TUESDAY - JULY 1

A Cripple Creek, Colorado, man killed himself yesterday because he could not pay his debts. There was more reason for his creditors to do something desperate.

On May 10th ashes fell on the deck of a ship out in the Atlantic ocean for several hours. It is supposed the ashes came from La Soufriere or Mt Pelée in Martinique. The vessel was 950 miles away from the volcanoes.

A train on the Pennsylvania railroad recently made the run from Pittsburg to New York, 435 miles, without a stop. This is the longest continuous run on record. In order to make it an extra large tender was used for additional fuel and water.

Many hearts in this Northwest will beat less rapidly now that news of the safety of the steamers Portland and Joannie is assured. Through ice-locked in the Arctic ocean a revenue cutter was standing by to render assistance in case of necessity. The steamers had not been injured, and the prospects were good for an early escape from the ice.

A New York preacher gives England's ruler great credit for being a peacemaker. Yes, he was bound to have peace down in South Africa even if he had to kill every Boer in sight to obtain it. The rulers of the world are not beating their swords into plowshares and their spears into pruning hooks to any great extent at the present date.

The plan of placing in the street railway franchise a provision that the city may at any time buy the properties for actual cost, is becoming popular, just now in San Francisco, where representatives of railroads have signified a willingness to have such a provision placed in the blanket franchise for which they have applied.

Today, July 1, the documentary stamp law becomes null and void. It was inaugurated at the beginning of the Spanish-American war, and has afforded an immense amount of revenue to the government. The act bore quite heavily upon the railroad and express companies. There was a two cent stamp affixed to all shipping receipts, bills of lading, etc.

Governor Taft has concluded negotiations for the purchase from the Vatican of the friars' land in the Philippines for \$5,000,000. Let's see: Original price, Spain, \$20,000,000; cost of benevolent assimilation to date, according to Secretary Root, \$170,000,000; price for friars' lands, \$5,000,000; total for four years' occupation, \$195,000,000, or at the rate of about \$50,000,000 per year. Secure investment, but rather unremunerative.

A Salt Lake dispatch of June 30th says that after wandering through the mountains for thirty hours with a loaded shotgun, intent on suiciding, Alex Robertson, paying teller of the Wells-Fargo bank there, returned home, and was found in a attic at his home Sunday. He confessed to eight years' defalcations, amounting to \$90,000. Two other bank employees are said to be implicated. He alleged that they lost in the past three years \$100,000 in gambling. More arrests are expected.

Fourth of July Picnic.

As Eugene has decided not to celebrate the Fourth of July this year Robert Newmiller has decided to give such of our people who feel so inclined entertainment on the old Wallis home place two miles west of town.

A shooting match for a fine fat beef will take place at 10 o'clock. There will be a bicycle race for boys, also one for girls, and a fat men's footrace. A prize with each race. Suitable music for the occasion, also stands with soda water, ice cream and knickknacks for the convenience of the public. A good old style country dinner will be served on the premises for 25 cents. Just a nice convenient drive from Eugene, while the old orchard and shade trees about will furnish splendid shade for parties who desire to bring their lunch. A splendid well of water convenient.

For the Fourth.

The Southern Pacific Company announce the sale of reduced rates on account of the Fourth of July. These fares will be based at one and one-third fare for the round trip, making four cents per mile round trip passage to and from stations in Oregon. Tickets will be on sale July 3rd and 4th, and will be good for return up to and including the 6th.

Celebrations will be held at the more important points. Local agents will furnish all details on application. W. E. COGAN, General Passenger Agent.

Notice.

To property holders and tenants, as by ordinance provided: You are notified to have the grass cut and removed from the streets and alleys adjacent to your property, and all rubbish of every kind removed, within ten days from this date.

ANOTHER TEST CASE.

Bright's Disease and Diabetes Are Positively Curable.

While the Fulton Compounds were under examination, one of the investigators went to one of the best known physicians in San Francisco and asked him to name a certain case of Bright's disease for a test. He named C. H. Allen of El Paso, a former conductor of the S. P. Co., as beyond human aid. Eight physicians had declared the case chronic Bright's disease. It was typical—albumen, casts, dropsy, sleeplessness, night sweats and usual weakness, pains and distress. Patient went on the compound June 1, 1901. We now copy from the medical reports.

June 15—Improvement. Skin clearer. Color better. Albumen decreasing. Patient much encouraged. June 20—Continued improvement. More albumen. Albumen disappearing. Night sweats beginning to fade. July 5—Improvement so favorable. Went to the country and began to drink. Rest and feeling better, though not probably quite as well as last report. A favorable indication is the disappearance of the night sweats. July 12—Dropsy again disappearing. Albumen getting less and less. Aug. 15—Improvement still continuing. Aug. 20—Pathology shows a healthy condition. Common sense of kidney, vesical and bladder functions. Double-acting compound by railroad surgeons in El Paso show as follows:
