Heppner Times: Miss Ora Read, of Eugene, was in Heppner a few days this week and last week as general agent for a library. Miss Read has just retired from the presidency of the state Y P S C E and she gave the Endeavorers an instructive lecture at the Christian church on last Sunday evening.

MONTHLY MEETING OF CITY COUNCIL

Alder and A Streets Ordered Graded—New Sewers Ordered.

The regular monthly meeting of the city council was held last night with Mayor Christian, Councilman Dorris, Paine, Green and Henderson present.

The meeting was an uneventful one, there being but little business transacted.

The principal business was the ordering of a sewer built through the alley from the center of block 1, Skinner's donation, to Fifteenth street and one to run west from the west end of the Eleventh street sewer. Several protests were filed against the proposed sewer, but the council acted on the favorable report of the viewers, R M Day, S M Yoran and W W Martin, and ordered the city recorder to advertise bids for constructing said sewers.

An ordinance to establish the grade of Alder and A streets from East 11th street to East Thirteenth street was passed and the recorder was directed to advertise for bids for the improvement.

During the meeting Councilman Green, chairman of the street committee, reported the use of 9045 feet of new lumber and 891 feet of old lumber in repair of streets and alleys.

Councilman Paine, chairman of the health committee, reported that the Soap Co had been notified to improve the sanitary conditions about the factory and that the same had been done.

An adjourned meeting will be held Wednesday evening.

Young Men in Trouble.

Mrs Taylor, of Irving, the mother of May Taylor, one of the young girls who was placed in the city jail the other day on the charge of vagrancy, came to town today and swore to a complaint charging a number of young men about town with furnishing liquor to her daughter, a minor.

There are six or seven implicated in the deal, but the police officers have succeeded in finding so far only three, as follows: Bert Flumming, Harvey Jones and Harry Hopkins. They have been cited to appear before Police Judge Dorris tomorrow morning at 10 o'clock. The lowest fine for this offense is \$25.

Married at Seattle.

The GUARD is informed by reliable authority that Wm H Smith and Miss Florence Burns, both former young people of Eugene, were to have been married today at Seattle.

Mr Smith is employed at Portland and his bride has been living with her parents, Mr and Mrs J G Bourne, at Colorado Springs for some time. Their many friends here wish them unbounded happiness.

Notice.

Notices is hereby given that my wife, Edna Goodpasture, has left my bed and board, and I will not be responsible for any debts contracted by her.

Dated this 1st of August, 1902.

Signed: T A GOODPASTURE.

Fred Herbold and L M Travis leave this evening on their wheel for Mapleton to be gone several days on business.

Today's Oregonian: S H Friendly, of Eugene, will return to his home today, after a week's outing at Gearhart Park.

Miss Ethel Stapleton, who has been visiting her parents for the past six weeks returned to Colfax Saturday on the early train, to take charge of her employer's law office during his illness and continue her work there.

L C Martin, a former Eugene Divinity School student, but now manager of an advertising concern in Portland, passed through here this afternoon on his way to Cottage Grove to join his wife and child who are visiting there.

J M Kidney, an employee of the Peterson Post mill, at Seattle, was burned to death in a roaring furnace used to consume the waste lumber yesterday afternoon. While in an epileptic fit he grabbed a wire conveyor cable and was dragged more than 400 feet to the furnace.

WANT MORE FIRE HYDRANTS

Argued That They are Too Far Apart For Effective Service.

The Eugene correspondent to the Oregonian says:

The Eugene fire department has a proposition to present to the council at the next meeting for more hydrants for better fire protection. It is the desire of the firemen to have sufficient hydrants and have them so located that the distance would not be more than 400 feet from any house in the city to the nearest fire plug. The hose carts carry 500 feet of hose each and it is the desire to have this reach any fire.

At present there are many houses in the city that could not be reached with water until at least two carts could unite their hose, and in a few instances three carts would be required. While this is the case there is danger of fire going to extreme proportions where a convenient hose would enable the fireman to subdue it with little damage.
