NOT A RELIEF BUT A CURE

Yerington, Nev, Oct 20, 1902.
Dr C A Parin,
Helena, Mont.
Dear Sir—
I have nearly finished the former bottle and am practically well. My case was one most physicians would have pronounced incurable. My appetite is good, have gained 10 pounds in weight and feel like a new lease of life was given me. One of the bottles I send for this time is for a friend and the other for myself as I do not intend to be without it.
Very truly yours,
T R Harris.

The SPORTING WORLD

The Designer of Shamrock III.

William Fife of Fairlie, Scotland, is the designer of Shamrock III., the new and third challenger for the America's cup built by Sir Thomas Lipton, and his previous experience in constructing racing craft should make him a dangerous man for American designers to oppose. Fife has the assistance of George Watson, designer of Shamrock I., and consequently the coming challenger will represent the highest type of a British racing machine.

Although many diversified reports concerning Lipton's new boat have been received on this side of the Atlantic, but little is definitely known as to the details of its underbody. Certain it is, however, that the vessel is fashioned on the same general lines as the Columbia, which Charlie Barr twice sailed to victory. Shamrock III. will be built of aluminium and steel, whereas our ninety footer is to be constructed of bronze.

WILLIAM ("WULL") FIFE.

Young Corbett's Temper.

Young Corbett seems to be very much nettled and his temper to have been stirred up by the refusal of two states to permit his championship battle with McGovern. When told that Jimmy Britt, the Californian, had included him in his offer to knock him out in ten rounds or forfeit $5,000, the champion made this reply: "Britt has been making all kinds of offers to me. Now, I'll make him one. I will agree to stop him in ten rounds for $10,000 side bet if he will make 128 pounds. I am featherweight champion. Britt is a lightweight. He is now matched to box Frank Erne at 135 pounds at 6 o'clock. I'm fighting men in my class. Britt would do well to do the same or keep quiet."

Slosson to Play Abroad.

When the world's championship billiard tournament begins in Paris in a few weeks, George Slosson will be one of America's representatives. "The Student" will shortly sail for France and upon his arrival will prepare for the tournament, which will be opened with the preliminary round on Dec. 15. The championship event, which has such experts as Vignaux, Cure, Fournie and Gibelin entered, will be eighteen inch balk line, two shots in, and it is expected that another championship will be played at eighteen inch balk line, with one shot in.

Wishard and the Drake Stable.

Enoch Wishard, the noted trainer of the John A. Drake stable, recently arrived at Lexington, Ky., to superintend the shipping of the Drake yearlings to Nashville, where they will winter. It is reported that Wishard will also make an offer for the crack colt Lem Reed, imp. Victory—Mertie Reed, which Owner Wesley Fields says can run a mile over the Kentucky association track in 1:40. This feat has been accomplished by no horse since Ducat's time. Fields wants $10,000 for Lem Reed.

Dan Patch's Long Stride.

Dan Patch is a tremendously long striding horse. Actual measurement at Memphis showed his stride at top speed to be 20 feet 9 inches. He is also very bold going, especially for a pacer. In addition he has a little lost motion behind, not being a pure "line" pacer, but having a slight outward swing in his stroke that, when all conditions are not favorable, must surely impede his progress, if but a trifle.

California Rowing Coach.

Henry Peterson, the veteran California oarsman, who held the world's championship in the eighties, has been signed as trainer for the University of California crews. The Californians have never made much of a showing in aquatics in the past, and the employment of Peterson is for the purpose of booming this branch of sport.

Mullen Refuses Big Offer.

George Mullen of the Detroit American league team has announced that he has refused to accept an offer of $4,000 a year which had been made him by President Robison of the St. Louis National league. He has signed a Detroit contract and says he will play in that city next season.

Two Sightly Building Lots for Sale.

The two corner lots on the left hand where the old street railway began to go up College Hill are offered for sale. They have a gentle slope to the street corner and towards the town, with an elevation of probably twenty feet above the level of the business part thereof. This elevation is reached by a barely appreciable rise extending over several blocks.

These lots were the first purchase when Mr Atherton laid out College Hill into a city addition. When you see them you will say we did not fail to select the choice property.

If you are thinking of buying and building, a few minutes' walk will take you to this property. No need to inquire of owner as to location. It lies just across the street from the end of the lengthwise plank walk when you come to College Hill, in the angle of the first two residence properties. Turn squarely to the right at the planing mill and you cannot miss it. A good substantial sidewalk direct to the lots. No city taxes. Street in front of property is city corporation line.
