EDWARD'S ILLNESS

The King's Physicians Alarmed at His Condition.

Bryan Arraigned Cleveland at a Club Banquet—The Butte Public School Strike.

(Scripps News Association.) Butte, Montana, April 21.—The pupils of the Butte public schools are demanding shorter hours in school work, threatening to strike in case their demands are not granted.

A committee from the schools waited upon the directors this morning and demanded that school be dismissed at three o'clock instead of at four as at present.

The Big Coal Mine Lockout.

(Scripps News Association.) Wilkesbarre, Pa., April 21.—President Mitchell of the United Mine Workers, with his staff, were up early this morning, investigating the causes of the lockout in the Philadelphia & Reading Railroad Company's coal mines, whereby thirty thousand miners are thrown out of employment.

President Mitchell refuses to discuss the matter for publication, but expresses himself as confident that there will be an amicable adjustment of the differences involved, and that the miners will go back at work in a few days.

The Balkan Trouble.

(Scripps News Association.) Salonica, April 21.—News has been received here of a fight between Turkish and Bulgarian troops at Radovitch, Macedonia.

Bryan Arraigns Cleveland.

(Scripps News Association.) Kansas City, April 21.—William J. Bryan was given a flattering reception by the Jackson county Democratic Club this morning, a banquet being a feature of the occasion.

In his address Mr. Bryan bitterly arraigned ex-President Cleveland. He said the Democratic party needed leaders with moral courage, more than ability, and that kind of moral courage that would lead them to make a square fight for honest Democratic principles.

Albany Not in It.

The Albany Democrat says: "Albany's new electric light system will surpass anything in the state outside of Portland."

Of course, Eugene is excepted. Albany will continue in the rear as usual. When Albany wakes up, fights its streets, have depot grounds so one can get off the train without danger of being killed, and other numerous necessary things, including population, it will rank a little nearer the Eugene class.

Herbert Campbell's Case.

At the faculty meeting yesterday afternoon the action of Professor Straub, expelling Herbert Campbell, a Senior in the University, from his Greek classes for a slight misdemeanor was sustained. Mr. Campbell will not be allowed to re-enter the Greek classes nor to take his major work in any other course.

The Athletic Field.

The work of grading the new athletic field at the University is progressing rapidly. Yesterday the west end of the track was banked and given the necessary slope. Today the work of filling the old track with the surplus dirt was begun. A narrow path, sufficient only for training purposes, will be left until the new track is ready for use.

Died.

The little son of Mr. and Mrs. Archie Smith, aged about one year, died this morning from scarlet fever at 245 West Fourth street. The funeral will be held tomorrow morning at 10 o'clock, with interment in T. O. O. F. cemetery.

SERVES ITS BOSSES WELL

The Oregonian of yesterday in speculating on the probability of the next Republican nominee for congress from this district mentions Gatch, Harris, Kelly, Yawter and Eddy. It says: "Harris would have taken the nomination at Eugene two days ago if it had come to him without solicitation on his part. And it would probably have gone his way but for his nomination of Brownell for chairman of the convention. Harris was obliged to nominate Brownell in order to discharge duties which he owed to the Clackamas stationer, who helped him to be speaker of the house, and in order to satisfy the Booth-Kuykendall combination. This combination, however, it is reported, has secretly evinced of young Harris' rapid rise to popularity, for in him it sees a possible rival in Lane. Harris desired to be elected state senator, but his made way for Kuykendall, and was put on the ticket last spring for representative, on the understanding that he should be elected speaker. The Booth-Kuykendall people carried out their agreement, but had a hard time delimiting the goods. But Harris has now discharged all his obligations, and is free to do as he chooses. He is no longer bound to the leaders of his county. The Booth-Kelly-Lumber Company gives him no strings on him, and therefore has no strings on him. Harris' nomination of Brownell was very unpopular at the Eugene convention, and he knows it."

The four-cornered baseball league of the valley was completed Saturday evening by Salem applying for the fourth place, and the league will consist of Salem, Albany, Eugene and Roseburg, on a line, easily reached for games. Yesterday each club was put up a forfeit of \$250 agreeing to complete the season according to schedule. Each club will play twenty games during the season, beginning probably on May 1. The league is amateur, no pay being allowed any player, and the games will be played full of local pride, to win.

THE CARNIVAL WILL BE HELD

Fourth Regiment Band Accepts Leavitt's Offer.

Will Conduct Street Fair and Carnival the Week of June 29th to July 4th Inclusive.

The meeting called last evening through the columns of the Guard for the purpose of listening to H. L. Leavitt, manager of the Southern Carnival Company, assembled in due time in the band parlor in the armory and proceeded to business.

W. S. Wallis called order and when the crowd was placed there was found to be present all the band members with about sixty of the leading citizens of the city.

HARMONIOUS SESSION.

Everyone listened with interest to the gentleman who presented some gilt-edge recommendations and endorsements from every city where his company have played for the last few years. He explained that some organization should take the matter in charge. The only responsibility would be the raising of \$500 for the preliminary expenses of the affair. The organization conducting the event would receive 25 per cent. of the gross receipts.

This proposition met with the hearty endorsement of every one present, before the band members would consent to take hold of it. The carnival was an assured fact from the word go. The band members then voted to shoulder the project and that ensures its success. The probability of the band will be a big thing in favor of the carnival. It will mean much to the organizers. Indeed, the boys are to be congratulated upon their business sense in looking out to one of the best offers ever made.

A KICKER.

In the entire audience there was but one dissenter and he was too wise to be open and above board with his opposition at the meeting. However, it crept out this morning, and "Impressions" in the Register doubts the advisability of attempting to hold a street fair, and opens up its inexhaustible cold-draught tank and tries to quench the proposition from the start.

However, everyone understands why the Register cannot support any undertaking which the Fourth Regiment Band fathers, and the opposition will not hurt the carnival in the least. It will be a grand success. Eugene will have a grand Fourth of July celebration and the people will be satisfied.

HOW THE COMMITTEE FEELS.

There was such general satisfaction over the results of the last street carnival that the same committee having it in charge offered to take hold of this offer in case the band did not. They withdrew from the contest because the band deserves the opportunity of replenishing its treasury. The result will mean out of debt for the band boys, and that has been a goal towards which they have been striving for the past year.

A GREAT TIME.

The contract has been signed and the band will father the June Carnival. The Register's bugaboo will be a success.
