FRIDAY - - AUGUST 30

WEEKLY CIRCULATIONS.

In an editorial on "Our New Dress" in this morning's Register, this statement is made:

Today the Weekly Register has a larger circulation in Lane county than any other county paper, a fact our contemporaries all freely admit.

The Register does not state facts when it asserts that its "contemporaries all freely admit" that it (the Weekly Register) has "a larger circulation in Lane county than any other paper." We have the best of reasons for knowing otherwise. Several months since the Register press broke down, and the GUARD extended the courtesy of the use of its press. The Register edition was run off, and that with a pressman not familiar with the press, in a little more than half the time required to print the GUARD with a pressman familiar with the press. This statement will be verified by the foreman and other employees in the GUARD composing and press-room.

AN UNUSUAL HANGING.

If George O'Brien, executed at Dawson August 23, for the murder of three companions, was guilty he was a notable exception among men who have gone to death by the scaffold route. The dispatch giving an account of the execution says that: "Protecting his innocence, O'Brien mounted the scaffold without a tremor, and, standing erect on the trap, hurled anathemas on the heads of those who were instrumental in bringing about his conviction. When asked to confess his crime, he stoutly maintained his innocence."

Murders very seldom die that way. Without the evidence was direct and positive and sustained by the testimony of men of undoubted veracity, the beholder of such a hanging could not but gravely question the justice of the fate meted out to the unfortunate man.

The officers of the Selby Smelting Works, San Francisco, announces that they will not pay the reward of \$25,000 offered for the recovery of the three hundred and twenty thousand stolen by an employee, but will liberally compensate the detectives who worked up the case. They do not like the name of compromising a crime, but that is what it amounts to, whatever statement they may give out to the public. With nearly a third of a million dollars at stake they could not be blamed for making any promise—immunity from punishment, or otherwise.

The Morning Register appears today with a neat new dress, making a very creditable appearance.

The "Bad Lands" is the very appropriate name applied to that portion of Portland that is given entirely up to disreputable women and worse men. "Bad Lands" describes the locality exactly.

Speaking of Luzon, General MacArthur is quoted as saying: "You may say the whole country is pacified but not tranquilized." In other words, the war is over but the fighting is still going on.

The steel and iron strike is made an excuse by millowners to advance prices of their products. At the same time they make no settlement with the employees whom they will likely starve back to work.

The Baldwin-Zeigler north-pole party, starting from Norway has been landed at a point 80.24 degrees north latitude. Those other nine degrees, 660 miles, are the hard ones that lie between the explorers and fame.

The City of Trenton was racing when she blew up near Philadelphia, yesterday. And twenty lives and the forfeit for the recklessness of those in charge of the boat, besides nearly two scores, more or less, severely wounded.

Peapack, New York—who ever heard the name before—was the scene of a reunion of the "Smiths & Peapack" yesterday. Two thousand were present, all claiming relationship with John Schmidt who came to that state one hundred and fifty years ago.

OVERBURDENED.

The Egyptian woman looks greatly overburdened, and yet the physical burden she carries will not compare with the burdens borne by many an American woman. There is no burden like the burden of disease. The woman who suffers from indigestion or ulceration, bearing-down pains, weak back and nervousness, bears a burden which crushes her very life.

Every woman should know that Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It cures the womanly diseases which cause weakness and feebleness. It quiets the nervous system, cures the aching back and throbbing head, and gives strength for wifely duties and maternal duties.

"When I first wrote to you I was in a bad condition, and had almost given up," says Mrs. B. L. Sander, of Wilkesville, Vinton Co., Ohio. "I was suffering from indigestion, bearing-down pains, weak back and nervousness, and I was almost a wreck. I had tried many remedies, but nothing seemed to help me. I then bought a bottle of Dr. Pierce's Favorite Prescription, and took it as directed, and the first week it began to help me. I took three bottles and am now as well as I ever was. I feel better than I have for years."

Dr. Pierce's Medical Adviser, in paper covers, is sent free on receipt of 21-cent stamp to pay expense of mailing only, or if cloth bound volume is desired, send 51 stamps. Address Dr. E. W. Pierce, Buffalo, N. Y.
