ANGELL AND SMITH.

Both on the Columbia Football Team.

The Oregonian yesterday printed a picture of Homer Angell, a graduate of the U O, and has the following appended thereto:

THE DALLIES, Nov 19.—Homer D Angell, of The Dallis, a graduate of the University of Oregon, is playing football with the Columbia university eleven in New York City.

Mr Angell has been playing track for the 'varsity' in the smaller games, but has not yet lined up against any of the Big Four teams.

He plays his position with astonishing skill, considering the fact that he has but one hand. Angell was one of the star players on the Oregon eleven in 1898 and 1899, and won many honors in oratory and athletics during his college course.

He was graduated with the class of 1900.

Mr Angell is now in the Columbia law school. R S Smith, another University of Oregon graduate, is with the Columbia eleven this year, and is said to be the best ground gainer on the team.

The Philadelphia Press of Nov 14, in a review of the present football situation, has the following to say concerning "Dick" Smith, the well-known Oregon athlete:

"There was joy at Columbia yesterday when it was announced that Smith, the sterling half-back, had decided to play in the Cornell game. Without Smith the chances of Columbia would look slim.

"As a ground gainer through the lines Smith is even superior to Weekes. The latter can hurdle and get around the ends with great speed, but Smith is the star line backer of the team. He is also very strong on defensive work, and he will be useful in this department as on the offense."

Last evening at her home on West Seventh street Miss La Verne Long gave a pleasant party in honor of Miss Lulu Gilstrap's birthday.

Cards and music provided the vehicle for the passing of an enjoyable evening. Refreshments were served. The invited guests were: Mr and Mrs C O Hammond, Mr and Mrs Romeo Gilbert, Mrs John Kauffman, Misses Agnes Haaris, Lulu Gilstrap, Lottie Waller, Pearl Roberts, Rebecca Haines, Madge Batee, Mae Erickson; Messrs Austin Hampton, Frank Hayes, Olive Cheshire, Will Branstetter, Arthur Stubling, Chas Griffin, Rae Norris, Percy Patterson, Elmer Wright, Orval Gilstrap, Ernest Gilstrap, Walter Carroll.

The annual banquet of the Women's Patriotic League at the Cachou Cafe last evening was a decided success.

GUN CLUB BUILDINGS.

Being Erected Today on a Site Donated by Dr. Cheshire.

Dr W L Cheshire has generously donated to the Eugene Gun Club a site in Frazer & Hyland's addition to Eugene, just beyond College Hill, for the erection of club buildings which were commenced this morning and lumber for which was delivered yesterday.

One building will be 30 or 35 feet long and about 10 feet wide and another about 25 feet square. They will be plain in construction but very serviceable.

A number of the members of the club went out to the grounds this morning to assist in the erection of the buildings.

The Thanksgiving shoot for turkeys promises to be a big success.

Coming to Eugene.

Manager Ross of The Parker makes a special announcement that he has completed all arrangements for the appearance at the opera house on Tuesday next of Misses Ethel Balch and Marie Lamour, supported by Frederic Murphy and a strong company in Wilfred Clarke's London success, "A Wise Woman."

The comedy is said to be an exceptionally bright piece of farcical writing. It was originally presented at the Strand theater, London, where it played to remarkably big business during a long engagement of 238 nights.

The farce which the critics declare to be exceptionally well developed and interesting throughout is arranged to admit the introduction of a number of high class specialties, without which any farce in these days would be deemed incomplete.

Wilfred Clarke, the author of the comedy, and who is incidentally the son of the late John Sleeper Clarke, the famous comedian, has staged the production himself, and this important detail is said to have been carried out in a most artistic manner.

Frederic Murphy, the leading man of the organization, became well known to many patrons of the drama through his long connection with Julia Marlowe's company.

STILL ANOTHER GAME.

U. O. Glee Club's Concert Postponed Until Further Notice. Manager Redmond announces that a football game has been arranged for to be played between the teams of the University of Oregon and Pacific university on the Saturday following Thanksgiving.

The U O boys are not at all in favor of the game but circumstances are such that they are almost compelled to play this game.

Although the boys are willing to sacrifice their time and effort for the sake of the institution, yet they do not believe this game a necessary because Pacific university ranks in a different class than our own institution.

It is too far behind to compete with us on the track and why should we be expected to measure strength with it on the gridiron? Furthermore, the boys will be sore and bruised after the Multumoham game and will be in no spirit to play any kind of a game.

The P U game seems wholly unnecessary and the U O would be justified in not playing.

The regular annual concert of the glee club, which was scheduled to be given Tuesday evening, November 28, has been postponed until further notice.

However, the concert will be given before the Christmas holidays, probably two weeks from last Saturday evening.

As the club contains a large percentage of new men and also several members play football, it is thought that a better entertainment can be given a little later.

The musical talent of the club this year is considerable above the average and the exhibition this year if anything, excels those of previous years.

Another Brieflet.

DEAR OLD GUARD!—It seems to me that you ought to answer my questions without hesitancy.

Why were a number of leading men not "interviewed" by the Register? Such as ex-Mayor Kuykendall, senator Booth, Judge Potter and the others mentioned previously.

And, by the way, I learn that they have great "influence" with the "Mitchell organ." Is this true? Could they have been overlooked purposely? Carrying "water on both shoulders" is an old dodge.

It is not too late yet to get their opinions in print, is it? 'To swallow gudgeons 'ere they're oven'd; And count their chickens 'ere they're hatch'd.

Yours faithfully, J HAMILTON SAMPSON.
