

If you'll study the committee assignments of Speaker Harris and President Brownell in House and Senate, you may be able to understand the combinations that were effected by each one of them in winning their fights—Sales Journal.

That's right! The man who does not reward his friends, the men who stand by him, in preference to those who fought him, lacks true manhood.

**BARBAROUS.**

"Just imagine, Clara, this morning I saw my husband take a piece of paper out of his pocketbook and put it in a drawer in his writing desk. Hardly had he gone to the office when I opened the drawer, took out the paper and read, 'Dear Willy—I bet you a new Paris hat that your curiosity won't allow you to leave this paper without reading it.' Now, what shall I do? I must have the hat, but how can I ask for it without betraying myself? He is a barbarian!"

**DAKOTA DIVORCE Muddle.**

A lot of people back east for an embarrassing position, through the supreme the United States holding granted non-residents Dakota are not legal. As of such divorces have been granted, with re-marriage in instances.

The case at issue came from Massachusetts, where the first wife sued the right to administer on the estate of the husband who had died after he obtained the South Dakota divorce and re-married. The Massachusetts court recognized the first wife as the true widow, and was sustained by the highest court in the land. The court took the view that the decree of divorce was fraudulently obtained, in that the plaintiff's alleged residence for six months in South Dakota was not legal domicile but for divorce purposes only.

This mixture, vitally affecting thousands of homes and innocent children, makes the need of a national marriage and divorce law apparent.

It does seem out of the natural order of things for Cuba to send a Minister to Spain. Columbus discovered Cuba October 28, 1492. His son, Diego Columbus, planted the first colony on the island in 1511. And for nearly four hundred years Spain drew great treasures from the rich island. Therein was her undoing. Spanish greed never gave one thought to the material welfare of her world-wide colonies—the only thought was to bleed them of every drop of financial lifeblood. One after another revolted till now she is stripped of all colonial possessions.

The Portland Telegram commenting on the announcement that there have been over eighty deaths from bubonic plague in San Francisco, says Portland's "Chinatown should be cleaned up often and more thoroughly." The only way to clean it "thoroughly" is to burn it. It stinks to heaven. And there is not enough carbolic acid in the universe to materially deaden its stinks.

Idaho's university students must be crack debaters or the Washington Pullman farmer boys mighty ones. The former have just won.
