Chamberlain a Winner.

FRANK C. Baker, who was state printer of Oregon up to eight years ago, was on Friday's train en route to San Francisco. The Portland Welcome says of him: "Frank Baker who wins a barrel of money every year betting on election, will again wage quite a stake this time. Mr. Baker does not jump at conclusions. He has friends in every county in the state and just before he places any money he writes them and ascertains the situation exactly. He has written to his friends and now he is of the opinion that Chamberlain is a sure winner. He says that unless the Republican managers can stop the wave of enthusiasm for Chamberlain, Furnish will be defeated. At any rate, he intends to bet that Chamberlain will win."

TAKEN TO THE ASYLUM.—Sheriff W. W. Withers and Deputy Sheriff Harry Brown today took Amos Herbert, the man who was examined for insanity yesterday, to the insane asylum at Salem. The unfortunate man is violent at times, and it took three or four men to get him on the train this afternoon.

H. S. TRACK MEET.

Eugene and Portland High
Schools Will Contest Saturday.

AT BANGS' PARK.

The people of Eugene are promised another interesting dual track meet next Saturday, May 17, at Bangs' Park. That is the date and place of the meet between the Eugene and Portland high schools, which was arranged some time ago.

The Eugene boys have been training hard for the last several weeks and will make a splendid showing against and probably win from the Portland team. In a meet last Saturday with Pacific college, of Newberg, Portland only made 14 points to their opponents' 70-odd, and it is thought the Eugene boys can also win from them, although not by such a large score.

The team was down to the park this afternoon to get accustomed to the track, and between now and Saturday will spend some time there. Trainer Dillard is doing some fine work with the boys.

Automobile Rides.

Children holding tickets from the Ax Billy Department store for an automobile ride are notified that the promised rides will be given Thursday evening next, May 15, from 4 till 6 o'clock.

TOOK "WATER CURE."—The GUARD correspondent with the campaigners writes us from Mapleton under date of May 11, that J. M. Shelley had the misfortune to fall into the river after the speaking was over, while on his way to the boat. Our correspondent adds that "it was only a ducking and the 'water cure' was probably more agreeable to him than the 'water cure' treatment is to our Filipino fellow citizens."

NEW BUSINESS BLOCK.—Cottage Grove Nugget: Last week the Dr. Snapp property on Main street was sold to Lawson, Jenkins and Martin for \$1500. The new firm will commence the erection of a new two-story business block 50x30 feet in dimensions just east of the residence, as soon as the details can be arranged.

BASEBALL SCITS HERE.—The suits for Hampton Bros' baseball team have arrived and the various members of the team have been fitting them on today. The first match game for the team this season will be at Salem next Sunday at the Brotherhood of Locomotive Firemen's picnic when they will play the Silverton team.

IN MARTINIQUE.

The Town Razed---Nothing But
Beds of Hot Cinders.

HEAT INTENSE--STENCH AWFUL.

A dispatch to the New York Herald from Castries, St. Lucia Island, under date of May 12, says relief parties had ventured into St. Pierre. The heat from the smoking lava-covered ruins was suffocating, and the stench from the corpse-strewn streets was awful. Only a few walls were standing. The report that the hospital clerk was found intact, with his hands stopped at 7:50, was confirmed.

Not a drop of water was procurable ashore. The darkness caused by the clouds of volcanic dust shrouded the town, and continuous subterranean rumbling adds to the horror of the scene.

NO TRACE OF STREETS.

The fort and central quarters of the town were razed to the ground, and were replaced by beds of hot cinders. The iron grill-work gates of the government offices were alone standing. There was no trace of the streets. Huge heaps of smoking ashes were to be seen on all sides.

At the landing place some burned and ruined walls indicated the spot where the custom-house formerly stood, and traces of the larger shops could be seen. In that neighborhood hundreds of corpses were lying in all kinds of attitudes, showing that the victims had met death as by a lightning stroke. Every vestige of clothing was burned away from the charred bodies, and in many cases the abdomens had been burst open by the intense heat.

PILES OF BODIES.

Curiously enough the features of the dead were generally calm and reposeful, although in some cases terrible fright and agony were depicted. Grim piles of bodies were stacked everywhere, showing that death had stricken them while the crowds were vainly seeking escape from the fiery deluge. On one spot a group of nine children were found locked in each other's arms.

Andrew Taylor and Lucy Wilson, H. Wilson witness. The young lady being under age, her father files written consent.

A BULK.—A few weeks ago a traveling solicitor took a large number of orders for photo buttons here, and in each instance collected a portion of the price of the button, amounting to \$250 or \$300 all told. He stated that the buttons would be here in a couple of weeks, but they haven't shown up yet. He gave a certain boarding house keeper in the city an order on the firm which he claimed he represented for the amount of two or three weeks' board, and said boarding house keeper received a letter the other day in answer to inquiries about the man, stating that no such man is in their employ.

REGISTRATION AT NIGHT.—The county clerk's office was open last night for registration of voters who cannot get to the office during working hours. There was not such a big rush as expected, only 13 registering last night. All day today, however, there has been quite a steady stream of voters into the office, and the registration tonight promises to be larger. Thursday is the last day. You'll have to hurry.
