional fields for investigation into the source and origin of the various grades of "oil," says the Baltimore Sun.

With all the study and original research which have been going on for many years in connection with petroleum there is much ignorance on the subject. Where it can be found, whence it comes and its origin are all unanswered questions. When a gusher is struck it spouts a black fluid known as "oil." This may be a compound of 50 or 100 different oils, which have to be separated as far as possible before being marketed. The qualities and characteristics of oil vary not only in the different wells, but often in the same well, the yield from one stratum being different from that of another lower down. The oil of the United States is entirely different from that found in Russia, Java or Peru, which fact substantiates the theory that the several oils have different origins.

COPPER MINING INDUSTRY.

The marvelous growth of the copper industry within the past century, and particularly within the past decade, may be exemplified by a comparison between the production at the beginning of the last century and its close. In 1800 the output of the copper mines of the world was about 18,000,000 pounds. In 1900 the production was over 1,000,000,000 pounds. During the entire century the copper mines of the world produced 2,000,000,000 pounds. The United States produces more than one-half of the world's output at present, the production for the present year being estimated at 600,000,000 pounds. While the United States has become the greatest producer, it has also become the largest consumer, by reason of the enormous growth of electrical and kindred industries. But this country is yet the greatest source of supply for Europe.

Michigan, Montana, Arizona and California are the principal producing sections, Michigan leading with its large production from the Lake Superior copper belt. Its mines alone produced, in the ten years including 1890 and 1899, copper with a value of $155,878,718, and paid in dividends during that time $47,982,000.

George E Chamberlain, district-attorney of Multnomah county, is prominently mentioned as the possible nominee of the Democratic party for governor next year. No better selection could be made. Mr Chamberlain is in the prime of life, has ripe legal attainments and business knowledge, is practical and knows the needs of the state, having passed all the years of his manhood as a resident thereof. Farther he would be elected. George Chamberlain is not in the habit of getting beat.

Mayor Rowe of Portland is a strong advocate of cement walks in every part of the city. They are nice and substantial but come high. It would be an onerous tax on most residence property.

Major-General Chaffee says the allied troops killed fifty inoffensive Chinese to one Boxer and that indiscriminate looting, which means stealing, was the rule.

The farmer will learn what a trust is when he buys his binding twine this year.

Notice to Bridge Builders.

Notice is hereby given that sealed bids will be received at this office up to noon July 6th, 1901, for the construction of a county bridge on Bear Creek at what is known as the Mahon crossing, 4 miles west of Junction, according to plans, specifications and strain diagram thereof furnished by me and kept in this office for the information of bidders. A deposit of five per cent the amount of bid is required by the state law with each bid. The right is reserved by the court to reject any and all bids.

A WOMAN'S THROAT

Is her fortune if she chances to be a Patti or Albani, and that fortune is guarded day and night with the greatest care. Nothing frightens a singer so much as a cough.

Every woman ought to be afraid of a cough. It is nature's danger signal. Who does not know of some sweet woman-voice silenced forever by disease which began with a slight cough.

The use of Dr. Pierce's Golden Medical Discovery will ensure a permanent cure of the most obstinate and lingering coughs. Even when the lungs are involved and there are hemorrhages and emaciation, "Golden Medical Discovery" is generally effective in restoring the diseased organs to sound health and strength. There is no alcohol in the "Discovery" and it is entirely free from opium, cocaine and all other narcotics.

"I am feeling quite well," writes Miss Dorcas A. Lewis, of No. [illegible] Street, Washington, D. C., "and I owe it all to Dr. Pierce's Golden Medical Discovery. I had been quite a sufferer for a long time, and after reading Dr. Pierce's Common Sense Medical Adviser thought I would try his 'Golden Medical Discovery.' I had not been sleeping well for a long time. Took one teaspoonful of Dr. Pierce's Golden Medical Discovery and slept nearly all night without coughing, so I continued taking it. I had been a great sufferer for more than ten years. I tried lots of different medicines and different doctors, but did not feel much better. I coughed until I commenced spitting blood, but now I feel much stronger and am entirely well."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

Upper McKenzie News.

R S Belknap writes us from Belknap Springs under date of June 19 that there is considerable travel across the mountains via the McKenzie wagon road, six to eight teams passing each way a day.

The snow on the summit is about gone. A few more hot days will take it all. A gang of men were working the road, cleaning it of loose rock and fixing bad places. Eight families were camped at the Springs.

Didn't Marry for Money.

The Boston man, who lately married a sickly rich young woman, is happy now, for he got Dr King's New Life Pills which restored her to perfect health. Infallible for jaundice, biliousness, malaria, fever and ague and all liver and stomach troubles. Gentle but effective. Only 25 cents at W L DeLano's drug store.
