RAILROAD FARE.

Reduced to 3 Cents Per Mile By President Harriman.

WILL TAKE EFFECT SOON.

PORTLAND, May 21.—"Yes, there is one bit of news that I suppose you would like to know," said President Harriman of the Southern Pacific Co. in an interview last night in his exclusive way, as he was talking with a reporter. "We shall reduce passenger fares on all our lines in Oregon to three cents a mile. This will be done just as soon as the machinery of our traffic department can work, tomorrow for aught I know. This matter was brought up to me on this visit here and the decision to reduce rates has just been reached."

The O R & N Co reduced its rates to the three-cent basis something more than a year ago, at the time when the Northern Pacific and Great Northern took the same action, so this decision of Mr Harriman affects rates on the Southern Pacific's lines only, where fares are now four cents a mile.

THE GREAT CENTRAL

B. J. Pengra Interviewed On the New Railroad.

WILL COME THROUGH EUGENE.

B J Pengra, the old pioneer railroad promoter, who was largely instrumental in organizing the Great Central Railroad Co in Portland recently for the purpose of constructing a railroad from Salt Lake to Coos Bay, via Eugene, is in the city on business connected with the affairs of the old Military Wagon Road Co.

Mr Pengra was interviewed by a GUARD reporter at the Hotel Eugene this forenoon. He was reticent about talking of the affairs and movements of the new company, but when asked if the new railroad is a sure thing, he said, "It undoubtedly is."

When asked if the route across the Cascades as given by the GUARD several days ago, namely, via the Odell Lake, the Military wagon route, Eugene and the Siuslaw, is the one settled on by the company, Mr Pengra answered in the affirmative in a positive tone.

Mr Pengra said that he does not know when work will commence on this new road, but perhaps in a short time. He was asked if the Empire Construction Co, a big corporation recently formed in Portland, had anything to do with the new railroad company, but he said he knew nothing about it. It is believed in Portland, though, that the construction company was organized for the purpose of building the new road.

MILITARY WAGON ROAD GRANT.

When Mr Pengra was here the other day he put in a claim in behalf of the old Central Oregon Military Wagon Road Co, for \$500 for the right-of-way and the land occupied by the county road across the mountains, called the military road and formerly owned by the aforesaid company, claiming that the action of the county court years ago when Judge Thompson assumed to establish a county road over their road was not valid.

Mr Pengra said this morning that the matter had been withdrawn from the county court and that the land grants, held by the old company along the road, have been or will be sold to well known parties. An account of the transfer of these lands will be given as soon as legally made.
