A BARN BURNED.

Mrs M M Snyder on Oak is the Loser. Shortly after noon today the big fire bell at the city hall sounded the alarm of fire. The fire companies were directed to the residence of Mrs M M Snyder, a widow, at 637 Oak street, where her barn was enveloped in flames when they reached there. A stream from the chemical engine and one from a hydrant were soon playing on the blaze, and in a short time it was extinguished. Mrs Snyder and family were eating luncheon when the barn caught fire. A neighbor saw the flames issuing from the roof and informed Mrs Snyder of the fact. The family succeeded in getting everything of value out of the barn except about two tons of hay which was burned. The barn which was worth about \$200 or \$250 is almost a total loss, with no insurance. It is not known how the fire originated. A man had been in the barn a few minutes before to put up his horse, and it is possible he might have been smoking and sparks from his pipe dropped into the hay, but it is not probable that he went into the loft with a lighted pipe.

CHANGES IN FOOTBALL RULES.—A number of representatives from different colleges in the East have agreed on some radical changes in the rules of football. The most important revision was a rule providing that the opposing teams should change sides after each touchdown scored or field-goal kicked. The other radical change is in the kicking of the ball from the line. The new rule provides for the bringing out of the ball as heretofore to kicking distance, say 20 yards from the goal posts; that this point shall be a line of scrimmage and the try for the goal can be made by snapping the ball either for a place kick or a drop kick behind the line of scrimmage.
