WILL TRY NEW GRAINS.

Industrial Agent Judson is sending out to farmers along the Southern Pacific lines in Oregon a large number of specimens of grain, with the object of introducing better varieties than are now grown in the territory. The new grain comes from all parts of the world—from Europe, Asia, Africa South America and Australasia, not to mention other grain sections of North America. There are 90 varieties of wheat, about 30 varieties of barley and about 20 varieties of oats. Several thousand bushels will be distributed among farmers who will take an interest in properly cultivating them. Of course, the distribution is free, but the supply is necessarily limited, and only those who can give the grain proper attention will be supplied. It is expected that most of the new grain will not show great improvement over the varieties now grown, but if there be only one or two marked improvements over the present varieties in each species of grain, the object aimed at will have been accomplished. And it is possible that such improvements may be found as will entirely change the agricultural situation in Western Oregon.

The grain thus sent out for trial in Oregon has been gathered from all quarters of the world by the assistance of the Department of Agriculture at Washington. The work of cultivation, to ascertain its adaptability to the conditions prevailing here, is undertaken by the railroad company, in harmony with the State Agricultural College, the two agencies working together for the general good of the state. Reports will be required from each parcel of seed sent out, as to the natural conditions, the amount of cultivation bestowed, and the results. It may be also that those who successfully grow this grain will be asked for seed for still further distribution.

SAN FRANCISCO BARBER SHOP RULES.

The San Francisco Board of Health has adopted sanitary regulations for barber shops. The restrictions are very severe, and will apply to every barber shop in the city. Health Board inspectors will visit the shops regularly and report any violation of the rules. Here are a few of them:

The place of business, together with all furniture, shall be kept at all times in a cleanly condition. Floors or woodwork should be swept or brushed dry, but must be mopped up with an antiseptic solution, preferably a solution of corrosive sublimate.

Mugs and shaving brushes shall be sterilized by immersions in boiling water, 3 or 5 per cent formalin solution, after every separate use thereof.

Razors shall be wiped with 95 per cent alcohol before and after being used on any person.

Barbers shall keep their finger nails short and clean.

The use of powder puffs are prohibited. Instead use clean towels or absorbent cotton.

The use of sponges are prohibited.

Every barber shop shall be provided with running hot and cold water.

A separate clean towel shall be used for each person.

Every barber shall cleanse his hands immediately after serving each customer.

Millers from all over the Central West are in Washington to renew their old fight for legislation that will prevent the railroads from unjust discrimination against flour in favor of raw wheat. The rates now in force give about six cents per hundred weight advantage to the flour, thus enabling British millers to import our wheat, grind it, and send it back to compete in our own markets with the home ground product.

Because a Seattle telephone girl was pert and impertinent, and refused to connect a subscriber to the fire department when he wanted to give notice of a fire, a loss of $60,000 was incurred, and now the telephone company is being sued for damages by the person refused services and by the insurance company which suffered the loss.

A Fiendish Attack.

An attack was lately made on C F Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes that he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at W L DeLano's drug store.

NO SHADOW

Of outward misfortune can darken the smile of the loyal wife and loving mother. But when disease comes the smile slowly fades, and in its place comes the drawn face and tight closed lips which tell of the constant struggle with pain.

When the delicate womanly organism is diseased the whole body suffers; the form grows thin, and the complexion dull. The first step to sound health is to cure the diseases which undermine the womanly strength.

Dr. Pierce's Favorite Prescription establishes regularity, dries [illegible] heals inflammation and ulceration and cures female weakness. The wonderful cures of womanly diseases effected by the use of "Favorite Prescription" place it at the front of all put-up medicines specially prepared for the use of women.

"I was troubled with female weakness [illegible] and suffered more than I can [illegible] [illegible] "My disposition was affected [illegible] [illegible] was almost an impossibility.

"I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' and also followed the advice given in the Common Sense Medical Adviser.

"I continued this treatment for three months and to-day am as healthy and well as [illegible] can be. I cannot thank Dr. Pierce enough for his kind letters to me."

A Linn County Stockman.

Harvey A Sommerville returned last week from the range on the south fork of the John Day river, where he and W S Brown have their stock, says the Harrisburg Bulletin. He reports that while there they sold 200 head of beef steers for $6.50 per 100 pounds, and 50 cows for $3 10 per 100 pounds, all delivered at Pendleton, and, that since he left the range Mr Brown sold another 100 head of of beef steers for $3.55 per 100 pounds, to be delivered at Ukiah. From this range, Mr Sommerville says, there has been sold this season 1430 head of beef cattle, and several bands of range horses. The horses, in promiscuous lots, brought $10 per head; also that many cavalry horses had been picked up on the range at $30 and $35 per head. He further mentions that he and his partner have 700 head of cattle which they will winter, and for these they have plenty of feed now on hand.

Timber Land Act June 3 1878. Notice For Publication.

UNITED STATES LAND OFFICE, Roseburg, Or., Aug [illegible], 1901.

Notice is hereby given that in compliance with the provisions of the act of Congress of June 3, 1878, entitled "An act for the sale of timber lands in the States of California, Oregon, Nevada, and Washington Territory," as extended to all the Public Land States by act of August 4, 1892, Ira L. Campbell, of Eugene, county of Lane, State of Oregon, has this day filed in this office his sworn statement No. [illegible] for the purchase of the N. W. [illegible] of Section No. 25 in Township No. 17 S., Range No. 4 E., and will offer proof to show that the land sought is more valuable for its timber or stone than for agricultural purposes, and to establish his claim to said land before the Register and Receiver of this office at Roseburg, Oregon, on [illegible] day, the 9th day of November, 1901.

He names as witnesses:

W. T. Campbell, of Blue River, Oregon; Geo Marks, of Blue River, Oregon; [illegible] Symons, of Blue River, Oregon; E. [illegible] pening, of Blue River, Oregon.

Any and all persons claiming adversely the above-described lands are requested to file their claims in this office on or before said 9th day of November, 1901.
