A RICH MINE

"The Hustler," Owned by A E Wood and Son Showing Up Fine.

A MILL IN SIGHT

"The Hustler" mine, owned by A E Wood and son Hally, of Eugene, located in the Blue River mining district, about 1 1/2 miles southeast from Gold Hill, is developing into one of the rich mines of that district. During the past few weeks the value of the ledge have greatly increased, and our informant, a practical miner, says he is confident a mill will pay from the first dropping of the stamps. Already 400 feet of tunnel has been run on a well defined ledge of good thickness. It is the intention of the owners to soon place a ten-stamp mill on the property, we have been informed.

The Messrs Wood are among our best known citizens and their many friends will be glad to learn of their mine turning out so well.

In five years time the Blue River mines will be known in every camp in the United States.

An Automobile Race.

A feature of the Buffalo Exposition will be a race between automobiles representing all nations. Although it is claimed that France is ahead of us in the construction of these vehicles, it is hoped that American manufacturers will come in first. America generally keeps at the head of the procession in all lines of industry, science and medicine. No country in the world has ever produced so good a medicine for the cure of stomach, liver, kidney and bowel disorders as Hostetter's Stomach Bitters. For over 50 years it has been the standard medicine. It promotes sound sleep, restores the appetite and cures dyspepsia, constipation and biliousness, also prevents malaria, fever and ague. Do not fail to try the Bitters, as it will surely do you good.

OIL OPERATIONS.

President of Great West Company at Springfield today.

J E Simmons, president of the Great West Oil and Coal Co., who have contracted to bore for oil on N Hill's place, at Springfield, arrived in Eugene from Portland last night and this morning proceeded to the scene of the proposed operations where he has been during the day.

The company has a boiler, engine and lumber, for the erection of a derrick, on the ground and other machinery which has been ordered will arrive soon, and active boring for oil will commence as soon as everything is in readiness.

This company has plenty of capital behind it, and it is a sure thing that a well will be sunk. We understand the derrick will be immediately erected.

CHILLY FEET.—The Eugene firemen who want to participate in the hose races at the Roseburg street fair claim that the firemen of that place have cold feet and do not want to run with them as they were badly beaten by our boys last year. Some time ago the fair committee was telephoned to regarding the hose races and the committee seemed to be in favor of having the Eugene boys participate in them. Later a letter was written asking for terms, etc, and after patiently waiting for an answer our boys have come to the conclusion that by their silence the Roseburg people are afraid to have the Eugene firemen run in the races as the prize money would be sure to be carried away by them.

WHO WANTS TO GO?—The International Good Roads Congress is to be held in the city of Buffalo, New York, September 16-21, 1901. The "Good Roads Train" will be on hand and will give exhibitions of practical work. Mayor Chrisman has the appointment of two delegates to the congress, and informs the GUARD he will appoint any reputable citizens of Eugene who may apply to him. Reduced rates to all delegates will be made over all railroads. All sessions of the congress will be held during the Pan-American Exposition.

MARRIED.—Miss Melva Powers and Mr Roy McPherson, of Springfield, were united in marriage yesterday evening at 6 o'clock at the residence of the officiating clergyman, Rev E C Sanderson, corner of East Twelfth and Alder streets. The wedding was a quiet one, only a few friends of the couple being present. They are estimable young people and we wish them unbounded joy and success.

RESIGNED.—H C A Miller has resigned his position as engineer and electrician for the Eugene Electric Light Co, the resignation to take effect September 1st. Mr Miller, who has been with the company 10 years or more, will move to his farm west of Eugene. Elmer Dillard, of Goshen, will take Mr Miller's place at the light station.

PROMOTIONS.—C H Markham has been promoted and will go to San Francisco as assistant freight traffic manager of the S P R R. R B Miller will take the place made vacant by Markham. We are sorry to see Mr Markham leave Oregon, but welcome Mr Miller to the vacancy.

TO CARPENTERS.—Wanted to exchange lots for lumber and work. Address Box 315, Eugene.

HOP PICKING.—Will begin in the Bushnell yard on or about Sept 5, 1901. E T BUSHNELL.

Bridge, Beach stoves and ranges—nothing better built; even, a quick oven. Guaranteed, with a water core see them at F L Chambers'.

There was quite a runaway on Pearl street this forenoon about 10 o'clock. A farmer's team attached to a wagon ran out south on said street and landed up near Twelfth street. No material damage.
