Progress of Cuba.

Recent statistics show that the exports from Cuba have been largely increased and the imports decreased since it came under American rule. This proves that things are becoming more settled. Cubans can always look back on the change of rulers as the successful turning point in their career. The turning point in the life of any weak, sickly or nervous person will undoubtedly be when they resolve to try Hostetter's Stomach Bitters, for ailments of the stomach, liver and bowels. This splendid medicine will cure flatulency, heartburn, belching, indigestion, dyspepsia and constipation. Thousands of people have been brought back to health by its use during the past fifty years. We therefore urge you to try it. Our private stamp is over the neck of the bottle.

A Deep Mystery.

It is a mystery why women endure backache, headache, nervousness, sleeplessness, melancholy, fainting and dizzy spells when thousands have proved that Electric Bitters will quickly cure such troubles. "I suffered for years with kidney trouble," writes Mrs Phebe Cherley, of Peterson, Ia., "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I am now able to do all my household work." It overcomes constipation, improves appetite, gives perfect health. Only 50c at W L Delano's drug store.

VETO MESSAGE.

To the Honorable Common Council of the City of Eugene:

Gentlemen—I herewith return to your honorable body an ordinance entitled, a license to persons to erect buildings within the city of Eugene.

My only objection is to that part of Section 2, which compels a citizen to pay a license of \$1 for the privilege of erecting a building of the value of \$100 or more. I think the city should freely and willingly grant a permit to any citizen to build free of cost, who desires to help improve the city.

The city's expense would be but nominal, as the city recorder is on a stated salary. I do not think it just to lay a special tax on those who are willing to build up the city by improvements. It seems to me to be in the nature of class legislation. I would suggest if you see fit to pass this ordinance or ordinance, it should include a fine for not placing the proper number on
