WINTER WEATHER.—We are getting our share of the severe storm that is now raging throughout the Northwest. All day Sunday and Monday it rained hard, turning colder last night, and when we awoke this morning we beheld snow on Spencer's Butte and adjoining mountains. This cold wave is something almost unprecedented for the month of April, and if it continues a day or so the buds on fruit trees will suffer.

Get up! Get up!!

That's what our Nickel Alarm Clocks will say to you, and you must be deaf if you are not awakened by the noise they make.
Our Nickel Alarm Clocks at a dollar make faces at the poor trash sold in the dry goods stores for less money.
Ours do not have soft pinions and a case as thin as tin. The difference in price is IN THE CLOCK—and in the subsequent cost of keeping it going.
OURS STAY GOOD—and that's worth considering. We have a Nickel Alarm for very sleepy folks, that rings for ten minutes unless you get up and shut it off; and another kind that rings and stops and begins again and stops until you must get up or go mad.
We can fit any need in the Nickel Alarm Clock line.
