NO MORE SCALP MONEY.—Oregon counties, for the last year, have been paying out nearly \$5000 for scalps of wild animals, principally coyotes. The county stands one third of this amount and the state two-thirds. The appropriation made by the legislature of 1901 is already exhausted, and \$20,000 in claims are on file. The counties are relying on the next legislature for reimbursement. Lane county, however, does not propose to pay out any more money on this supposition and has made an order that no scalps will be accepted.
