## The Land Frauds

Notwithstanding the efforts of half a dozen Oregon subsidized papers to influence the people of Oregon and intimidate the officials before whom Senator Mitchell was to be tried, their efforts failed miserably. So obstinate were these so-called witnesses, the prosecuting attorney and even continued the action to the president of the United States. It is a matter of congratulation that many Oregon papers have resisted the personal onslaught against the president and the officials who were conducting the government's case. The one class desired that Senator Mitchell go free regardless of evidence and tried to influence public opinion to that extent, even going so far as to cast reflections upon the late Judge Bellinger, after his death. Such a course was reprehensible for if an honest, upright man ever sat on the judicial throne that man was the late respected Chas. B. Bellinger. The other class demanded that Senator Mitchell be fairly tried without prejudice or without stumbling blocks being thrown before the prosecution. The witnesses and a jury of 12 honest men have given their decision, but the evidence was so strong that John H. Mitchell was already convicted at the bar of public opinion.

Many trials will follow Mitchell's case, and it is to be hoped the guilty will be found guilty, and the innocent innocent. Oregon has notified the president that we can convict the high as well as the low, that we support the president in the right, and the press notices in the eastern papers are all an advertisement to the world that we can give justice to all alike.

Franco J. Heney, Mr. Burns and Mr. Newhauser deserve great credit for their faithful work and great service in the face of such fearful odds. Our sympathy goes out for the aged senator who with his 70 years and silvered hair is dishonored and found guilty of a crime against his government in the state where he has been the leader for 40 years. He is a man of unusual attainments, a natural leader, and a man who makes friends by the legion. As a senator he was accommodating and always ready to work for his constituency, and these facts made him a hard man to convict in Oregon.

While Senator Mitchell has been found guilty it is but just to say

that the supreme court may set aside the verdict, but not probable. John H. Mitchell's political star has set whether the verdict is a just one or not.

# SSS FOR THE BLOOD

"S. S. S. for the blood" has been a household saying. When the blood is out of order and used by thousands of people all over the country, because it is to all other blood purifiers. It is a purely vegetable remedy, and penetrates the circulation and forces out all poison and morbid matter also builds up the entire system by its fine tonic effect. During the months the natural avenues of bodily waste have become dull and weak and failed to perform their full duty, the blood has been sluggish and an extra amount of poisons and waste matters have accumulated in the system and been absorbed by it. With the coming of Spring and warm weather the blood is aroused and stirred into action and in its effort to throw off these acids and poisons breaks out in eruptions, boils, pimples, blotches, rashes and eruptions break out. S. S. S. is the best for this condition; it clears the blood of all impurities, makes strong and these skin troubles pass away. Rheumatism, Catarrhs and Ulcers, Scrofula, Contagious Blood Poison and all other diseases of the blood are cured by S. S. S. Book on the blood and its ailments, free of charge.
