Albany Democrat: The following appears in the Eugene Register, a hot Republican paper: "Chamberlain will win out. Has a plurality of 500 votes over Furnish. Roosevelt highly pleased!" In view of the fact that the Register was continually harping on how the election of Chamberlain would displease Roosevelt this is an exceedingly good joke.

The next year she was assistant instructor in oratory at that institution and during the past year has taken a post graduate course in the University of Minnesota. A GOOD SUGGESTION.—Albany Democrat: The election laws of Oregon should be amended so that election returns may be received more promptly. The present laws and systems are a disgrace. One requirement should be the filing of an open duplicate of the vote of each precinct with the county clerks of each county at once. And there should be a provision for the counting of the votes as fast as cast.

More About School Directors.

EUGENE, June 7, 1902.

EDITOR GUARD:

The mention through the city press and the discussion among the citizens with regard to the selection of school directors exhibits a healthy state of things. Interest is manifest at the proper time and on a proper subject.

Another worthy feature of the discussion is that it is free from bitter or ungenerous personalities, and further that good men have been suggested for directors. The high qualifications of E. R. Skipworth and Hon. R. A. Booth have been well presented, and the facts very generally acknowledged. I take this opportunity to present another name, not yet named through the press, Dr. John W. Harris. Dr. Harris is one of Eugene's very best citizens, is thoroughly qualified for director, and if elected would perform faithful and intelligent service to the public schools. The doctor is a well read, well ordered gentleman, and has an abiding interest in the public schools of this district.

I favor the election of Hon. R. A. Booth, E. R. Skipworth and Dr. J. W. Harris. One is an able business man, one a splendid lawyer and the other a fine physician. No better combination can be found in the city, and the people ought to insist on these three making the race.

THE FOURTH AT JUNCTION.—Times: The 4th Regiment band of Eugene has been secured for 4th of July. This is the largest and best band in the state outside of Portland. The band is composed of 20 members and each member an expert in his line. They have full uniforms and will make a grand appearance. Hon. B. F. Mulkey, professor of elocution and literature at the Monmouth state normal school, has consented to deliver the oration. Prof. Mulkey is one of the most gifted speakers in the state and will probably succeed Prof. Campbell as president of that institution. He was born and raised in Lane county.

STORE SOLD.

W. T. Kayser Disposes of His Elmira Property to Peter Colgaard.

The sale of W. T. Kayser's general merchandise store at Elmira to Peter Colgaard, from West Superior, Wisconsin, was consummated yesterday by Svarverud & Fisher, the real estate agents.

The deal includes the property on which the store is located, and the consideration is in the neighborhood of \$3500. An invoice of the stock will be taken next week.

Mr. Kayser, who has been in business at Elmira for many years, will be greatly missed by the people who have occasion to travel the road between here and the Sitka, his place being a very popular stopping place on this road.

He has disposed of his store on account of his wife's health. They will move to a higher and dryer climate.

Mr. Colgaard takes possession of the store about July 1st.
