Wm. C. Harvey Mashed His Foot at the Sawmill.

COBURG, June 21.—About 9 o'clock last night a young man in the employ of the Booth Kelly Lumber Co, by the name of William C Harvey came near losing his right foot. He was off-bearing from the large saws and the mill being supplied with rolls he made a mistep and stepped onto the gearing meshing the foot quite badly. A GREAT MEETING. ROAD SUPERVISORS.

Will Be the Teachers' Association June 25, 26, 27 and 28.

SPECIAL FEATURES SECURED. The local teachers are making great preparations for the coming meeting of the State Teachers' Association. The preliminary canvass for boarding and lodging accommodations resulted in securing about 400 places, which number is being increased daily as new reports are brought in. The committee in charge will not rest satisfied until places are secured for 500, as they want to be absolutely assured that all visitors will be amply cared for. Anyone seeing this notice and who feels that he can take one or more teachers will confer a great favor on the committee as well as keep up the reputation of our city for enterprise and hospitality by reporting to Supt Reehdolt, Miss Ida Patterson, or any member of the board of education.

All meetings will be held at the University in Willard Hall. The reception to be tendered the visitors after the program Wednesday night will be given in the gymnasium. Special committees on reception, music, flowers, etc, have been appointed. It is the intention to make the music a special feature of the institute, and such well known soloists as Mrs Holtenbeck, Mrs Pipes, Miss Yoran, Mr Frazer, Mrs Mae Huff-Smith, Mr McElroy, Prof Glen and others have been invited to participate. It is expected that the Fourth Regiment Band will be secured to furnish the music and to give an open air promenade concert on the University campus from 7 to 8 p m Thursday and Friday evenings. A mixed chorus of 18 voices will sing several selections, and the High School Glee Club and the U O Faculty Quartette will also be heard. It will be a great meeting for Eugene and for the Western division of the Oregon State Teachers' Association.

Palestine Pointers.

Crow, June 20.—The Palestine road connecting the Hadleyville public road with the Crow road is nearly completed, owing to the large amount of volunteer work of the past week. We think the road will soon be open and the pleasure of a drive through our picturesque hills and valleys will no longer be marred by the opening and closing of more or less contrary and dilapidated gates.

Several people from this vicinity attended the funeral of the late S S Stephens, at the family home at Noti.

Norris Smith, of Hale, was visiting with friends here this week. J A J Crow slew another wild cat a few days ago. The animals seem to be plentiful and fearless this year.

W I Ford is doing a large amount of fencing and other improvements on his farm.

The Palestine public schools will close next Friday, completing a very harmonious four months term.

Miss Lottie Ward, of Eugene, is visiting with Mrs J V Jenkins.

Born, to Mr and Mrs Ed Holland, June 16 a son, also to Mr and Mrs Bud McDaniels, a son.

Mr E R Hollenbeck is visiting his daughter, Mrs J V Jenkins.

Ashland Normal President.

Professor B F Mulkey, of the Monmouth normal school, was yesterday selected president of the Southern Oregon normal school at Ashland. Like the new president of the University of Oregon, Prof Mulkey is an Oregon raised boy, his youth having been passed on a farm on Pleasant Hill, this county. He is a son of I N Mulkey who yet resides at Pleasant Hill. He is an educator of ability, genial, affable and has a large acquaintance with the public. He served Polk county in the Oregon state senate 1897-1901, and was a leader in that body. Public opinion was strongly in favor of Prof Mulkey for the presidency of the Monmouth normal, and the appointment of Prof Resler of Eugene, came to many Monmouth people not only as a surprise, but as positive disappointment. One thing is certain. Ashland gets a capable educator, a sterling citizen and a representative man in the selection of Prof Mulkey.

Ladies Attention.

You will have an opportunity Monday, June 23rd, to see Percival B Palmer's line of suits, skirts, jackets and capes, one of the best lines shown on the coast, in charge of Mr Fisk. Call at the store Monday. S H FRIENDLY.

PORTLAND TRAGEDY.—The body of Louis Bargo, a middle-aged man, was found among some old boxes in the Willamette Iron Works back yard yesterday morning. His skull was fractured and his pockets turned inside out, conclusively showing robbery as the motive of the murder. He had only been in Portland two days, going there from Cottage Grove where he had been employed some time.

NOT WOUNDED.—It has been conclusively proven that neither Tracy or Merrill were wounded while making their sensational escape from the Salem penitentiary grounds. Their prison clothes were found yesterday in the brush 2 1/2 miles southeast of Salem. There are no bullet holes therein nor blood stains on them.

LOST.—A horseshoe breastplate with diamond set. A good reward will be paid for its return at the GUARD office.
