Kentucky has another surprise in the Colt's revolver line. While services were in progress at a country church, Sunday, a man in the middle of the congregation shot the man seated by him through the heart and escaped

A four-masted schooner has just made the trip from the Columbia River to San Francisco in four days and sixteen hours. That was sailing with a vengeance. As the distance on a straight line is about six hundred miles the schooner reeled off between five and six miles an hour in direct progress.

King Edward's reputation is a little shady, yet his people are not unlike others in holding a day of thanksgiving on the certain recovery of the head of their government. Man is a singularly constituted animal. When not worshipping himself he is not content without worshipping something else. He is a born idolater.

King Edward is getting much credit for his "solicitude" for the aged archbishop of Cantebury, who came near breaking down at the coronation show. When they met in the confessor's chapel after the ceremony the king would not allow the high church official to rise, and anxiously inquired as to his condition. Thereat the king gets plaudits from his demonstrative subjects. King and hero worship is the morst pitiable weakness of humanity.

It is a shameful state of affairs in the Pennsylvania coal mining district where the state is maintaining twelve hundred soldiers at the behest of mineowners, while wives and children of miners beg scraps of food from the military mess tables. These big corporations are too willing to invoke the aid of the military branch of the government in dealing with their employees. And the authorities seem just as willing to send rifles and cartridges on the least demand.

Commissioner of Pensions Ware is likely to become as unpopular as any of his predecessors. Just now he is wrestling with the Spanish war pension problem, and is reported as having expressed surprise that there were four times as many applicants for pensions from the volunteers as from the regulars. He cannot understand how the Michigan and District of Columbia volunteers who went through the same campaign with the regulars should have been so much more injured. It is a case of pensions. Nothing else.

The presence of Senator Mitchell in Oregon is an excitement for Republican politicians who are concerned in the election of a colleague to succeed Senator Simon. Governor Geer had his name put on the official ballot by petition and will claim the plum He is not likely to get it. There is not a little reason from the way Oregon Republican politics has been shaped for months past for believing that the Oregonian editor, H W Scott, will succeed to Senator Simon's seat in the national millionaire club at Washington.

President Roosevelt has the courage of his convictions. He will call a special session of congress early in November to consider the Cuban reciprocity treaty. There is trouble ahead for those senators who are owned by the sugar trust. And it seems a sad case of political ingratitude that a president who owes his election in no small degree to sugar trust election contributions and influence should seek to rend those millionaire friends. McKinley, the real beneficiary, probably would have steered around the delicate question. President Roosevelt is not bound by the same sugary considerations as his running mate on the ticket and can do justice. The squirm is now up to the sugary senators.

A Physician's Tests.

Bright's Disease and Diabetes Are Positively Curable.

Judge Henry S. Foote, a former member of our State Supreme Court Commission, and one of the best known jurists on the Coast, makes the following certificate:

"I am asked to certify the following facts. A known physician in active practice put two of Bright's Disease and one of Diabetes on the ... compounds. He is willing the results should ... for professional reasons without his ... results are so squarely opposed by all ... I was asked to investigate and report the facts, which I did, and I find and certify as ...

... old-school physician of unquestioned standing and ability has just tested the Fulton Compounds in three cases with these results:

Case No. 1—Mrs. L., chronic Bright's Disease; usual ... dropsy ... limbs swollen almost to ... Compound the dropsy disappeared in thirty days ... of the albumen in 90. Cured.

Case No. 2—Mr. H., chronic Bright's Disease of 5 years' standing; albumen large, dropsy, etc. In 3 weeks albumen reduced a half, and a few weeks later albumen down to a trace and dropsy entirely gone. Patient insisted he was well and left for an extended trip. (Too early, it is believed, for permanency.)

Case No. 3—Mrs. F., Chronic diabetes; physician says "typical case, worst I ever saw." First ... pain disappeared and sugar decreasing. Second report: "Sugar reduced half; improvement wonderful; sugar going lower every test."

Asked what percentage are curable by these Compounds, the physician replied: "I don't know, but it must be at ... nearly a hundred, if my own ... are any criterion."

Attest: HENRY S. FOOTE.
"28 Montgomery St., San Francisco."

Asked what he individually thought of it, Judge Foote replied: "I am satisfied the cure has been found."

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compounds. (Common forms of kidney complaint and rheumatism often but short resistance.) Price, $1 for the Bright's Disease and $1.50 for the Diabetic Compound. John J. Fulton Co., 420 Montgomery St., San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.
