CITY ELECTION VOTING.

Registration not Required nor Provided for City Election Purposes.

The GUARD has been asked for information as to the application of the registration law to the City of Eugene election which is held annually on the first Monday of each April.

We have carefully examined the election laws as compiled by the Secretary of State and cannot find any provision whereby city elections, except in Portland, for which a special law was passed, require registration of electors.

Further it would be impossible for Clerk Lee to make any complete list for the city election as registration is allowed till May 15th, more than a month after the city election.

THE SCHLEY-SAMPSON CONTROVERSY.

While the admirals and their friends have been clashing each other as to which should have the credit for the Santiago battle, President Roosevelt executes a flank movement and says it was essentially a captain's battle.

The public will hope that the President is right when he dismisses the case as a "old-fashioned incident." It has become very wearisome. In the first, and last place, too, it was no fight. Two are required to make a battle, and in this case the American battleships, that were invulnerable to almost any shot the Spanish might have fired, simply followed the fleeing Spaniards and battered them to pieces or compelled them to take the beach.

Schley wasn't killed on his late tour—but his wife was along, and kept her eye on affairs.

King Edward of England is an exceedingly fond grandpa. This fondness for his descendants is an inherited form of affection, the late queen having been bound up with her strong family ties.

Talk of adding insult to injury! Those bandits who compelled storekeepers in a little Indian Territory town to hold their horses while they robbed the stores just rubbed the insult into their victims.

A costly marble monument in a fashionable Seattle cemetery marks the last resting place of a Seattle citizen, recently buried, and his favorite horse. He is a "horse" ahead, whatever may happen.

Dr Russell the Brooklyn medico who offered himself for vivisection had a string to the proposition, it seems. The convenient wife objects to her better half being cut into mince-meat, at least while alive. There are other women who would not say nay to such a proposition.

Bills have been introduced in the Ohio legislature providing that railroads cars shall be so arranged that the engineer and fireman cannot see each other. With such an arrangement they could talk, but their eyes would be kept on the proper place—in the track ahead.

BUT HE KEPT EVEN.

JONES—What makes you so downhearted? JINKS—My employer's wife has gone and endowed another mission. JONES—What of that? JINKS—Every time she does it the old man cuts our salaries to get even.

The Shasta Route.

In going over the famous "Shasta Route" of the Southern Pacific Co. the traveler ever finds something new to excite his admiration and interest. Starting at Portland, one travels the whole length of the Willamette valley, the gem of the Northwest. Mr Hood, Mt Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The beautiful valleys of the Umpqua and Rogue rivers, with their orchards of pines, peaches, apples and other fruits are a delight to themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States.

The wonderful turnings, twistings and doublings of the railroad bring into view a grand array of towering mountains and profound gorges into which we gaze from dizzy heights, forest clad mountain slopes stretching up to the line of perpetual snow, and the foaming mountain streams dashing fiercely down deep canyons, now and then stopping for a short rest in some quiet pool.

Building

Requires a foundation. That is just as true of the building up of the body as of the building of a house. The foundation of a strong body is a strong stomach. No man can be stronger than his stomach. A weak stomach means a weak man.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of the food which is eaten. Thus it builds up the body and restores strength in the only way known to Nature or to science—by digested and assimilated food.

Dr. Russell the Brooklyn medico who offered himself for vivisection had a string to the proposition, it seems. The convenient wife objects to her better half being cut into mince-meat, at least while alive.

There are other women who would not say nay to such a proposition.

Notice to Tax Payers—New Tax Law.

At the last session of the legislature a new law was passed in regard to the collection of taxes, which law took effect on December 1st, 1901, and in substance is as follows:

1. If you pay your taxes on or before March 15th you will be allowed a rebate of three per cent.

2. If you pay your taxes between March 15th and up to and including the first Monday in April there will not be any rebate and neither will there be any penalty or interest added.

3. If your taxes are not paid on or before the first Monday of April, they will become delinquent, when there will be added a penalty of 10 per cent, and the tax will also draw interest at the rate of 12 per cent per annum in addition to the penalty.

4. If you pay one-half of your taxes on or before the first Monday in April then the remaining half may run up to and including the first Monday in October following; but if the last half of tax due is not paid by the first Monday of October, it becomes delinquent, and there will be added to such balance, a penalty of 10 per cent, and in addition, such balance will bear interest at the rate of 12 per cent per annum from the first Monday in April until paid.

5. On all personal property taxes if one-half is not paid on or before the first Monday in April, the law compels the sheriff to levy upon and collect the same after May 1st, hence to prevent a levy upon personal property after May 1st it will be necessary for one-half to be paid as above stated.

6. The law compels the sheriff to sell all lands on which taxes have not been paid, and that such sales shall not be held later than March 1st of the year succeeding the year in which the tax levy is made.

7. The property will be sold to the person bidding the lowest rate of interest, and certificates will be issued therefor, and deeds given to such property sold, unless redeemed within three years from the date of such sale.

The 1901 assessment rolls will be received at the sheriff's office March 1st, 1902. Any written enquiries regarding 1901 taxes received prior to that date will be filed and promptly attended to as soon as the books are open for payments. In making enquiries as to amount of taxes, if possible, give to whom the property is assessed and a description of the same.

Dated this 25th day of January, 1902.
