THE WOMAN TOLD

And her Fiance Had
her Father Arrested
for Counterfeiting.

Fate Came in at Iron Mountain--
Kept Two Wives in Same
City But Finally
Caught.

(Scripps News Association.)
Seattle, June 13.—James MacCormack is under arrest and in jail here for being too much married. His is a peculiar case.
For several months MacCormack has been the possessor of and enjoyed the confidence of two wives, both residents of and having separate homes in Seattle. He alternated his residence between the homes of the women. Finally one became suspicious and had him watched, with the result that he was caught in his bigamous relations. The other woman will not desert him.

Sluggo Goes in Training.

(Scripps News Association.)
Alameda, Cal., June 13.—James J. Corbett went into training here today for his fight for the heavyweight prize championship of the world with Jeffries.

Killed by His Own Gun.

(Scripps News Association.)
Koswick, Cal., June 13.—Deputy Sheriff O'Neil accidentally fell today, his self-cocking pistol being in his hand at the time. In falling he involuntarily pulled the trigger and shot himself through the body. He died shortly afterwards.

Death in a Mine.

(Scripps News Association.)
Redding, June 13.—The face of a sub-stope in the Iron Mountain mine caved in this morning, catching three of the miners. They were crushed to death.

Arbitrator Wanted.

(Scripps News Association.)
San Francisco, June 13.—The carmen's union of the street railway employees and the representatives of the united railways in conference today were unable to agree both on the question of hours of labor and the compensation. It was decided that the third arbitrator should be called in, preferably a judge of a higher court.

After Stage Robbers.

(Scripps News Association.)
Redding, Cal., June 13.—Two large posess left here this morning in search of the parties suspected of holding up the stage near there the other day. It is believed important capture will be made.

The Woman Told.

(Scripps News Association.)
Houston, Texas, June 13.—A gang of counterfeiters have been located and arrested after ten years of operation and having passed thousands of dollars of spurious money.
A daughter of one of the counterfeiters in a burst of confidence told her prospective husband of the operations of the gang. There was a standing reward of two thousand dollars for their capture, and this proved too much for the loyalty of the man in whom the daughter had reposed confidence. He gave the secret to the United States secret service men and they gathered the offenders in. Three were arrested. As the silver coin was of the same value of the government mintage, was fairly executed, circulating with hardly a question, the officers are not a little elated over the capture of the people who had caused them so much trouble.

Monmouth Normal Regents.

Salem, Or., June 12.—Governor Chamberlain has appointed Judge C. E. Wolverson of Albany, J. B. V. Botler of Monmouth, and S. R. Eakin of Eugene, to succeed themselves as members of the board of regents of Monmouth Normal School.

REPORTS FROM THE BASEBALL GAMES

Two Games This Afternoon—Albany Makes Excuses For Defeat in Advance.

Two rattling good games of baseball were reported to the Guard this afternoon and the scores by innings were posted on the bulletin board before an interested crowd. Albany is crying on account of the good players sent to play them and the Herald put out a pitiful yell this morning about "Californians" coming to mop the earth with the "Homespun." While the Herald is about it, the paper might give some truth to its readers. Also tell why it says that the home team will be stronger next week, etc. Albany money has been hunting in Portland.

Scores at the end of the ninth innings are as follows:
At Roseburg, Roseburg 14; Salem 11.
At Albany, Albany 2; Eugene 5.
The final scores can be seen on the three bulletin boards conducted by the Guard, at Roberts' Bros' cigar store, the Postal telegraph office and the Guard office.

MISS TIBBETTS CRITIC TEACHER

Another Appointment of Eugene Student to Southern Oregon Normal Faculty.

Another appointment of a Eugene student to the faculty of the Southern Oregon State Normal school at Ashland was made at the meeting of the regents the other day. Miss Della Tibbetts, whose home is in Eugene, has been elected critic teacher in the Normal School.

Miss Tibbetts is a daughter of Mrs. J. W. White of this city. She has been attending the Normal School for the past year and was graduated from that institution with high honors during the present week. She will assume her duties at the opening of the fall session.
This is the third Eugene student who has been called to fill places on the faculty of the S. O. S. N. S. Chas. Redmond was the first, H. I. Watts second, and Miss Tibbetts the last.

Mohawk Logs for Corvallis.

A Corvallis dispatch of June 12 says: A large drive of logs is due to arrive at Corvallis about the 15th of July. They are the property of the Corvallis Sawmill Company, and are now in the Mohawk river. Harold Strong, representing the company went to Blodgett a few days ago to arrange for a shipment of logs from that point daily. He will return today and proceed immediately to the point on the Mohawk from which the drive will start some time this week. He will spend a few days fishing and will be on the ground to see that no time is lost in getting the logs started. The drive consists of 3,000,000 feet of fir and 1,000,000 feet of hard wood, and several months will be required to convert into lumber.

Prisoner Secured.

W. H. Young, who is wanted in this city on a charge of obtaining money under false pretenses, has been apprehended by Chief Hunt's force of Portland, and will be brought back to Eugene tonight to answer for his crime before Judge Hamilton. Young's offense was in impersonating a life insurance agent and securing Fred Lamb's custom for the New York Life Insurance Company without authority. Mr. Lamb is out \$45 by the transaction. It has proved that Young is wanted at other places for similar crimes. Constable Smith is in Portland after him.

Juvenile Field Meet.

On the University oval Monday afternoon there will be held a great athletic contest between the track teams of the Beaver Athletic Club and the Tigers. The Beavers are from the south end of the city and the Tigers from the northern part. The boys are anticipating a close contest.

Man Cut in Two.

Aberdeen, Wash., June 13.—One of the most horrifying accidents ever occurred here yesterday, when Clyde B. Wynan, an employe at the West Side mill, was literally cut in twain by a big saw. The saw entered the body at the shoulder and made a clean cut through the entire length, leaving the two halves on the conveyor, a terrible sight to behold.
