SATURDAY - - JULY 13

AN OHIO PLATFORM.

Here are some of the things the Ohio Democrats declare for:

"The Democrats of Ohio reaffirm their belief in the equality of taxation and other public burdens; their advocacy of the equal rights of all people, with special privileges to none; their hostility to the monopolization of industry with tendency on the one hand to crush out individual enterprise, and on the other to promote a socialistic spirit among the people as the only refuge from oppression; and their faith in that theory and practice of constitutional government which brought the Nation into existence and have preserved it to the present generation. With those objects the democratic party of Ohio makes the following declaration of principles and policies:

"The government of municipalities of the state should be radically reformed and wise general laws enacted to correct abuses and prevent their recurrence. The democratic party therefore calls upon the people to unite with it in placing the conduct of municipal affairs upon a business basis, that they may be administered by the people in the interest of all the people on the principle of home rule. No franchise extension or renewal thereof ever to be granted by any city or village, without first submitting the same to the vote of the people.

"The acceptance of free passes or other favors from railroads by public officers or employes shall be made adequate ground for vacating the offices held by them.

"We demand that the reserved rights of the state and the people be upheld, and condemn centralization, which would destroy them.

"We demand a strict construction of the Constitution with the greatest individual liberty consistent with public order and welfare.

"We renew our faith in tariff reform, never more urgently demanded than now, when the production of the country so far exceeds its power of consumption that our foreign markets are a prime condition of its continued prosperity.

"We demand the enactment and the vigorous enforcement of measures which shall prevent all monopolies and combinations in restraint of trade and commerce—the matter of first importance being to prevent the use of the Government as an instrumentality for the creation and increase of the wealth of the few, while preserving intact the right of private property and the fullest measure of indivivual liberty of contact, and assuring to every man the just reward of superior industry. We demand the suppression of all trusts and a return to industrial freedom. As a means to that end all trust products should be placed on the free list, and the Government should exercise a more rigid supervision of transportation lines and abolish, in fact, all unjust discrimination in rates.

"We demand that our merchant marine be restored to its former greatness and made the ally of the people against monopoly by the repeal of antiquated restricted navigation laws, with no subsidies for favored ship owners.

"The powers granted the Federal Government were not meant to be used to conquer or hold in subjection the people of other countries. The Democratic party has never favored, and now opposes, any extension of the National boundaries not meant to carry speedily to all inhabitants full equal rights with ourselves. If these are unfitted by location, race or character, to be formed into self-governing territory and then incorporated into the Union of States, in accordance with the historic policy of the Republic, they should be permitted to work out their own destiny.

"Only territorial expansion demanded by the National welfare and the National safety should be at any time favored—the objection which should have prevented certain of our recent occupations being that they imperil the National safety without promotion of the National welfare; that they devolve upon us enormous responsibilities we have no call to assume; that they are certain to be an unremunerative drain upon our resources; that they tend to embroil us with European powers; that they weaken our claim to supremacy on the American Continent; at the same time that they lessen our ability to make the claim good and that they furnish a dangerous opportunity and temptation for the disregard of the self evident truth of universal application that "governments derive their their just powers from the consent of the governed."

"The pitcher that goes often to the well is broken at last." There's a world of wisdom in that familiar proverb, and a sound application of it to disease, especially to such familiar forms of disease as coughs and colds. Singularly enough the very thing that ought to cause alarm is given as excuse for a feeling of safety. "It's nothing; only a cough. I've had it before." The fact that a cough recurs periodically should be warning enough to take it in time, for the most serious and disastrous of all maladies begins with a cough.

The use of Dr. Pierce's Golden Medical Discovery not only stops the cough but cures the cause. It cures obstinate, deep-seated coughs, bronchitis, weak lungs, hemorrhages, diseases which if neglected or unskillfully treated find a fatal termination in consumption.

Accept no substitute for "Golden Medical Discovery." There is no other medicine "just as good" for weak lungs.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Delaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so bad. Had a bad cough, spit blood, was very short of breath, in fact could hardly get my breath at all some times. I had pains in my chest and right lung, also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, and now I can do a small washing. I worked in the canning factory this fall and I feel like a new person. I believe that the Lord and your medicine have saved my life. I was sick over two years. I took thirteen bottles of the 'Golden Medical Discovery,' and four vials of Dr. Pierce's Pellets."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N.Y.

BLUE RIVER MINES.

Late Arrivals From That Camp Report That Matters are Booming.

Albany, July 12.—Attorney A A Tussing and Mr R E Warner, of Brownsville, were in Albany yesterday, having just come from the Blue River mines. They report things booming in that region. All the land on the Blue River side of the mountains is staked out, and most of it is being prospected. All the mines are panning out well.

Heretofore all the mining has been on the Blue River side of the range, but now the miners are beginning to work on the Calapoola side. Several rich strikes have already been made. The ore is richer than that mined on the other side, and Mr Warner says that the mines already discovered give evidence that the Calapoola side will eventually be the richer of the two.

Mr Warner told an interesting story of how a new mine was discovered on the Calapoola side. Some old and experienced miners, who have worked for several years in the mines on the Blue River side of the range, came over on the Calapoola side prospecting. Finding nothing they returned to the other side. A short time afterward some men from Halsey were prospecting on the Colapoola side, and dug at the exact spot where the other men had camped. They struck a hidden ledge, which yielded some of the richest gold-bearing ore ever discovered in that region. It was a hidden ledge and had fooled the old miners, but the men were led to dig in that place by the appearance of other rocks in the vicinity.

Whereas, an act of the Legislative Assembly of the State of Oregon, (H B No 11) approved February 23, 1901, requires that all lands upon which this and all counties in the state hold certificates for taxes, issued more than two years ago, shall be sold at public auction; and

By order of the Court this 6th day of July, 1901.

E U LEE, Clerk.
