Coach Herbold, who holds a desirable position in a big assayng establishment at Butte, Montana, has received a letter from his employers notifying him that he is expected to report for duty December 10th. Mr Herbold expects to leave Corvallis the day of the Albany-O A game, and after a visit with his mother at Eugene, to proceed thence direct to Butte. His success in developing the Idaho University team, and his even greater work in bringing the O A C team into the front rank of college teams in the northwest in a single season, leaves no doubt that he has no superiors as a scientific football trainer in this country.—Corvallis Gazette.

MINING LOCATION.
T N Segar locates Jumbo and Jumbo claims in Blue River district.

Two Slightly Building Lots for Sale.

The two corner lots on the left hand where the old street railway began to go up College Hill are offered for sale. They have a gentle slope to the street corner and towards the town, with an elevation of probably twenty feet above the level of the business part thereof. This elevation is reached by a barely appreciable rise extending over several blocks.

These lots were the first purchased when Mr Atherton laid out College Hill into a city addition. When you see them you will say we did not take to select the choice property.

If you are thinking of buying and building, a few minutes' walk will take you to this property. No need to inquire of owner as to location. It is just across the street from the west of the lengthwise plank walk where you come to College Hill, in the corner of the first two residence streets. Turn squarely to the right on the plank mill and you cannot miss it. A good suburban lot with a direct view of the city. It is a fine lot of property in city corporation limits.
