ABOUT THE CAPITOL

Correspondent Writes of the First Day's Doings in Salem.

Outlook for a Harmonious and Profitable Session of the State's Solons--The Officers.

SALEM, Ore., Jan. 12. Salem is the scene of unusual activity today. Hotel lobbies, state house corridors and street corners are crowded with politicians, candidates and wire-pullers.

The program usually followed by previous opening sessions, is being carried out in both branches; the officers of the various houses calling to order just before noon, the election of temporary officers and then a recess, during which the first fight of the term takes place, i. e., the squabble for the higher offices in the caucus.

The caucus, by the way, were splintered affairs, and every movement was watched with intense interest by the parties of the opposing candidates. While the result was fatal to the hopes of many aspirants for petty positions, and to the aspirations of friends of the defeated, still no hard feelings or jealousies have arisen and the force will combine on things pertaining to the best interests of the state.

L T Harris is tonight receiving the congratulations of his friends, and if present indications are fulfilled, he will make the best presiding officer the house has had for some time.

Eastern Oregon is this year not asking for much at the hands of the legislature. Probably she will ask for one new county, will petition for the location of two county seats and may go so far as to request aid to the extent of \$150,000 on the Portage railway at The Dalles-Celilo rapids.

The list of officers elected by the two houses follows:

IN THE SENATE. President—G W Brownell. Chief Clerk—S L Moorhead. Journal Clerk—D H Jackson. Reading Clerk—Frank Motler. Calendar Clerk—F C Middleton. Sgt-at-arms—T C Gowen. Mailing Clerk—Wm Smith. Doorkeeper—J L Calbreath.

IN THE HOUSE. Speaker—L T Harris. Chief Clerk—A C Jennings. Journal Clerk—Fred Drager. Reading Clerk—C A Murphy. Calendar Clerk—F A Northrop. Sgt-at-arms—W R Bishop. Mailing Clerk—T W Wain. Doorkeeper—A M Pierce.

The senatorial situation has not as yet come to a focus. In fact the senatorial fight entered largely into the selection of officers of the house and senate.

Fulton, McBride, Geer, Hermann, Bourne, Moody and a host of other

otherwise, have wire-pullers at work, yet there is no probability that more than three will openly enter the race at first.

The first article to be presented for adoption in the house was a resolution relative to the death of Congressman Tongue, and upon its adoption the house adjourned until tomorrow at 1:30 o'clock out of respect to the deceased statesman.

U. O. Notes.

The season for track athletics is growing near, and Manager Earl, of the 'Varsity team, is very busy making preparations for the year's work. No trainer has yet been signed, although correspondence is being carried on with several men, both in the east and on the coast.

W O Trine, who has so successfully handled the University of Oregon team for several seasons past, can not be secured this year.

The schedule of meets has not yet been made out. It is probable, however, that the team will make a trip through Eastern Washington and Idaho, contesting with the teams of Whitman College, Washington Agricultural College and University of Idaho. This trip, if settled upon, will be made some time during May. The university boys will also meet Multnomah again this year, in the last of the meets arranged by a contract three years ago. Manager Earl is also anxious to meet the teams of several of the valley colleges, such as the Oregon Agricultural College and Pacific University.

Captain Payne, of the 'Varsity track team, says that as far as good material is concerned the university has better prospects than for several years past.

The manager of the 1922 football team reports the deficit to be \$627, with \$98.83 in the treasury. A loan has been negotiated, and the amount placed under one head.

Estimates of Mr. Tongue.

Portland Telegram. Speaker L T Harris—Tongue's sudden death came as a shock to his wide circle of immediate personal friends. By untiring industry and native ability Mr Tongue acquired a prominent standing and great influence as a member of the National House of Representatives. His public career has been a credit to himself and an honor to the state.

Senator R A Booth—His energy, ability and worth were recognized by congress and he was an important factor in its decisions. Among Oregon's representatives he has never been excelled. The knowledge of his worth has widened with his years of service.

The deceased was a pioneer of this state, crossing the plains with her husband in 1853. Her oldest son, Oren, of Eastern Oregon, was born during the trip across the plains. Six sons and one daughter survive her. They are as follows: Oren, LaFayette, Steve, Henry and Lon Moore and Mrs Ed Pooler, of Portland.

INVITED TO VISIT EUGENE

Mayor Chrisman Sends President Roosevelt an Official Invitation.

We reproduce the text of an invitation sent yesterday afternoon to President Roosevelt by Mayor G R Chrisman. It is one of the first invitations sent from Oregon and will very likely receive prompt attention at the White House. Following is the telegram: PRESIDENT THEODORE ROOSEVELT, WASHINGTON, D. C.

On behalf of the city of Eugene I cordially invite you to visit our city, while on your tour of the coast this spring.

G. R. CHRISMAN, Mayor.

High School Notes.

At a meeting of the track team this afternoon Prof Sueden resigned from the position of manager for 1923. Mr Sueden stated that owing to the pressure of his school work and other duties he would be unable to attend to the needs of the team in a proper manner.

The E H S football team of 1922 had a group photograph taken this afternoon. The team numbers some of the best football stars that the school has had.

The Beta Kappa fraternity of the High School today purchased a new 'trowbridge piano for use in their frat house. The instrument, which cost \$350, is of the latest model and a fine piano. The frat numbers some very musical members, and the instrument will add much to the pleasures of the frat and their friends.

The Beta Kappa is the most enterprising of the High School organizations. Since its organization, two years ago, it has built and furnished a very comfortable house for its members, and is at present in a flourishing financial condition.

Sandy Bottom Tonight.

Hampton & Hopkins' beautiful production of "Sandy Bottom," which comes to the Parker tonight, is one of these plays which will live for years, because there is nothing vulgar, crude or coarse in its construction, not filled with melodramatic claptrap. It is simply a wholesome, heartsome play—a story from life in which the characters are natural and human, which, when coupled with faultless presentation by so capable a company of players, makes it a play that every one should see.

For Sale.

Two fresh milk cows; one full-blooded Durham bull, a year old next March; 10 yearling steers; a full-blooded Poland China boar, 18 months old, weight 350 pounds; 8 sows, Berkshire and Poland China mixed, about a year old. Price low. Enquire of or address Robt Newmister, Eugene.

SERIOUS CHARGE AGAINST ALBANY

Football Men Entered to Play Football and Not to Study Books.

Yesterday's Oregonian makes public what has been acknowledged on the side for quite a while—that is, Albany College, this season, used unorthodox methods to obtain crack players for her college football team. Four of the best players have not returned to school since the football season closed. The Oregonian says:

This is a bad state of affairs, and we hope that Albany will be able to clear herself of the charge of importing. However, these players have disqualified themselves for future playing, as the rules of athletic federation say that every player must attend school at least half of the college year. The semester ends the first of February.

Albany papers have no defense of their team as yet. Oregon is absolutely clean in this respect, as every player entered school to study and not primarily to play football.
