A GRAND OVATION IN SALEM

President Roosevelt Met With Rousing Enthusiasm Today.

Made Two Speeches full of Vigor, Thought and Wisdom - Magnificent Reception Tendered by Oregon.

(Guard Special Service.)

Salem, Or., May 21.—The presidential party arrived in this city from the south exactly on time and remained in Salem three hours and one minute. The whole time was one continuous ovation for the chief magistrate of this country. He was kept busy acknowledging the cheers of the crowd of ten thousand people which swarmed the passage-way of the pagant.

Every part of the program was carried out to perfection. The president made a happy address to 5000 school children in Marion Square and was greatly pleased with the reception by the children.

From the square the party wended its way to the capitol where for an hour the president addressed the immense crowd. Governor Geo. Chamberlain, Geo. C. Brownell and Mayor Bishop were the recipients of personal compliments. He paid a high tribute to the G. A. R., the national guard, the Second Oregon, and especially to the good, plain people of the west, of whom he was proud to be one.

Mrs. Hallie Hinges sang beautifully for the occasion. Secretary Moody made a short address after the president had spoken.

The party boarded the palace train and was off for Portland at one minute after twelve.

PRESIDENT AT PORTLAND

Arrived Early this Afternoon and Was Greeted by Thousands - An Exclusive Banquet.

(Scripps News Association.)

Portland, May 21.—The special train which brought President Roosevelt and his attendant party to Portland, pulled into the depot over the Southern Pacific line at 2:15 o'clock this afternoon.

The President was greeted with a great ovation by the five thousand people who were gathered there to witness his incoming. The streets about the depot were thronged and jammed with the waiting mass of humanity.

Sixty covers will be laid at the exclusive banquet tonight at the Portland Hotel in honor of the President.

The President gives no indication of fatigue or worry from his long trip. He leaves early tomorrow morning for Puget Sound.

Albany Woman Shooting.

(Scripps News Association.)

Albany, May 21.—Otha Hall, who was shot by Mrs. Maxwell last night of Albany was but slightly injured. The flesh outside the stomach was cut by the bullet, making a painful wound. He is in bed today, the wound being considerably swollen.

Mrs. Maxwell, who did the shooting, has been placed under bond of two hundred dollars to appear for examination tomorrow morning. Public sentiment is entirely in Mrs. Maxwell's favor.

(Hall had recently eloped with Mrs. Maxwell's daughter, marrying her away at Vancouver, Wash. They had just returned to Albany, when the mother sent them down a revolver and took the nurse, being almost certain the nurse had a knife on his person's person, then a knife on his person, the mother probably saving

him from a fatal wound. After that shot Hall started to run, when the maddened woman fired the other five chambers of the revolver at the fleeing man, but without effect except to accelerate his speed.—Ed. Guard.)

THE PEOPLE WERE AT THE DEPOT

But the President's Train Didn't Stop—No Arrangements Made.

President Roosevelt's train of six cars, drawn by engine No. 2189, in charge of Engineer Morris, passed through Eugene on schedule time this morning—6:15 o'clock.

Although no arrangements had been made for the train to stop at Eugene, a large crowd of townspeople and not a few from the country gathered at the depot at that hour with the hope that the train might stop and that the president might show himself on the platform if only for a minute or two. But the crowd was doomed to disappointment, for the train sped through, only slowing up as it passed the depot.

Besides the trainmen the only person visible was a black and shining-faced negro porter, who as the train went by, accepted the honors of the occasion with a broad grin.

It has been suggested that if the proper efforts had been made the president might have been introduced to have the train stopped for a minute or two.

GOV. LORD RE-TURNS TO SALEM

Minister to Argentine Enjoying a Vacation in His Old Home.

Salem, May 21.—Ex-Governor Wm. P. Lord, who served the state of Oregon as its chief executive for four years, and who is now minister to Argentine Republic, has returned for a short furlough at Salem. He will be here the greater part of the summer and expects his family to arrive from California soon.

Gov. Lord is looking rather slight, having had a siege of illness recently, and also as a result of the warmer and damp climate of that country. The ex-governor was heartily welcomed by many old friends, and is enjoying one of the most pleasant recreations known to humanity, that of renewing old acquaintances. He hopes to regain his former rugged health by a season in his favorite Oregon, where he can indulge in its fruits and flowers and other good things. After attending the presidential party to Portland, he will return to Salem, and will make his home for the time being at Hotel Willamette.

ROOSEVELT IGNORED HERMANN

No Mention Made of Oregon Politics in Salem.

Reames Rode in Procession Near Hermann and Was Introduced to the Chief Executive of the Nation.

(Guard Special Service.)

Salem, Or., May 21.—PRESIDENT ROOSEVELT ABSOLUTELY IGNORED BINGER HERMANN IN ALL UTTERANCES. HE MADE NO REFERENCE TO THE OREGON CAMPAIGN.

A. E. Reames rode in a carriage in the procession, his carriage following immediately behind that in which Mr. Hermann rode. Mr. Reames riding with Mr. Crooch of the President's personal escort that is passing through the country with him.

Mr. Hermann was presented to the President in Governor Chamberlain's office in the state house, along with forty other gentlemen, among whom was Mr. Reames.

In fact, the President omitted expressing any sentiment favorable to Mr. Hermann, IT BEING ESPECIALLY NOTICABLE THAT HE DID NOT GREET HIM WITH THE USUAL WARMTH that former acquaintances would exhibit.

It is stated that the invitation to ride from Salem to Portland was practically demanded by Senator Mitchell and some of the other politicians and that THERE WAS NO PERSONAL INDICATION IN HIS MANNER TOWARDS HERMANN BY THE PRESIDENT OF DESIRE FOR HIS SUCCESS is looked upon as demonstration of the President's unwillingness to go on record for the man whom he forced out from the Commissionship of the General Land Office.

HANGS ON THE TRAIL.

Binger Hermann has hung on his trail as he approached Oregon, has pleaded and begged for recognition, has called on the bigger men of the state to come to his rescue and elicit from the chief executive some expression that would set at rest the doubts of the people as to the attitude of the President.

The sum total of the incident has been to leave no doubt as to the President's frame of mind, and that frame of mind is disgust at the bad taste and "nerve" of Mr. Hermann. It was apparent from the atmosphere that surrounded the presidential party.
