HOW IRISHMEN HAVE LEFT IRELAND.

The terrible expatriation of Ireland's population may be best realized by a study of our county, say Waterford, province of Munster, having an extreme width of 28 miles and length of 52 miles. Here are some census figures that have sorrowful significance, especially considering that they relate to a people who have great love for home and family ties:

Waterford, 1812, 119,457
Waterford, 1841, 196 187
Waterford, 1861, 134,152
Waterford, 1871, 123,110
Waterford, 1891, 112,768
Waterford, 1901, 101,132

From May 1, 1857 to December 31, 1878 the emigrants numbered 67,080 and by December 31, 1885 the figures had increased to 79,240 The proportion of people who could read and write in 1871 was 36 per cent, but little more than a third. This had increased to 46 per cent by 1881.

UNHAPPY MARTINIQUE.

A Fort De France dispatch of yesterday says the river which flows by Basse Ponte has risen suddenly four times since Wednesday, and as a result thirty horses were carried out to sea. The first flood was signalized by the appearance in the bed of the river of a torrent of muddy water 140 feet wide and 18 feet high, which advanced with frightful rapidity.

Torrential rains are falling in the northern part of the island. Mount Pelee continues to vomit a thick column of cinders which the wind blows to the north. Last Wednesday several French newspaper reporters who were exploring Le Prechur were surprised while there by an eruption of Mount Pelee. The atmosphere was charged with electricity to a remarkable degree

Thick clouds of vapor are rising from the crevasses along the entire northern coast. It is said that the waters of several rivers on the island are boiling hot.

The future will pay dearly for present advantages—the stripping of timber belts for commercial purposes. Here is an instance of what has been done in just one locality: "The present log drive that is coming down the Black river of Wisconsin will practically finish lumbering operations on the stream, bringing to a close more than sixty years work in the lumber business. The present drive contains about 40,000,000 feet." Just think of the timber that has been cut in sixty yearf and of thousands of acres of desolated lands!

The Washington correspondent of the St Paul Pioneer Press says an army officer who has just returned from the Philippines gives the cheering intelligence that the Philippine ladies now not only insist on wearing more clothes, but are "swearing off" smoking the big, black Filipino cigars to some extent. From accounts of returned soldiers there was great opportunity for the ladies over there to make reforms in both particulars.

The long overdue passage of the British ship Glade gives San Francisco gamblers a chance to speculate. It is said that $150,000 was bet after she had become overdue that she would arrive in port. Lloyds, though, will post the bark as missing. Most likely another case of "the ship that never returned."

The increasing cost and scarcity of timber has led to experiments in cement or concrete railroad ties back east. A piece of oak is inserted in the tie to allow the spike to be driven, and it is reported that the artificial tie has given good service.

THE HUSBAND KNEW.

CITY EDITOR—See here; in your obituary of this prominent club woman you say she "is a good wife." You mean "was," of course

REPORTER—No, I mean "is." Mr Henpeck, her husband, told me if I wanted to be absolutely truthful that was the way to put it.

THE REST A BLANK.

JOHN—You say Silas lost his money in New York? Did he buy a gold brick?

HIRAM—All he kin remember buying was three whiskies!

Diabetes and Bright's Disease.

Interview With Edward Short of the San Francisco Call.

Mr. Edward Short, connected with the business department of the San Francisco Call interviewed:

Q—You are reported to have been cured of diabetes?

A—That is right

Q—Are you sure it was diabetes?

A—I was rejected for insurance, and later failing rapidly, our physician told me I had diabetes and to put my affairs in shape.

Q—Have more than one physician?

A—Yes I had another confirm it. He, too, said I could not live long. I had dropped from 210 to 130 pounds and I was very weak. A neighbor told me of the Fulton Compound

Q—How long did you have to take it?

A—About a year before I was perfectly well.

Q—Did your physicians then test for sugar?

A—Both did. Both reported normal. They were very greatly surprised at my recovery, for they had told me diabetes was incurable.

Q—Know of any other cures?

A—Several. I told my friend, William Martin, an S. P. conductor of Stockton, about it. He had diabetes, and was about to give up his position when I told him. He got the same results I did, and was well when killed a year or so later.

Q—Any others?

A—I told William Hawkins of the Custom House and Captain Hubbard of the barkentine S. N. Castle, upon hearing they had diabetes. Both of them were cured. I also told a neighbor who had dropsy. In a month it was eliminated. I can't recollect all I've told.

Q—Did it fail in any case?

A—Not one. It is a positive cure in Bright's Disease and Diabetes. Go over and see Hawkins and he will tell you the same thing.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compounds. (Common forms of kidney complaint offer but short resistance.) Price, $1 for the Bright's Disease and $1.50 for the Diabetic Compound. John J. Fulton Co., 420 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.

Virulent Cancer Cured.

Startling proof of a wonderful advance in medicine is given by druggist G W Roberts of Elizabeth, W Va. An old man there had long suffered with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica Salve, which treatment completely cured him. When Electric Bitters are used to expel bilious, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish.
