FRIDAY - - JANUARY 3

Chaplains of the United States navy have their troubles as well as other people. At a recent Methodist ministers' meeting in New York a speaker claimed that their salaries were insufficient. He also found fault with the uniform, which he described as a "single-breasted, shad-bellied, long-tailed frock coat, such as is worn by clergymen in some foreign countries, but which simply looks ridiculous here." He said that at the opening of the Kiel Canal, when the Kaiser passed through the line of warships, the chaplain on the American ship was ordered below because of his grotesque appearance.

J P Morgan has bought Raphael's celebrated painting, "Madonna of St Anthony of Padua," paying five hundred thousand dollars therefor. He will not bring it to the United States at present on account of the one-hundred thousand dollar duty that would be required. It seems strange that a man who could pay such a large sum for a work of art should balk at the addition of one-fifth of its cost to enable him to bring it home. He may say, though, that he bought the painting, not a tariff.

Great Britain will probably ask that work on twenty warships, now under construction, be expedited. And proposals have been invited for two battleships, five armored cruisers and two protected cruisers. It is not likely that there will be another peace conference. The powers seem satisfied to obtain peace by fighting for it.

The Pacific Coast will welcome President Roosevelt. Former presidents have taken too little interest in the West and South. Their United States have been seen, while president at least, about the northeast corner of the national domain; and it is not a large corner, either, except in wealth and population.

December failed to hold up its Oregon record for rain. The Portland signal service office reports but four inches for the month. The average for thirty-one years is 7.41. A little more than twenty inches fell in December, 1882, a record-breaker.

Burglars made a New Year's record in an Iowa town the night of the "first." They improved on the usual method of carrying the plunder off in their arms by using a good strong wagon. And they were not satisfied with one load, but made a second trip.

The railroad section men on the desert sections of Southern Utah railroads, are horse-eaters. Other fresh meat is hard to obtain, so wild-horse hunts take place frequently, the animal being plentiful in that region.

These "oldest" fellows are dying all the time. Now the "oldest" Odd Fellow is dead down at Santa Barbara at 89 years, with sixty-two years of membership.

The Airship Sails.

The recent trial performance of an air ship in Paris was very successful, inasmuch as it sailed as well against the wind as with it. This gives them a new principle to work on, and some day we may see an airship invented that will be practical for many uses. This mode of travel will doubtless supplant many other means of transportation, the same as Hostetters Stomach Bitters has supplanted many inferior medicines in the cure of indigestion, dyspepsia, constipation, liver and kidney troubles or malaria. If you are a sufferer from any of these diseases don't fail to try the Bitters. It will not disappoint you. Be sure to get the genuine, also obtain a copy of Hostetter's Almanac of 1902 from your druggist.

Food Changed to Poison.

GIRL WANTED.—A girl or woman of experience to do general housework. Enquire of Mrs Frank Strong, East 13th street and University avenue.

IT IS EASY WORK

when you are well, to rub and scrub, but when the back aches and the head throbs, a woman's work is lonely torment.

No woman can be strong and healthy if she is the victim of those womanly diseases which are often responsible for feminine sufferings.

Women who have used Dr. Pierce's Favorite Prescription for the cure of diseases of the womanly organs, say that work doesn't tire them any more. "Favorite Prescription" regulates the periods, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well.

There is no alcohol in "Favorite Prescription," neither opium, cocaine or any other narcotic.

"I had poor health for nine years less since the birth of my child," writes Mrs Arminta Watkins, of Anne, Kanawha Co., W. Va. "Had female weakness, was very irregular and would suffer untold misery. Our family doctor did not do me any good and I concluded to write to you. When I wrote I had no idea that I would ever get well, but when your letter reached me I began to have hope. I commenced taking Dr. Pierce's medicines as directed and began to improve in strength. I was soon able to do the work for my family of six. I think there never were such medicines in the world. I took eight bottles, three of 'Favorite Prescription' and five of 'Golden Medical Discovery' and two vials of 'Pellet.'"
