THE DUNN STORE.

Great Improvements to Be
Made Immediately.

FINEST IN THE VALLEY.

F E Dunn, the well known mer-
chant, today gave a GUARD reporter an
outline of extensive improvements
which are to be made on his store
building immediately. When these
improvements are completed the store
will be the finest in the valley, one
which Portland or any other city of
like size would be proud of. W T
Campbell has been engaged as archi-
tect for these improvements and he
and Mr Dunn will leave in a few days
for San Francisco to purchase material
for the work to be done.To begin with, the building will be
extended 35 feet back to Park street,
making a new addition of 35x55 feet
and two stories high. The present
Williamette street front will be placed
in the rear, facing Park street, giving
a double entrance. The stairway will
be taken out and a smaller one built
next to the Marx building, and the
front in the city will be put in,
with only one big entrance instead of
two at present. A stairway will be
built at the Park street front.The building will be entirely re-
modeled inside. With the new addi-
tion, and with the present big stair-
way taken out there will be 7325 square
feet of floor room, making it by far the
largest store in the city. New shelv-
ing, new glass hat cases, new glass
counters, cloak rooms, ladies' and
gentlemen's dressing room, closets,
numerous mirrors and a cash carrier
system are among the new improve-
ments to be put in. A basement is
also included in the list of improve-
ments with a hot water heating plant.
A part of the second story will also be
used for storing purposes.When this work is finished Eugene
can boast of as fine a store as can be
found on the coast, and Mr Dunn is to
be congratulated on his enterprise in
making these improvements.A very interesting article on the pro-
posed McKenzie salmon hatchery,
from the pen of Master Fish Warden
Van Dusen can be found on the third
page of today's GUARD.

Perils of Our Presidents.

All our presidents have been in the
habit of mingling freely with the peo-
ple, usually without any particular
precaution being made for their safety.
The danger of this has been so emphati-
cally pointed out in the last few months
that wise statesmen suggest that the
old plan be discontinued. There is
also cause for great danger in many of
the so-called remedies advertised for
stomach, liver and bowel complaints.
The safest medicine to take is Hostet-
ter's Stomach Bitters. It has been
before the public for fifty years, and
has always been found safe and reli-
able in cases of nervousness, insomnia,
indigestion, dyspepsia and malaria,
fever and ague. It therefore occupies
the foremost position in the list of
household remedies, and no family
should be without it.STATE TAXES.—The state board of
tax levy has completed the computa-
tion and apportionment for the tax of
1932. The total amount is \$320,000, of
which Lane county will pay \$42,505,
nearly one-twentieth of the amount,
to be exact .0492 per cent. Only four
counties pay larger tax than Lane and
two of those are taxed but little more,
Umatilla \$45,000 and Linn \$48,000.
Marion county will pay \$58,000 and
Multnomah \$257,000, the latter nearly
one-third of the entire tax.Now OWNS WHOLE BUILDING.—J
H McClung has purchased in the last
few days the half interest in the two-
story brick building at Eighth and
Williamette streets, formerly owned by
other parties and is now sole owner of
the building. The building was owned
by the Eugene Real Estate Co. The
other owners whom Mr McClung
bought out were: The Gillespie heirs,
one-fourth interest; P Comgys, one-
eighth; S D Holt heirs, one-eighth.The new 40 Over Sulky and Gang

BIG RANCH SALE.

Lester Swaggart Disposed of His
Place to David Elliott.Lester Swaggart, of Pendleton, on
New Year's day sold his ranch of 715
acres near Goshen, south of Eugene, to
David Elliott, of that section, for
\$5005. Included in the sale were 75
head of Angora goats at \$5 per head.
Mr Elliott is a cattleman, but intends
to experiment with Angora goats until
he is satisfied from his own experience
whether or not there is a profit in that
kind of stock sufficient to justify him
in engaging in the business on an ex-
tensive scale.During the summer of 1931 Mr
Swaggart bought 100 Angora goats for
\$5 a head and placed them on his
Goshen ranch. They became diseased,
and he sold 50 of them at \$4 a piece.
In the meantime about 60 kids had
been born, and this sale closes out the
lot.
