CHARGE FOR SAMPLE ROOMS.

Local Hotel Keepers Follow Ex-
ample of Others.

On and after Feb. 1st drummers who
do business in Eugene will be com-
pelled to pay for sample rooms. T N
Sagar, proprietor of the Hotel Eugene,
and W O Ziegler, proprietor of the
Hoffman House, have entered into an
agreement to charge for the use of
their sample rooms, beginning on the
date mentioned above.

Hotels in several other cities in the
valley have begun to charge for their
sample rooms and the custom has been
in vogue in all California cities for a
long time.

It is no more than right and just
that the sample rooms should be paid
for. The hotel men are at considera-
ble expense in renting the rooms and
by charging for the use of them it will
help pay the expense in keeping them
up.

ago but has not arrived home yet, not-
withstanding other statements. Snow
has undon tedly delayed her as it
usually only takes four days to make
the trip. Her son and a nephew ac-
company her.

THIRD ON THE COAST.

Only Two Larger Lumber Con-
cerns Than the Booth-Kelly Co.

Geo M Cornwall, publisher of the
Columbia River and Oregon Timber-
man, a monthly magazine printed at
Portland in the interests of the lumber
trade, made the GUARD office a brief
but pleasant call yesterday evening.

Mr Cornwall gets out a splendid publi-
cation and is certainly entitled to the
large patronage which he receives.

In speaking of the Booth-Kelly Co,
Lane county's big lumber concern, Mr
Cornwall, who is in a position to know
what the company does a bigger
business than any other in the state
and ranks third on the coast, only two
in Washington being larger.

But few realize the immensity of the
business carried on by the Booth-Kelly
Co and the large amount of lumber
sawed by the four big mills in the
county.

FURNITURE FACTORY

New Building for Day & Hender-
son's Establishment.

NORTH OF FLOUR MILLS

Day & Henderson have let the con-
tract to L N Roney for the erection
of a new building for their furniture
factory now located in the building to
be used as a drying and bleking room
for the new woolen mill. The new build-
ing will be located on the west side of
the tall race just north of the Eugene
Mill & Elevator Co's building.

Rock for the foundation of the build-
ing is now being hauled from the
Fairmount quarries, and the work
will soon be commenced. The build-
ing will be 44x60 feet in dimensions,
one story high and will be a frame
structure. The machinery in the fac-
tory will be operated by water power
as heretofore and the same wheel will
be used. The wheel will be connected
with the factory by a large cable, simi-
lar to the one which operates the
pumps at the water works, extending
from Midgley's planing mill.

ADVERTISING PAYS.

Business Men Should Subscribe
Funds for a Circular to Be
Sent East.

Mr Hubble's offer to distribute free
any literature furnished by Eugene
through the ten states he expects to
visit, is an offer we will never have
again and we should not overlook the
opportunity.

A committee appointed from the
Board of Trade will call upon the busi-
ness men tomorrow and it is to be
earnestly hoped that a unanimous and
generous response will be tendered the
committee and that each subscriber
will have decided the matter before the
committee calls, for it is no small task
to interview each business house of the
city.

The writup is to be absolutely de-
void of any real estate tendencies but
is to be an impartial statement of the
opportunities offered homeseekers in
this section of the state.

Space will be allowed every business
man for an individual advertisement
which will repay any small sacrifice he
may make in helping this good work.

BICYCLING AND LUCK HUNTING.—
The present cold weather has made the
roads good for bicycling. They are
hard and dry but a little rough. Yester-
day a resident of the Coyote country
was seen to come into town on his
wheel loaded down with 15 or 20 mal-
lard ducks which he had killed, and
went out with a big load of ammuni-
tion to kill more. The ducks are very
plentiful during this kind of weather
and thousands are being killed out
west of town.

ANOTHER CAR OF MACHINERY.—
Last night another carload of machin-
ery for the new woolen mill arrived
here from Fremont, Neb., it being the
last from that place. The remainder
will be from the New England states
and will be new machinery. The
work of getting the building ready for
the machinery is being rushed.

STILL SKATING.—The cold weather
still holds on to the delight of those
who are fortunate enough to know
how to skate. They have been putting
in all their spare moments at the pas-
time ever since the ice became thick
enough. The cold will not last much
longer, however.

THE SOCIAL REALM.

The farewell reception to Rev and
Mrs M L Rice at the Christian church
last night was one of the most largely
attended affairs of its kind ever held
in Eugene, the large attendance indicat-
ing the esteem in which these two
people are held by the Eugene public
at large. The auditorium and gallery
were completely filled by the time the
program commenced. It opened with
the song, "Blest Be the Tie That
Binds," followed by a fervent invoca-
tion by Rev Mac H Wallace, of the
Congregational church. Mrs Clara
Esson, assistant pastor of the church,
then addressed the audience, giving a
brief review of Rev and Mrs Rice's
work here. Mrs Esson was followed
by a pretty duet on the piano and
violin by Misses Lillian and Alicia
McElroy, and Dean E Sanderson spoke
on Rev Rice's work in the Divinity
school. Rev J F Toot spoke of the re-
siding pastor's work in the state organi-
zation and was followed by a quartette
by Messrs Lobdell, Patterson, Hoven
and Moon. Rev J T Merrill, of the
U B church, Rev D E Loveridge, of
the Episcopal church, and Rev Mac H
Wallace, of the Congregational church,
all made brief addresses. At the close
of the program, J M Estley, on behalf
of the members of the church, presented
Rev Rice with a handsome bible, and
Dr J S Dale presented Mrs Rice with
a splendid silver case. The Divinity
school students presented them with
an autograph album in which the
names of every student ever enrolled at
the school were inscribed. The many
friends of the little pastor and wife
then crowded around them and bade
them a last goodbye.

One of the pleasantest social func-
tions of the season was the "at home"
given by Mrs E O Potter at her resi-
dence at Sixth and Williamette streets
this afternoon. There were about 50
lady friends present and a delightful
afternoon was spent, the principal
feature in the amusement line being a
game of conundrums. The luncheon
was exquisite. Mrs Potter more than
sustained her reputation as an enter-
tainer.

Mr Edith B Linton was installing
officer at the Ladies of the Maccober's
installation last night. After the new
officers had been duly invested with
the powers of their positions a banquet
was served.
