BIG VICTORY FOR 'VARSITY

Pacific University Unable to Stop U. O.

70 to 0 Is the Score in Favor of Oregon--Men Encouraged for the Thanksgiving Game.

The struggle this afternoon on the gridiron of the University for football honors between the University of Oregon team and the team from the Pacific University of Forest Grove attracted quite a large crowd from the city and schools. The assembled crowd fully expected to see the visiting team defeated by a considerable score. The playing was quite snappy. The cold weather did seem to lumber the players beautifully to the sensational stunts, which so gladden the hearts of the spectator. The regulation line bucks, end plays and but very little punting made the result of the game.

Coach McFadden and Captain Day said in the beginning they did not hope to defeat the heavier aggregation of the 'Varsity.

According to the figures the men weigh 11 pounds more for Oregon to the man. The field was in fast shape and the little fellows were enabled to put up their strongest front to the locals.

Both sides played with a determination and won applause from the side lines without distinction as to who made the star plays.

Spectacular runs seemed to be the order for Oregon while Pacific had to punt the few times they had the ball. Oregon made few fumbles considering the great number of formations.

The University team is encouraged and hope to skin Multnomah Thanks very.

Following are the officials, players and the score:

CHAMPIONSHIP OF NORTHWEST.

A Matter of Tangled Claims of Colleges—No Selection Without a Game With Washington.

The claim for football championship of the Northwest in collegiate circles was never in such a tangled state. Captain Watts and Manager Wright of the University of Oregon want a game with the winner of the Washington University-Pullman game to be played in Seattle on the Thanksgiving Day. They do not consider that either Albany or Corvallis are entitled to many more games.

Yesterday Manager Wright received a telegram from Corvallis as follows:

"Elmer M Wright, Manager of University of Oregon Football Team, Eugene, Or.—While we make no claim to the Northwest championship, we will accept your challenge, as stated in today's Oregonian, provided Albany does not accept ours by tomorrow noon. If Albany accepts, will play you on the following Saturday.

(Signed.) "CHARLES L JOHNSON, "Manager, Agricultural College Eleven."

This has the appearance of being just what the University management was looking for, but it is not. It will be remembered that the challenge spoken of was addressed to teams making a claim to the Northwest championship. Manager Johnson, curiously enough, prefaces his acceptance with the phrase, "While we make no claim to the U O championship, we will accept your challenge, etc."

The challenge was for the purpose of securing a game with the northern competitors who really have a claim to the coveted title.

The University of Washington is steering clear of Eugene, profiting from past experience. A game with that team might be arranged in Portland the second Saturday in December, but it is doubtful.

A list of colleges who are to enter for championship should be made every year and a schedule arranged as in the base ball league. The winning team would then be very easy to pick by the percentage system.

High School Notes.

The High School lineup in tomorrow's game will be practically the same as in the Ashland game. Dillard, however, who played such a fast game against the Ashland boys will be out of the game on account of sickness.

Evans, as tackle, will be in the game and should strengthen the line considerably. Pauland and Reed, two of the second team's line men, are out of the game on account of injuries. Considering the showing made by the second eleven against Ashland the High School should win by at least 6 points. This game promises to be one of the best exhibitions of football to be seen in Eugene this season.

Those who failed to attend the Ashland-High School game should take advantage of this opportunity of watching the intercollegiate champions in action.

Following is the lineup for tomorrow's scrimmage:

Boise City Capital News: Hon J M Shelley and wife, of Eugene, Ore, are in the city visiting their daughter, Mrs Dudley Holland. Mr Shelley is a member of the Oregon legislature from Lane county, as well as a prominent business man and anticipates a very interesting time at the session of that body this winter.

Mr Shelley expresses the opinion that Boise is one of the liveliest towns in the Northwest. Its rapid growth and business activity is a revelation to him.

Coming to Latham.

ASHLAND, Or., Nov 21.—The extensive plant of the Southern Pacific Company, that is used to preserve the ties by the boraxizing process, and that has been at work at Del's spur, in Clatsop county, since last July, has been closed for the winter at that point. It is closed north a day or two ago, and will go into winter quarters at Latham, Lane county, where operations will be resumed in a few days.

An Important Arrest.

LISBON, Portugal, Nov 21.—A French woman arrested here is believed to be the Madame Humbert wanted by the Paris police as the principal in the famous Humbert-Crawford swindling episode in which several million francs were wrongfully obtained.

Knitting Mill Girls Panic-Stricken.

By Scripps News Association

COHOES, N Y, Nov 21.—A fire discovered in the packing room of the Victor Knitting Mill of this city this morning came near being attended with terrible fatality.

The thousands of girls employed in the mill seemed to lose all reason, rushing wildly about in the greatest state of panic. Many were trampled on, while the leaders who had fought their way to the windows were prepared to jump.

At last a few cool-headed girls who had fought the throng back from the windows from the start, made themselves heard, quieting the wild crowd. Had they begun to jump from the windows there would have been a terrible fatality.

While many were trampled upon, none were fatally hurt. The knitting mills are the largest of their kind in the world.
