HOW RUSSIA DEALS WITH THE LIQUOR QUESTION.

In the effort to curtail the consumption of alcoholic decoctions, which was fast becoming a national curse, the Russian government made the manufacture of alcohol a great government monopoly. And not only this but the state is the only dealer in alcohol, and whatever is sold is strictly pure and unadulterated. All over Russia you will find the sign:

"Liquor Depot No. ——." And if you go inside one of these you will see a counter protected by brass wire netting reaching to the ceiling, as in a bank. There are no tables or chairs. Not a bottle is in sight.

Three different kinds of liquor measuring ninety-five degrees, ninety degrees and forty degrees, is sold. The last is the vodka, a raw whiskey of powerful effect manufactured from grain. The customer is not allowed to drink in the liquor shops. He takes his bottle away with him. These places are open from 8 a. m. to 8 p. m. No liquor may be sold to intoxicated persons, children or soldiers, except officers. The law has been in force since 1878, and while it has not accomplished all that was hoped for it has at least checked the evil.

OREGON TIMBER INDUSTRY,

The importance of the Oregon timber industry is shown by the fast increasing demand and markets. In the past year shipments of timber from Oregon amounted to about 25,000 carloads, of something like 375,000,000 feet. Five years ago the shipments out of the state were only about one-tenth of this quantity. This year's shipments are running ahead of those of last year by more than 50 per cent, and it is probable that nearly 600,000,000 feet will be sent from the state in the twelve months. This includes timber of all kinds, prepared for commercial use—sawed lumber, dimension stuff, box shooks, telegraph and telephone poles, piles, ties, etc—but does not include logs sent out in rafts.

The railroads handled nearly all the shipments that did not absolutely require water transportation before the beginning of this year. But last season's car famine brought the marine men to the front, and a lot of lumber schooners are now plying regularly from the Columbia River to San Francisco and other coast ports, and there ships are carrying our lumber to South America, to Europe and to the Orient. The coasting vessels can relieve the coast railways to a large extent, but all Eastern shipments must still go forward by rail, and they are so moving at a lively rate.

The Register does not deny our statement that Dr King, Republican candidate for coroner, no longer ago than January last subscribed his name to a declaration severing his "relations with other parties" than the Socialist. That paper cannot work public sympathy on the "old soldier" cry. Dr King's soldier record is not in question. It is his Socialism and flopping political record that he should set himself straight on at once if he hopes for election. It may be noticed that neither Dr King nor his supporters make denial of his Socialist party record.

The Hotel Strand at Atlantic City, New Jersey, came out in its advertisement in the New York papers, the morning after the fire which had demolished so much hotel property, with the simple word "fire-proof" in large display, after its address. It is an example of how an advertiser takes advantage of current events.

Those Mexican legislators down in the state of Jalisco will have trouble in squaring themselves with their constituents when they return home. They have passed a bill abolishing those time-honored amusements of bullfighting and cockfighting.

HER "CURE" HAD FAILED.

"Poor man!" sighed the lady reformer as she peered through the bars at the miserable convict. "Poor man! It must be hard to be deprived of light and flowers and birds and human companionship."

"It is, lady, it is," moaned the prisoner.

"I believe," mused the lady, "that I shall marry you to reform you."

Here the convict laughed heartily for some moments.

"Pardon me, madam," he said, as soon as he found his voice. "Pardon this impolite hilarity, but I am in here for bigamy."

If you have not registered with the county clerk at the courthouse do so right away. Registration closes May 15, then if unregistered you will be put to the trouble of hunting up six citizens to vouch for your citizenship before you will be allowed to vote on election day. It is less trouble to register now than to get the necessary certification on election day.

The guests are gone the smile slips from the face of the hostess and she gives up to the pain which racks her body. Many a woman entertains and wears a smile while her back aches and her nerves quiver with pain. Surely any medicine which offers relief to women would be worth a trial under such conditions. But when the woman's medicine, Dr. Pierce's Favorite Prescription, is offered with the proof of efficacy in thousands of well attested cures, what excuse can then be offered for suffering longer?

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It dries enfeebling drains, heals inflammation and ulceration and cures female weakness.

"It is with the greatest pleasure I write you the benefit my mother has received from your 'Favorite Prescription' and 'Golden Medical Discovery,'" says Miss Carrie Johnson, of Lowesville, Amherst Co., Va. "She suffered untold misery with uterine disease and nervousness, and had a constant roaring and ringing noise in her head. After taking six bottles of Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' she was entirely cured."

JUNCTION CITY NEWS.

The Fourth Will Be Celebrated—A New Ferry.

From the Times.

Born April 10th, 1902, to Mr and Mrs James Mode a son.

Junction City will celebrate the 4th of July in grand style this year. It seems to be the opinion of business men and the citizens that this is our year and a celebration is proposed on a grand scale. A public meeting will be called soon to take preliminary action and appoint the usual committees.

Frank Wilkinson, has sold his farm across Long Tom, consisting of 545 acres, together with his stock to Jeremiah Cory for $7,000 cash. Mr Cory is a recent arrival from Nebraska and his purchase proves his faith in Oregon's future. We understand Mr Wilkinson will have charge of the farm this season.

The material has been delivered here for the erection of a gravel loader for the county after the style of Millett's (ought to be) patent. Linder Millorn will do the work. By the way, no other county in the valley can boast of a gravel loader that will load a cubic yard of gravel ever two minutes. The first loader was made by Mr Millett and while it is worthy of being patented, he will give his inventive ideas for the benefit of good roads.

A subscription paper was circulated here asking donations for the construction of a ferry across the slough to Marshal island. The people in that section will raise what money they can and will then ask the county court to assist them. They will not ask the county for the services of a ferryman but when the ferry is built they will operate it themselves.
