Dr D A Paine and E O Tobey hold the highest score so far made at 'cocked hat" in the Commercial Club bowling alley. It is 43. Ten frames were bowled. With practice this record can be easily surpassed.

The monster crowd last night in the M E church gives one more evidence of the great value of printer's ink. The picture show was very well advertised and the management was rewarded with all tha that could be handled and then some.

W L Hayward, of Oakland, Cal, has been secured to coach the Albany College track team for the season of 1903. Manager Wire closed the deal yesterday. Hayward is a Berkley man and a good athlete. CAPTURED THE HOUSE-BREAKER

Wm. Allen Brought to Eugene From Cottage Grove on a Serious Charge.

Wm Allen was last night brought from Cottage Grove on the overland by Constable B K Lawson. Allen was arrested in Cottage Grove yesterday on a charge of larceny from a dwelling. The crime was committed from the residence of Thomas Cox Monday night. Allen is alleged to have taken $2.50 in cash and a pipe.

Allen was taken before a Justice in Cottage Grove yesterday and bound over to appear before the March term of circuit court. He now languishes in the county jail.

High School Notes.

The Assembly this morning enjoyed two exceptionally good musical numbers: A piano duett by Sadie Ford and Paul Stauffer and a violin solo by Miss McElroy.

Dr Bechdolt made a short address in which he urged the necessity of preserving the High School's good name in the community. In part he said: "There was a time when the State University was practically the only educational feature of Eugene. Now that time is past and while the University gets, and deserves, a great share of the public support, the High School is old enough and of sufficient importance to be entitled to its share. We are now old enough to sit at the table with the rest of the educational family and are certainly entitled to our share of pie and other good things, at least so long as we behave ourselves."

Invitations are out for the first dance of the High School Amusement Club. The affair will take place at the Armory on Jan. 30. The club is making elaborate preparations and the occasion promises to be most enjoyable.

Commercial Club Meeting.

The meeting of the Commercial Club last evening was marked by the attendance of a large number of the members. A short business session was held when the committee appointed to look after the proposition of the carriage factory asked for more time in which to operate. This was granted and the committee will report at a later date.

After the business session the members enjoyed the evening in the amusement departments of the club. The new bowling alley seemed to a general favorite.

Married at Death Bed.

Many Eugene people will remember Wm Bradley, who with Walter Collins and Mrs Hameyer, arrived here from the East about a year ago and went up to Gate Creek and Quartz Creek to look at some timber with a view of making a purchase, but did not do so. Mr Bradley died about two weeks ago at Milwaukee, Wis. On his death bed he and Mrs Hameyer were married and she inherited about $12,000,000 of his $35,000,000 fortune, so the story goes.

At the regular meeting of Eugene Aerie, Fraternal Order of Eagles, last night it was decided to give a ladies' social on Tuesday night, Feb 3. THE PICTURES WERE EXCELLENT

To be Repeated This Evening in the Methodist Church--Huge Crowd Attended.

The Steele and Freeland moving picture and illustrated lecture of last evening in the Methodist church was more than a success. The seating capacity of the large building was taxed to the utmost and many were turned away because there was no more room. Those who saw the entertainment remark upon the superior quality of the pictures and songs.

The entertainment will be given again tonight in the Methodist church. The management promises many variations in the program. They carry enough variety to meet just such emergencies. The prices are right and the public can do no better than to take the show in. Every indication points to a big crowd again tonight.

Peck's Bad Boy Coming.

Peck's Bad Boy is said to be one of the best musical farce comedy offerings of recent years. It is also credited with being presented by a company of exceptional excellence; the bright particular stars, of which are Miss Violet Hillson, and Comedian Mr Harry Willis, who are towers of strength in the fun making line. When they are on the stage gravity flies out the window and laughter comes in with the gale. The play is full of witty lines, humorous scenes and musical ludicrousy; there being not a word or situation that could offend the most fastidious auditor. The opinion in every city where presented, as well as in New York, is to the effect that it is one of the best musical farce comedies and strongest company before the public. It will be seen at the Parker on next Friday evening.

Board of Regents.

At the meeting of the board of University regents held in Portland yesterday, President Campbell's annual report was read. It was optimistic throughout, and showed growth in all departments of the school. The total enrollment at Eugene, including the school of music, which has 102 pupils, is 350. In the report of Judge Deady the expenditures for the past year were $61,334.27. The total income was $61 558.29, leaving a balance of $224.04.

Dean Richard Thornton, of the Law School of Portland, was given a two years' leave of absence.

President M G Munson, of the Y P S C E convention, came in from Roseburg yesterday afternoon, and called a meeting of the board of officers of the convention to arrange the program for the next convention, which is to be held in Roseburg this spring, and to attend to other details that might come before the officials. The meeting was held yesterday afternoon at the home of Miss Fannie McCallum, who is secretary. Following are the officers of the convention: M G Munson, president; Miss Constance Handsaker, treasurer, and Miss Fannie McCallum secretary.

THE PASSING OF AN OLD RESIDENCE

Last week Mrs E E Blighton tore down the old residence on the Day island northeast of the city which she and her family have been occupying for the past 12 or 13 years. The house was torn down to make room for a new residence which Mrs Blighton proposes to erect.

The structure just torn down was one of the old timers, having been erected in the early '60's by William Walker, grandfather of Alf and Wm R Walker. John Day, father of R M Day, bought the place in the early '70's and Mrs Blighton bought it perhaps a dozen years ago. The old house was a substantial one in its time but it had outlived its usefulness.

WEDDED AT HOME LAST EVENING

Miss Cora Gilbert and Dr. Carl L. Thompson United at Hymeneal Altar.

The home of Mr and Mrs G L Gilbert, at 125 West Eighth street, last evening was the scene of a happy wedding. Miss Cora Gilbert, the accomplished daughter of Mr and Mrs G L Gilbert, was united at the hymeneal altar with Dr Carl L Thompson, Hospital Steward of the Fort Canby barracks, Washington.

The ceremony was performed by the Rev Chas F Woodward, pastor of the First Presbyterian church, at 10 o'clock under a beautiful canopy of ivy intermingled with the rarest flowers.

The bride was dressed in rich silk trimmed with silk chiffon and point lace. Her natural grace was enhanced by the beautiful costume. The groom wore the usual black evening suit.

Mr and Mrs Albert Lemruh, cousins of the bride, residents of Omaha, Neb., were the only guests excepting immediate family and the minister.

The happy couple left this afternoon for Fort Canby, where they will reside in the future.

Not Violaters.

H G Van Dusen, state fish warden, stated to a GUARD man yesterday that two dams were being constructed, one on the Rogue river and the other on the Umpqua which were not yet finished. His visit to that part of the s... was merely to acquaint the builders with the demands of the law in regard to fish ladders being built wherever the water is obstructed. The companies doing the work signified their approval and the salmon will have climbing places when the dams are finished.

Special Notice.

Owing to numerous requests for a repetition of the concert-entertainment given in the M E church last night, arrangements have been made to repeat the same tonight, with some changes in the program. Thus, those who were turned away last evening will be able to enjoy the affair tonight. The building will be packed again this evening, as this is positively the last appearance of this grand moving picture illustrated concert-entertainment.

Uncle Tom's Cabin.

The survival of "Uncle Tom's Cabin" at the dawn of the 20th century is somthing to marvel over, but it is an assured fact. The elaborate renovification of the old play by Manager Washburn of the Stetson Company in a new pictorial dress with up to-date methods plentifully displayed throughout its half-a-dozen acts, judging from the box office receipts wherever this company plays, furnishes ample proof that "Uncle Tom's Cabin" is still potent.

Special scenery for every scene depicted enlarged choruses of genuine negroes from the cotton-belt, modern up-to date specialties, two male quartettes and a female quartette, a band of Alabama pickaninnies, a gorgeous cakewalk in a pretty setting entitled "The Palace of Silver Mat," improved light effects and mechanical illusions will be seen in the Stetson production of this famous play. The presenting company in some instances is a double one and contains the names of numerous footlight favorites. The street parade is said to be the longest, richest and best ever given by a theatrical company. The Stetson Company is booked at the Parker on Monday, Jan. 26.

Bought a Sawmill.

Roseburg Plaindealer: We are reliably informed that the Walker Brothers, two genial and enterprising business men of Walker, Lane county, have bought the sawmill and logging outfit of Henry Mooney, near Anlauf in Pass creek canyon and with their usual energy are already refitting and repairing the mill preparatory to putting it into active operation on a larger scale. They will no doubt turn out a first class lumber product as soon as they get their mill modernized and put to its full working capacity. The Walker Bros, have been conducting a mercantile establishment at Walker for many years, but have had considerable experience in enterprises similar to the one in which they are now engaged.
