HIGH SCHOOL WON.

A Majority of More Than 200,000 Votes Over the K of P.

THEY DESERVE THE PIANO

The High School was an easy winner in the Trowbridge piano contest. The count of votes was finished this morning at 11:30 o'clock and the result shows the High School to have over 200,000 votes more than the Knights of Pythias.

Following is the result of the last count:

High School 426,761
Knights of Pythias....................260,281

The total vote for each was as follows:

High School...............................529,02
Knights of Pythias.......................322,613

High School's majority......206,413

Besides these two organizations 50 or 60 other organizations, societies and individuals were voted for during the progress of the contest but no serious effort was made to compete with the two leading contestants.

This contest was started shortly after the Kimball contest was started in June and was conducted by 25 of the merchants of this city. As on the other, for each 25-cent purchase one vote was given out.

The tickets necessary to conduct the contest, numbering over 150,000, were all, with the exception of 2,000 or 3,000, printed by the GUARD.

The school deserves the prize. The students have worked hard for it, and it will be a great convenience to them at their concerts and other social functions.

More Target Practice.

Quite a squad from the regimental band and Companies A and C, the three organizations to compete in a rifle shoot on Thanksgiving day, took part in target pretice at the O N G range in the Chapman field south of the city yesterday. Following are some of the best scores made:

MR. FRAZER'S RECITAL.

The Young Musician Certainly Has a Brilliant Future.

The music recital at Villard hall Saturday night was an artistic success. The great audience, the sympathetic hearing, and intelligent appreciation combined to make a sincere tribute to the genius of the young artist. Eugene has cause to feel proud of Arthur Louis Frazer and the promise of a brilliant career the future undoubtedly has for him.

Prof Nash has presented to Eugene audiences some excellent pupils, but none whose work has been more prophetic of unusual success.

The program was a happy combination of the intellectual and emotional, requiring technique and interpretation, the variety offered making it possible for all classes of hearers to enjoy the evening.

The vocal numbers by Miss Bertha Rowena Templeton were also much appreciated and reflected credit upon the thorough training of her teacher, Miss Hansen. The flexibility of her voice was displayed in the beautiful Villanelle of Dell 'Acqua, while her other numbers showed her tone production to great advantage. She was ably assisted by her accompanist, Miss Carrie M Ford, who is achieving a reputation for sympathetic and intelligent accompanying that makes her much in demand.

Mr Frazer played selections from Beethoven, Schumann, Chopin, Moszkowski, Kullak and other masters. His extraordinary technique and self-confidence carried him triumphantly through all the varied difficulties of the compositions presented, all of which had been memorized. Added to the thorough and painstaking drill he has received from his teacher, he possesses a musical nature without which intelligent interpretation is impossible. In the funeral march of the Beethoven Sonata and in the Godard selection his pedaling brought out the theme in clear relief, while his delicate touch was displayed in the Chopin numbers. The most difficult number in his program was the Octave Study by Kullak. This made the greatest demands on his technique, and the enthusiastic recall he received demonstrated the satisfaction of the audience as to his success of the performance.

Mr Frazer's future is full of promise.

A New Fire Net.

The new fire net recently adopted by one of the metropolitan fire departments has been such a great success as a life saver, that its universal adoption is predicted in the near future. Every one takes special interest in any invention that will save or prolong life. This is the reason so many people have been praising the merits of Hostetter's Stomach Bitters during the past fifty years. This powder medicine has done more to promote health and long life than any other in existence. It will cure dyspepsia, indigestion, belching, flatulency, insomnia, nervousness and malaria, fever and ague. Many prominent physicians recommend it. Be sure to give it a trial. The genuine must have our Private Die Stamp over the neck of the bottle.

HERBOLD AT MOSCOW.—The Portland Telegram football editor says: "Idaho is being coached by Fred D Herbold, formerly of the University of Oregon, and later of Perdue. Herbold is a good coach, and is working his men into shape for the hard struggles that will come later on."

A HIGH GRADE PIANO—Is one of the chief delights of the modern home. Now is the time to buy one at a very low price and at almost your own terms. Do not miss this opportunity and call as soon as possible at the new piano store in the Titus block, 615 Willamette street, Josef Mueller, manager.

The woolen mill bonus committee will be out again tomorrow and will continue to work until the $8000 is raised.

Large audiences greeted Evangelists Burton and Eshelman at yesterday's services at the Christian church. There were six accessions, making ten since the meeting commenced.

Wallace McCamant, of Portland, so the Baker City Herald says, in an interview, stated that "George E Chamberlain, democrat, will be a hard man to beat, and that Geer will be the strongest man to put against him."

Ed Casey, the fellow who saw snakes is getting better and will soon be liberated from jail Saturday evening he was turned over to Sheriff Withers and transferred from the city jail to county jail. It was thought that he had become insane but it was only a prolongation of the jim jams.

The High School Philomathean society met Friday evening, Oct 18, and elected the following officers. President Mabel Poill; vice president, Gertrude Gray; secretary, Jessie Paddock; treasurer, Helene Robinson; sergeant-at-arms, Sadie Ford; reporter, Iva Cox; critic, Emma Green.

This is positively the last week of the Receiver's Sale of the T A Gilbert bankrupt stock of shoes in the Holden building on Willamette street near Tenth street, as I am going to leave Eugene for San Francisco, Cal, next Sunday and I am now slaughtering the remainder of the stock at your own price.

SOL PRUER, Receiver.

MACCABEES' ENTERTAINMENT.—Tonight in Odd Fellows' temple the Knights and Ladies of the Maccabees will give an entertainment and banquet, after the initiation of about 40 candidates into the K O T M. A large delegation of Knights and Ladies came down from Cottage Grove this afternoon to assist in the exercises, and an enjoyable time is anticipated. A good musical and literary program has been prepared for the public part of the exercises.

PUBLIC SCHOOL ATTENDANCE.—Superintendent Bechdolt today informed a reporter that the attendance of pupils at the public schools reached the 931 mark the latter part of last week, and several more entered this morning. The 1000 mark will probably be reached yet. Professor Bechdolt says the grammar grades in both the Patterson and the Geary schools are very much crowded.

WILL GIVE $50.—Jasper Wilkins, of Coburg, was in Eugene today. He informed the GUARD that although he lost $325 on the cannery and $100 on the steamer Eugene, he has faith in the woolen mill proposition and will be one of 20 to give $50 to the $8000 bonus.

DIED.—Mrs Nora Hayes, wife of Homer Hayes, died today at the home of her father, Park Zumwalt, near Elmira, from consumption The funeral will be held Wednesday.
