BOXER DISTURBANCE

Destroyed Two Missionary Stations---No One Injured.

Food Sent to Snowed-In Trains--Murdered a Watchman of a Department Store.

(Scripps News Association.) Philadelphia, Feb. 21.--The night watchman of the big McCurdy department store was found murdered in the cellar of the building when employees opened the store this morning. He had been killed while on the first floor and his body thrown into the basement. The crime was brought about through the attempt to rob the store. The evidences of the struggle with the watchman show that two or more men were engaged at the work. The amount of the loss through the robbery has not yet been ascertained.

THE PORTE WILL FIGHT. (Scripps News Association.) Constantinople, Feb. 21.--Warlike preparations continue in the Turkish military service.

The Salonica district reserves are being mobilized as rapidly as they can be moved and supplies obtained.

FOOD FOR SNOWED-IN TRAINS. (Scripps News Association.)

St. Johns, Newfoundland, Feb. 21.--Twenty dog trains left here this morning with food and coal for the interior to succor snowed-in passengers.

Two trains with more than a hundred passengers aboard are snowed in very close together. They are reported as suffering for lack of both provisions and fuel.

The writ for a new election will be issued Monday to fill the vacancy. It is probable that Colonel Lynch will be re-elected.

Art Exhibit Closed.

The last opportunity was given the public this morning to see the fine art display at the Christian church which has been conducted by the three public schools of the city since Thursday afternoon.

The enterprise has been an unqualified success in every way, socially, artistically and financially. Those in charge of the affair express their gratitude to the patrons of the schools in making it the success which has crowned their efforts. Everyone is satisfied with the large amount cleared for the embellishment of the school rooms with pictures. These will be selected with great care from the catalogue of the picture firm owning the exhibit.

Last evening the church was crowded to the rear of the gallery and into the lecture room by an interested audience which listened to the program rendered by the exhibited schools.

High School Notes.

The High School today received a communication from the Baker City High School inquiring about a track meet to be arranged this spring between the two schools. Such a meet will probably be arranged to take place some time this spring.

DEATH OF AN OLD PIONEER LADY

Mrs. Matilda Cranfill Has Taken Her Last Journey--To Be Buried at Albany.

One more of the old pioneers who have built up this Western land from a wilderness to a highly civilized and thoroughly progressive country has taken her last journey.

Mrs. Matilda L. Cranfill died at the home of her daughter, Mrs. E. J. Crow, one and one-fourth miles south of Eugene, at one o'clock this morning from a general breaking down due to old age. She would have been 85 years old on the 12th of May next had she lived.

Mrs. Cranfill was born near Mammoth Cave, Warren county, Kentucky, May 12, 1818. She was among the earliest pioneers of Oregon, having come across the plains in 1843, settling at Oregon City. She afterwards moved to Peoria, Lincoln county, then to Lookout Pass, Douglas county, coming to Eugene in 1877, residing here ever since. Her husband, Isom Cranfill, died in Eugene in 1877.

The following children are left to mourn the death of the honored pioneer: F. L. Cranfill, Medford; R. M. Cranfill, Oakland; Mrs. Emma Croxton, Grants Pass; Mrs. E. J. Crow, Eugene; and Mrs. Carrie Crawford, Yreka, Wash.

The funeral will be held at the Crow residence Monday forenoon at 11 o'clock and the remains will be taken to Albany on the 1:42 o'clock train for interment.

READY TO COMMENCE BUILDING

Work to Begin on the New Theatre Early Next Week.

L. N. Roney, who has the contract for the erection of the new opera house, this morning informed the Guard that the contract would be signed at a meeting of the theater company this evening and that as everything would then be ready he would commence work on the foundation of the building on the lot just north of the armory block early next week.

It is expected that the structure will be finished early next fall, in time for the opening of the theater season.

As the ground on which the building is to be erected is quite low, there will be no excavation made. The lot will simply be leveled off.

Cottage Grove Items.

(From the Nugget and Leader.)

Mrs. S. E. Wallace and daughter, Edna, who have been visiting relatives and friends at Stockton, Calif., for the past six weeks, returned home Monday on the delayed overland train. They report a very pleasant visit but are glad to get back to Medford.

Mr. Miller has moved his new and second-hand stock of goods out of the Walker building across the river and now occupies the store building recently vacated by R. W. Newland. The new location is at a better building for this business.

G. G. Graham, of Butte, Montana, has accepted the superintendency of the LeRoy Mining Co., and is now on the ground in the discharge of his duties. James Sears, the former superintendent, came out this week, accompanied by his wife, and will remain out for some four months.

R. W. Newland last Saturday closed out the remainder of his stock of goods in this city, under the auctioneer's hammer wielded by Auctioneer W. T. Kayser. Mr. Newland has many friends here who regret to see him cut anchor elsewhere, but extend to him their best wishes for future success.

Robt. McAllister, of Crosswell, who has had impaired eyesight all his life and been almost totally blind for the past ten years underwent a delicate operation at the hands of Drs. Anderson and Hosmer this week. The operation consisted of making artificial windows or pupils in the eyes below. Mr. McAllister is at the Kayser home and is much pleased with his improved condition, although he is not allowed the use of his eyes to any extent as yet.

Geo. O. Walker met with a serious accident at the Walker Bros' saw mill at Anlauf last Monday. In working with a broad-axe, the instrument penetrated his foot just below the ankle bone, cutting the artery. He became very weak from loss of blood before Dr. Anderson arrived, but is now resting easily at his home at Walker station. Unless complications arise he will be around again in a few weeks.

FULTON GETS THE TOGA

Opposition Weakens and He Receives Support of Geer and Others.

Wild Scene in Capitol Building at Conclusion of Balloting--Receives Congratulations from Opponents and Friends.

Fulton men in Eugene are generally elated over the victory in the senatorial struggle. There is a general expression of contempt for the weakness of the opposition among those who did not care to see Fulton catch the falling toga. The Republicans were frightened by the Democrats into voting for Fulton at the last minute rather than have Governor Chamberlain appoint the senator.

Chas. W. Fulton has been an ardent Republican worker for the past twenty-five years, all that time a resident of Astoria, Clatsop county, Oregon. He is a lawyer and one of the shrewd Republicans who have been working and watching for office for years.

He has been a member of the county, district and state conventions almost constantly, of county central committee, of state central committee and of the Republican League conventions.

He was chairman of the state convention in 1882 and of the second district convention in 1886. In 1888 he was delegate to the national convention and in 1892 was a presidential elector. In 1890 he was elected to the state senate from his county and in 1893 was president of that body.

Since that time he has been a senator without intermission and has served in prominence with his party. Last summer he campaigned for Farnish, as well as remembered, and incidentally for himself. He received strong support for the nomination for governor of the state in 1894 and also for United States senator in 1895 and 1901.

HOW THEY VOTED.

Here is the way they voted on the last ballot:

For Scott--Balle, Burgeer, Cobb, Deneham, Gill, Hodson, Holman, Hore, Hudson, Hunt, Hutchison, Johnston of Grant, Makarkey, Mays, McGinn, Myers, Orton, Paulsen, R. ed, Smith of Multnomah, Wheeler--21.

Absent--Adams. Not voting--Fulton.

Mr. Deady Let Out.

Yesterday's Roseburg Review: Edward N. Deady, who was engaged to assist Special Inspector Green in investigating the land frauds, and was assigned to the Southern Oregon district, left Roseburg this morning for his home in Portland. Mr. Deady's departure is pursuant to a report from Washington, D. C., to the effect that his services had been ordered discontinued for the reason that his work was completed, although he has so far received no official notification of this from the secretary of the interior. Although Mr. Deady holds a commission for a permanent position from Secretary Hitchcock, he takes this "discontinuance of his services" as being equivalent to a peremptory dismissal. Mr. Deady takes the loss of his position in a good-natured, don't-care sort of a manner and will make no effort to regain it.

Boswell Speaks.

Hotel closed until May 1st. B. D. BOSWELL.

The greatest difficulty that manufacturers of art pottery have met with was to make their pottery useful as well as ornamental. If you would take a piece of common pottery and fill it with water and allow it to stand over night the water would be soaked through by morning. This, however, has been overcome by the better manufacturers of Best Art Pottery and is the kind Johnny offers at a special sale Monday. See his ad.
